Impressionism and the Modern Landscape James H. Rubin, 2008-04-03 The examples convey not only these major themes but also the painters belief in the progress of civilization through science and industry The book thus expands the scope of Impressionist celebrations of modernity to include what might be called Impressionism's other landscape and proposes that in the Impressionists effort to forge a modern landscape art those signs of modernity defined their vision most clearly BOOK JACKET **Manet Paints Monet** Willibald Sauerlander, 2014-11-01 Manet Paints Monet focuses on an auspicious moment in the history of art In the summer of 1874 douard Manet 1832 1883 and Claude Monet 1840 1926 two outstanding painters of the nascent Impressionist movement spent their holidays together in Argenteuil on the Seine River Their growing friendship is expressed in their artwork culminating in Manet's marvelous portrait of Monet painting on a boat The boat was the ideal site for Monet to execute his new plein air paintings enabling him to depict nature water and the play of light Similarly Argenteuil was the perfect place for Manet the great painter of contemporary life to observe Parisian society at leisure His portrait brings all the elements together Manet's own eye for the effect of social conventions and boredom on vacationers and Monet's eye for nature but these qualities remain markedly distinct With this book esteemed art historian Willibald Sauerl nder describes how Manet in one instant created a defining image of an entire epoch capturing the artistic tendencies of the time in a masterpiece that is both graceful and profound Monet (World of Art) James H. Rubin, 2020-04-14 From a world authority on impressionism and nineteenth century French art comes this new addition to the World of Art series on the art and life of Claude Monet One of the most famous and admired painters of all time Claude Monet 1840 1926 was the architect of impressionism a revolution that gave birth to modern art His technique of painting outside at the seashore or in city streets was as radically new as his subject matter the landscapes and middle class pastimes of a newly industrialized Paris Working with unprecedented immediacy and authenticity Monet claimed that his work was both natural and true and therefore entirely novel In Monet James H Rubin one of the world's foremost specialists in nineteenth century French art traces Monet's development from his early work as a caricaturist to the late paintings of water lilies and his garden at Giverny Rubin explores the cultural currents that helped shape Monet's work including the utopian

thought that gave rise to his politics his interest in Japanese prints and gardening and his relationship with earlier French landscape painters and contemporaries such as E douard Manet and Pierre Auguste Renoir Featuring more than 150 color illustrations of his key works Rubin establishes Monet as the inspiration for generations of avant garde artists and a true patriarch of modern art

Van Gogh and the Seasons Sjraar van Heugten, 2018-03-06 A new look at the ways van Gogh represented the seasons and the natural world throughout his career The changing seasons captivated Vincent van Gogh 1853-90 who saw in their unending cycle the majesty of nature and the existence of a higher force Van Gogh and the Seasons is the first book to explore this central aspect of van Gogh's life and work Van Gogh often linked the seasons to rural life and labor as men and women worked the land throughout the year From his depictions of peasants and sowers to winter gardens riverbanks orchards and harvests he painted scenes that richly evoke the sensory pleasures and deprivations particular to each season This stunning book brings to life the locales that defined his tumultuous career from Arles where he experienced his most crucial period of creativity to Auvers sur Oise where he committed suicide It looks at van Gogh's interpretation of nature the religious implications of the seasons in his time and how his art was perceived against the backdrop of various symbolist factions antimaterialist debates and esoteric beliefs in fin de siècle Paris The book also features revealing extracts from the artist's correspondence and artworks from his own collection that provide essential context to the themes in his work Breathtakingly illustrated and featuring informative essays by Sjraar van Heugten Joan Greer and Ted Gott Van Gogh and the Seasons shines new light on the extraordinary creative vision of one of the world's most beloved artists

Painting with Monet Harmon Siegel, 2024-04-16 A major reassessment of the methods and meaning of impressionism At pivotal moments in his career Claude Monet would go out with a fellow artist plant his easel beside his friend's and paint the same scene Painting with Monet closely examines pairs of such works showing how attention to this practice raises tantalizing new questions about Monet's art and about impressionism as a movement Is impressionist painting an objective attempt to capture reality as it really is Or is it a subjective expression of the artist's unique way of perceiving things How can artists create a movement without conformity extinguishing individuality Harmon Siegel reveals how Monet explored problems like these in concrete practical ways while painting alongside his teachers Eugène Boudin and Johan Barthold Jongkind his friends Frédéric Bazille and Pierre Auguste Renoir and his hero E douard Manet At a time of major cultural upheavals these artists asked how we can know reality beyond our personal perception Siegel provides new insights into the aesthetic philosophical and ethical stakes for these painters as they responded to a rapidly changing society Beautifully illustrated Painting with Monet sheds critical light on how Monet and his fellow impressionists painting side by side professed their capacity to know the world and affirmed their belief in what Siegel calls the reality of others
