Nazisme Et Communisme Deux Régimes Dans Le Siècle:

Nazisme et communisme Marc Ferro, 1999 Loin des comparaisons trop hâtives P Burrin P Bouretz Ja S Drabkin M Ferretti F Furet 1 Kershaw C Lefort M Lewin T Mason L Pomian B Vilatte N Werth parmi d'autres proposent une nouvelle lecture des régimes nazi et soviétique en soulignant la complexité des relations entre dictature et société L'ensemble est présenté par Marc Ferro co-directeur de la revue Annales EHESS et présentateur d'Histoire parallèle sur la Sept Arte L'Histoire en revue propose des recueils d'articles de revues françaises et étrangères autour d'une grande question d'histoire Choisis pour leur qualité de synthèse leur clarté et la force de leur démonstration des articles signés par les meilleurs auteurs permettent ainsi de faire le point des connaissances en restituant les grands débats qui font de l'histoire une science vivante et critique One Hundred Years of History of the French Communist Party Roger Martelli, Jean Vigreux, Serge Wolikow, 2022-09-14 The Communist Party appeared a hundred years ago on the French political and social scene According to opinions and moments it has been the party of Moscow of those shot of the working class of the union of the left the party of the foreigner or that of the nation It has been underground in government in town halls in factories or in the streets Some considered it too revolutionary others not enough More than others it aroused passions positive or negative It attracted many and repelled just as many After the fall of the USSR it decided to remain a communist party while many others gave it up But it no longer has the place it once had in reality as in the imagination This book does not intend to judge but to provide keys to understanding It is based on a considerable number of archives that are now available and is an ordered and distanced look at an object that is not lacking in complexity and no doubt even in mystery This book has been translated from French to English thanks to a financial help from the Gabriel Péri Foundation and the LIR3S UMR Cnrs 7366 of Dijon *Humanitarian Aid in Post-Soviet Countries* Laetitia Atlani-Duault, 2008-01-07 Published originally in French this revised and updated English edition presents an original and insightful approach to the problem of humanitarian aid in the Central Asian and Caucasus region **The Strange Death of Soviet Communism** Nikolas K. Gvosdev, 2017-07-05 The collapse of communism marked the close of an era of world history What took place in the Soviet Union between 1917 and 1991 in the eyes of its proponents constituted a great experiment in the application of new modes of organization to social life the largest such experiment in history The Strange Death of Soviet Communism which first appeared as a special issue of The National Interest brings together leading scholars of Soviet history who show why the experiment failed and how it has destroyed the laboratory of socialist utopias Francis Fukuyama considers the role of long term social and intellectual modernization while Vladimir Kontorovich examines the related factor of economic stagnation Myron Rush then analyzes the accidental and precedent breaking accession and leadership of Gorbachev Charles Fairbanks looks at the more general factors of change and rigidity within communist political culture Chapters by Peter Reddaway and Stephen Sestanovich conclude this section by assessing respectively the role of internal pressure from Soviet citizens and external pressure from the West The next chapters deal with why the West

was surprised by the communist collapse This involves a critique of Western Sovietology both for its scholarly failures and its ideological prejudices Here Peter Rutland and William Odom deal with social science interpretations of the Soviet Union while Robert Conquest and Richard Pipes reflect on historians readings of Soviet history Martin Malia then offers a comparative assessment of both In the third section Irving Kristol and Nathan Glazer discuss communism in relation to the intellectuals in the West Although the authors are united in their anti communist stance the volume is diverse in its perspectives and assessments of Soviet communism Taken together these contributions show that the debate on the legacy of communism and a subsequent rethinking of modern history is just beginnin

The Devil in History Vladimir Tismaneanu,2012-09-28 The Devil in History is a provocative analysis of the relationship between communism and fascism Reflecting the author's personal experiences within communist totalitarianism this is a book about political passions radicalism utopian ideals and their catastrophic consequences in the twentieth century's experiments in social engineering Vladimir Tismaneanu brilliantly compares communism and fascism as competing sometimes overlapping and occasionally strikingly similar systems of political totalitarianism He examines the inherent ideological appeal of these radical revolutionary political movements the visions of salvation and revolution they pursued the value and types of charisma of leaders within these political movements the place of violence within these systems and their legacies in contemporary politics The author discusses thinkers who have shaped contemporary understanding of totalitarian movements people such as Hannah Arendt Raymond Aron Isaiah Berlin Albert Camus François Furet Tony Judt Ian Kershaw Leszek Kolakowski Richard Pipes and Robert C Tucker As much a theoretical analysis of the practical philosophies of Marxism Leninism and Fascism as it is a political biography of particular figures this book deals with the incarnation of diabolically nihilistic principles of human subjugation and conditioning in the name of presumably pure and purifying goals

Ultimately the author claims that no ideological commitment no matter how absorbing should ever prevail over the sanctity of human life He comes to the conclusion that no party movement or leader holds the right to dictate to the followers to renounce their critical faculties and to embrace a pseudo miraculous a mystically self centered delusional vision of mandatory happiness **Le Livre Noir Du Communisme** Collectif,1999-10 **Stalinism for All Seasons** Vladimir Tismaneanu,2003-10-15 This history of the Romanian Communist Party RCP traces its origins as a tiny clandestine revolutionary organization in the 1920s to its years in national power from 1944 to 1989 and to the post 1989 metamorphoses **The Lesser Evil** Helmut Dubiel,Gabriel Motzkin,2004-04-22 In this book scholars debate the evils of Nazism and Communism and explore methods and purposes of comparing the two **Men of Influence** Sabine Dullin,2019-07-26 Sabine Dullin has researched the history of Soviet diplomacy from 1930 1939 through a variety of now accessible diplomatic political administrative and social archives She had added to this mix the memories and testimonies of diplomatic personnel In particular her book sheds light on the role of Maxime Litvinov **History Under Debate** Lawrence J Mc Crank,Carlos Barros,2013-05-13 Examine new trends in the writing of new history and what they mean to information science History has been devalued causing a lack of career prospects for historians a decrease in vocations to the history profession and historical discontinuity between generations History Under Debate International Reflection on the Discipline is a recap of the crucial Second International Historia a Debate conference held on July 17 1999 in Santiago de Compostela This book details the comparative critical perspectives on history historians their audiences and the coming trends that will inevitably impact information science The in depth examination provides innovative approaches to historians as they redefine their discipline in relation to the global society of the new millennium while presenting invaluable insights for librarians social scientists and political scientists History Under Debate International Reflection on the Discipline examines how the writing of history in the twenty first century is revitalized by international comparative historiography thanks to new technologies and the multinational integration processes in economy politics culture and academics The first section discusses the Historia a Debate HaD Forum and Movement detailing the need for change to restore history as a vital global subject in modern times The remainder of the book consists of reflective and comparative views on the study of history and historiography as well as history in and about Spain and its relation to the rest of the world The book explores new ways for moving the discipline beyond sources and source criticism alone to a different concept of the historical profession as a science with a human subject that discovers the past as people construct it Included in this book is the English translation of the HaD Manifesto a proposal designed to unify historians of the twenty first century and ensure a new dawn for history its writings and its teachings History Under Debate International Reflection on the Discipline includes vital discussions on Linguistic Turn Postmodernism and Deconstruction gender studies and social history objectivity and subjectivity in historical interpretation multiple views of history from differing times and places history as criticism literature and reconstruction

Fire and Blood Enzo Traverso,2017-03-28 Europe's second Thirty Years War an epoch of blood and ashes Fire and Blood looks at the European crisis of the two world wars as a single historical sequence the age of the European Civil War 1914 1945 Its overture was played out in the trenches of the Great War its coda on a ruined continent It opened with conventional declarations of war and finished with unconditional surrender Proclamations of national unity led to eventual devastation with entire countries torn to pieces During these three decades of deepening conflicts a classical interstate conflict morphed into a global civil war abandoning rules of engagement and fought by irreducible enemies rather than legitimate adversaries each seeking the annihilation of its opponents It was a time of both unchained passions and industrial rationalized massacre Utilizing multiple sources Enzo Traverso depicts the dialectic of this era of wars revolutions and genocides Rejecting commonplace notions of totalitarian evil he rediscovers the feelings and reinterprets the ideas of an age of intellectual and political commitment when Europe shaped world history with its own collapse

Le siècle des communismes Michel Dreyfus,2000 Quoi de plus stimulant qu'un essai qui tente de remettre en cause des préjugés Tel est le projet de cet ouvrage collectif de chercheurs français et internationaux battre en brèche le mythe de l'unicité du communisme Parce qu'il est pluriel le communisme y est défini sous le signe de la diversité Diversité des contextes historiques d'abord quoi de commun entre le Cuba prcastriste l'Europe de l'Est de 1945 ou la Russie de 1917 Des situations socio conomiques ensuite d'o la remise en cause du présupposé de la relation nécessaire entre la classe ouvrière et le communisme Des trajectoires

individuelles et collectives enfin d o la prise en compte des dissidents des diff rents th oriciens du marxisme mais aussi de groupes assez peu tudi s comme les brigadistes ou les communistes latino am ricains Pour autant les auteurs ne n glient pas la singularit du communisme l URSS et l Internationale communiste font l objet de nombreux chapitres qui pointent leurs similitudes avec cette autre grande institution de salut qu est l glise catholique Ainsi dans cet ouvrage qui combine les approches historiques sociologiques et conomiques on comprend mieux la formidable s duction exerc e par le communisme
