Mastering Contemporary Preaching:

Mastering Contemporary Preaching Bill Hybels, 1990 **Mastering Contemporary Preaching** Bill Hybels, D. Stuart Briscoe, Haddon W. Robinson, 1990 This book authored by three preachers known for their ability to communicate in today's language focuses on the particular challenge of effective week in week out preaching **Show Me How to Preach Evangelistic Sermons** R. Larry Moyer, Author and evangelistic speaker R. Larry Moyer shows pastors and speakers how to communicate the good news In twenty seven helpful chapters he explains why expository evangelistic preaching is so important and offers guidance for compellingly delivering the message of the gospel **Hear the Word** Dr. James A. Prette, 2011-04-29 Communicating the eternal truth of the Gospel in the continually changing context and language of contemporary culture can be a challenging task In *HEAR the WORD* author Dr. James A. Prette explores authentic Christian preaching in the postmodern culture In this examination Prette discusses the three essential elements of persuasive communication: pathos, ethos, and logos and their parallels in Christian spiritual transformation: content, context, and conveyor He offers a theological reflection exploring and defining a biblical paradigm for spiritual formation through the exposition of the biblical logos that crosses cultural and generational boundaries He also delves into the cultural shift that has taken place in the ethos of western culture from a modernist worldview to a postmodern one and its impact on Christian life and ministry *HEAR the WORD* offers nine important themes that can guide spiritual leaders in listening to and proclaiming the authentic word of God in this new postmodern paradigm **Applying the Sermon** Daniel Overdorf, 2009-08-28 Finally a tool to help Pastors shape applications that so many congregations have long desired Even the most seasoned homiletics balk at sermon application Why? Because application requires preachers to toss a grenade like thus saith the Lord into people's lives and to do so repeatedly From the introduction Despite the concern many pastors feel when it comes to sermon application most homiletics texts devote little more than a chapter if that to this vital topic Daniel Overdorf has filled this glaring gap with *Applying the Sermon* This book equips preachers to develop sermon application that grows from the biblical text and addresses the needs of contemporary congregations Each chapter includes snippets of interviews with five of today's most respected homiletics Haddon Robinson, Will Willimon, Tom Long, Vic Pentz, and Bob Russell A great addition to any pastoral library and a valuable resource for Bible college and seminary courses Overdorf's *Applying the Sermon* also includes an extensive bibliography and a sermon application worksheet to give pastors a chance to acquire hands-on experience with these techniques **Topical Preaching in a Complex World** Sam Chan, Malcolm Gill, 2021-12-07 Be Equipped to Prepare and Deliver Engaging Biblical and Effective Topical Sermons Sooner or later every preacher will come upon a situation where they need to preach a topical sermon Yet few are taught to preach topically Even preachers who are gifted in expositing the Scriptures may struggle to deliver a topical sermon that is engaging, culturally relevant, and true to the biblical text Worse many pastors worry these messages undermine confidence in the Bible or its authority leading to a human

centered rather than a God focused sermon But that doesn't have to be the case In *Topical Preaching in a Complex World* Sam Chan and Malcolm Gill answer these objections and chart a path for how preachers can deliver faithful and effective topical messages First they address the biblical theological and cultural reasons pastors should add topical sermons to their preaching repertoire Then they introduce a straightforward four fold approach for preaching a topical message and answer important questions like these How do you approach a topic with the proper interpretative lens How can you speak to two or more audiences with the same sermon What should you consider theologically culturally and pastorally in your preparation How do you trace the topic back to Christ How can you better connect with your audience Best of all they help readers craft a message that says something people truly need and want to hear Filled with wit humor and wisdom from decades of preaching this book will equip preachers pastors ministry leaders and students to preach relevant biblical and engaging topical sermons Author Sam Chan says Just over a decade ago I was asked by an organization to speak at their end of year dinner They wanted me to address the topic of being a Christian single but I had no idea how to prepare and deliver a topical talk When the night arrived I preached an old three point expository sermon and merely changed the ending to include some application on singleness At best I got some polite comments afterwards At worst people's looks indicated that my biblical talk had little relevance for them They could not have been less fooled by my disingenuous workaround I went home vowing never to repeat that poor performance I felt like the unfaithful servant who had not adequately used what talents had been given to him As a result I have dedicated the last decade of my preaching ministry to overcoming and mastering the art of topical preaching This book is a product of that journey

Show Me How to Illustrate Evangelistic Sermons R. Larry Moyer, 2012-02-10 A one of a kind tool that teaches the art of making apt illustrations in evangelism

Stand-Up Preaching Jacob D. Myers, 2022-10-06 Few vocations share more in common with preaching than stand up comedy Each profession demands attention to the speaker's bodily and facial gestures tone and inflection timing and thoughtful engagement with contemporary contexts Furthermore both preaching and stand up arise out of creative tension with homiletic or comedic traditions respectively Every time the preacher steps into the pulpit or the comedian steps onto the stage they must measure their words and gestures against their audience's expectations and assumptions They participate in a kind of dance that is at once choreographed and open to improvisation It is these and similar commonalities between preaching and stand up comedy that this book engages Stand Up Preaching does not aim to help preachers tell better jokes The focus of this book is far more expansive Given the recent popularity of comedy specials preachers have greater access to a broad array of emerging comics who showcase fresh comedic styles and variations on comedic traditions Coupled with the perennial Def Comedy Jams on HBO preachers also have ready access to the work of classic comics who have exhibited great storytelling and stage presence This book will offer readers tools to discern what is homiletically significant in historical and contemporary stand up routines equipping them with fresh ways to riff off of their respective preaching traditions and

nuanced ways to engage issues of contemporary sociopolitical importance **Fundamentals of Preaching** John Killinger, 1985 Originally published in 1983 *Fundamentals of Preaching* is a comprehensive textbook on preaching guiding the novice from the first steps of conceiving the sermon through the actual construction and delivery In this new revised edition Killinger enhances the outstanding practical qualities of the text with much input from recent homiletical studies and the preaching of women **The Art and Craft of Biblical Preaching** Zondervan, 2009-05-26 A Comprehensive Resource for Today's Christian Communicators This extensive encyclopedia is the most complete and practical work ever published on the art and craft of biblical preaching Its 11 major sections contain nearly 200 articles comprehensively covering topics on preaching and methodology including Sermon structure and the big idea The art of introductions transitions and conclusions Methods for sermon prep from outlining to exercising Approaches to different types of preaching topical expository evangelistic and more Best practices for sermon delivery speaking with authority and using humor Leveraging effective illustrations and stories Understanding audience and much more Entries are characterized by intensely practical and vivid writing designed to help preachers deepen their understanding and sharpen their communication skills The contributors include a virtual Who's Who of preaching from a cross section of denominations and traditions such as Dallas Willard John Ortberg Rick Warren Warren Wiersbe Alice Mathews John Piper Andy Stanley and many others Haddon Robinson and Craig Brian Larson two of today's most respected voices in preaching provide editorial oversight Includes audio CD with preaching technique examples from the book **Anointed Expository Preaching** Stephen Olford, 2003-09 This book equips and encourages preachers of all kinds to respect their calling and minister God's inerrant Word *Preaching to a Postmodern World* Graham M. Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes churchgoers and students today are actually less likely to maintain a Christian worldview than in the past In fact the majority of society does not even believe in objective truth A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country To communicate God's Word effectively in the twenty-first century teachers need to know how to connect with and confront an audience of postmodern listeners In *Preaching to a Postmodern World* Johnston shows pastors seminary students professors lay teachers and church leaders can reach the present age without selling out to it The book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of God's truth The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance *Spirit Empowered Preaching* Mozart Dor PhD, 2020-11-24 Although there are several preaching books today there are only handfuls if any that address the centrality of the Holy Spirit in preaching A hindrance to preaching in the twenty-first century is over intellectualization of the Gospel After receiving a Doctor of Philosophy Degree in Preaching I thought I was now ready to prepare and preach an effective

sermon that will draw any audience to Christ I told myself I am ready I have attained and I can double the size of any given church with my vast knowledge on preaching Little did I know that my degrees from the best schools around the world were not sufficient to preach the whole counsel of God s Word I have come to realize that clever persuasions of men do not change lives The name of Jesus through the power of the Holy Ghost does The secret ingredient in preparing and preaching Spirit empowered messages is the power of the Holy Spirit Ministers of the Gospel must not depend upon natural means to produce supernatural results but must use supernatural means to produce supernatural results Paul said to the Thessalonians Our gospel did not come to you in word only but also in power and in the Holy Spirit and in much assurance 1 Thess 1 5 The church is in desperate need of revival Sinners are urgently in need of the Savior and only the Spirit of God can convict sinners of their sins and bring revival to the nations Consequently the goal of this book is not to produce another great preaching book but to help students and ministers prepare and present effective Holy Spirit empowered sermons to their audience The book seeks to instruct readers on the importance of the Holy Spirit in preaching the Word of God while laying the foundational building blocks of effective preaching This book is for both beginning ministers who are just starting ministry and for veteran ministers who would like to brush up on their preaching and teaching skills in order to become better Spirit empowered ministers of the Gospel May God bless you and speak mightily through you with clarity urgency fervency and power as you endeavor to preach Spirit empowered messages to a dying generation *Talking God* Albert R. Cutié,2016-04-01 What does it mean to preach to a 21st century congregation Today s church has a digital dilemma We live in an age where new media is inescapable yet many still perceive these new forms of communication as either an unmanageable challenge or at odds with the mission of the church Clergy and lay leaders alike can be at a loss as to what methodologies practices and adjustments are necessary to engage today s congregations How can we effectively meet the challenges of our present context In *Talking God* Fr Cuti whose wide following spans both traditional and new media starts where preaching the gospel has always started with a preacher and an audience and examines the challenges digital communications pose to all involved in the craft of preaching including the way contemporary audiences receive and listen to the message preached Is the 21st century church responding to this evolution by seeking to understand the present day listening context and the often overwhelming media culture in which it is called to preach Must preachers and teachers of the Word of God evolve in style and practice to continue being effective communicators of the gospel Has the world changing around us changed our methodology or even our message **Handbook of Contemporary Preaching** Dr. Michael Duduit,1993-03-01 Contributors included Calvin Miller Joel Gregory Stuart Briscoe James Cox Elizabeth Achtemeier Thomas Long James Earl Massey and many more *How to Be a World-Class Christian* Paul Borthwick,2009-12-01 *How To Be A World Class Christian* shows the reader how to expand in understanding Scripture increase in global praying and intensify crosscultural outreach beginning at home **31 Days to Becoming a Happy Wife** Arlene Pellicane,2014-02-01 You don t
