

New Zealand And The Korean War Combat Operations

Alan H. Smith

New Zealand And The Korean War Combat Operations:

New Zealand and the Korean War Ian McGibbon, 1996-09-01 Combat Operations of the Korean War Paul M. Edwards, 2015-01-28 This reference work provides information on all known military operations carried out under United Nations command as part of the Korean War from June 1950 through 22 July 1954 Following an introductory history of the Korean War and a precise chronology of all Korean War operations entries are arranged by operation name in five sections primarily ground operations primarily air operations primarily sea operations specialized operations and covert and clandestine operations For each operation information includes dates objectives units involved place within the greater strategy of the war and outcome **New Zealand and the Korean War: Combat operations** Ian C. McGibbon, 1992 This second volume of a comprehensive history of New Zealand's involvement in Korea between 1950 and 1957 tells the story of how a force of civilian volunteers created one of the best artillery regiments in the UN Forces It also provides the first detailed account of the naval operations undertaken by the two RNZN frigates that New Zealand contributed to the conflict

New Zealand's Vietnam War Ian McGibbon, 2014-06-18 This landmark publication provides a comprehensive and authoritative account of New Zealand's involvement in the Vietnam War and will remain the standard reference work on the subject for decades Its publication completes the programme of official war histories that began in 1945 Ian McGibbon's primary focus is what New Zealand did in South Vietnam He traces in detail the operations carried out by New Zealand forces and seeks to illuminate the experience of New Zealand soldiers fighting in a guerrilla war The command structure logistic support and operational context of fighting within a primarily Australian framework are all covered He addresses controversial aspects such as friendly fire incidents atrocity allegations and veterans grievances including over Agent Orange Maori participation in V Force was substantial and its impact is assessed Although the book is inevitably weighted towards the military the efforts of civilians in South Vietnam are also covered in depth The surgical team operated from 1963 until their evacuation from Qui Nhon just days before North Vietnamese columns entered the city Not forgotten are the efforts of courageous civilians like Sister Mary Laurence and of Red Cross volunteers to alleviate misery among refugees The book also describes the dramatic end of New Zealand's involvement in South Vietnam with the surgical team and the New Zealand Embassy evacuated by RNZAF Bristol Freighters just before the communist victory Finally McGibbon surveys the war's troubled aftermath culminating in the Prime Minister's apology to veterans in 2008 **The Korean War** Stanley Sandler, 2014-10-17 The Korean War has been termed The Forgotten War or the Unknown War It is a conflict which never assumed the mythic character of the American Civil War or World War II However this book asserts it would be impossible to understand the Cold War and indeed post 1945 global history without knowledge of the Korean War Providing a history of the Korean peninsula before the war and including a detailed analysis of the fighting itself The Korean War goes beyond the battlefield to deal with the war in the air ground attack and air evacuation The study also evaluates the contributions of the

UN naval forces the impact of the war on various homefronts and issues such as defectors opposition to the war racial segregation and integration POWs and the media Recently released Soviet documents are used to assess the role of China the Soviet Union North and South Korea and the allied forces in the conflict This fascinating work offers a unique analysis of the Korean War and will be invaluable to students of twentieth century history particularly those concerned with American and Pacific history

The Ashgate Research Companion to the Korean War Donald W. Boose, 2016-03-23 This essential companion provides a comprehensive study of the literature on the causes course and consequences of the Korean War 1950-1953 Aimed primarily at readers with a special interest in military history and contemporary conflict studies the authors summarize and analyze the key research issues in what for years was known as the Forgotten War The book comprises three main thematic parts each with chapters ranging across a variety of crucial topics covering the background conduct clashes and outcome of the Korean War The first part sets the historical stage with chapters focusing on the main participants The second part provides details on the tactics equipment and logistics of the belligerents Part III covers the course of the war with each chapter addressing a key stage of the fighting in chronological order The enormous increase in writings on the Korean War during the last thirty years following the release of key primary source documents has revived and energized the interest of scholars This essential reference work not only provides an overview of recent research but also assesses what impact this has had on understanding the war

Canada and the Korean War Andrew Burtch, Tim Cook, 2024-05-01 Korea was the first hot war of the Cold War It was also Canada's most significant military engagement of the twentieth century following the two world wars Canada and the Korean War gathers leading scholars to explore the key themes and battles of a seminal yet understudied conflict Canada had little stake and less interest in Korea before 1950 but the risk the conflict posed to the fragile postwar order was deemed too great for the country to stand on the sidelines Alongside their allies more than 30 000 Canadian service personnel fought a determined and skilled enemy The armistice that ended the war left Korea devastated and divided and it remains a dangerous hotspot today This timely collection synthesizes Canadian and international perspectives on a conflict that shaped not only the Canadian armed forces but also the evolving Canada Korea relationship In the process Canada and the Korean War sheds light on how the war has been framed and reframed in public memory

The US, the UN and the Korean War Robert Barnes, 2014-02-28 Military social and economic historians have long appreciated the significance of the conflict in Korea in shaping the post war world The policy of containment was formed China was established as an important military power and the US increased its military expenditure fourfold as a result of a conflict which killed over 33 000 Americans What has been less appreciated is the role played by the United Nations and the British Commonwealth in influencing US strategy at this time of crisis the Truman administration invested time and effort into gaining UN approval for the conflict in Korea and the course of the war was adapted to keep UN allies often holding crucial strategic positions in other Cold War theatres in tow Robert Barnes develops a fresh perspective on these fluctuating

relationships the tensions between Washington and its British Commonwealth allies and their impact on the direction of the conflict in order to challenge the common view that the United States was able to use its dominant position within the UN to pursue its Cold War ambitions with impunity This important new interpretation is supported by evidence from a wealth of sources from official government records to private papers and memoirs written by the most important American and Commonwealth personalities directly involved in shaping the UN's response to the conflict This study presents a thorough deconstruction of the decision making process behind US handling of the Korean War from the outbreak of conflict in 1950 to the Geneva Conference of 1954 This will be essential reading for students of International Relations Cold War Studies and modern History

Korean War Almanac Paul M. Edwards, 2006 Presents a comprehensive reference to American involvement in the Korean War including a chronology of major events biographical sketches related articles and a collection of maps

Dirty Little Secrets of the Vietnam War James F. Dunnigan, Albert A. Nofi, 2000-05-05 Details suppressed or long forgotten facts about the conflict in Vietnam including a look at the beginnings of the Navy's Top Gun combat school

The Dynamics of Coalition Naval Warfare Steven Paget, 2017-09-22 This book examines the dynamics of coalition naval operations Since the end of the Second World War few nations possess the capacity for large scale sustained and independent naval operations and even those that do such as the USA often find it economically militarily and politically expedient to act multilaterally As such coalition naval operations increasingly became the norm throughout the twentieth century and there is little sign of this abating in the twenty first Multinational operations provide a number of benefits but they also present a number of challenges Examining the dynamics of coalition operations involving the Royal Navy RN Royal Australian Navy RAN and the United States Navy USN during the Korean War Vietnam War and the Iraq War this book provides a broad overview of naval interoperability between the three navies Using the naval gunfire support NGS capability as a lens through which to analyse operations the study explores a diverse range of issues including command and control communications equipment standardisation intelligence logistics planning rules of engagement tactics techniques and procedures and training Approaching the subject through both historical and contemporary perspectives not only provides a unique assessment of the variation in the effectiveness of interoperability over time but also offers a platform for better understanding and enhancing the performance of future coalition naval operations Based on extensive archival research in Australia the UK and the US as well as wide ranging interviews this book sheds new light on the dynamics of conducting coalition operations This book will be of great interest to students of naval history strategic studies sea power maritime security military studies and IR in general

Australia in the Korean War 1950-53. Volume II. Combat Operations Robert John O'Neill, 1985

Invisible Scars Meghan Fitzpatrick, 2017-07-25 The Korean War 1950-53 was a ferocious and brutal conflict that produced over four million casualties in the span of three short years Despite this it remains relatively absent from most accounts of mental health and war trauma Invisible Scars provides the first extended exploration of

Commonwealth Division psychiatry during the Korean War and examines the psychiatric care systems in place for the thousands of soldiers who fought in that conflict Fitzpatrick demonstrates that although Commonwealth forces were generally successful in returning psychologically traumatized servicemen to duty and fostering good morale they failed to compensate or support in a meaningful way veterans returning to civilian life This book offers an intimate look into the history of psychological trauma In addition it engages with current disability pensions and compensation issues that remain hotly contested and reflects on the power of commemoration in the healing process **Inchon** S. P. MacKenzie, 2025-09-12

Inchon the battle that saved South Korea Operation Chromite the American led amphibious landing at the port of Inchon Incheon in September 1950 is arguably the most famous battle of the Korean War Often hailed as a masterpiece on the part of its creator General Douglas MacArthur its consequences were vast Seoul was liberated by the end of the month the invasion of South Korea by North Korea rapidly reversed and the stage set for an advance toward the Yalu River by United Nations and South Korean forces that would lead to Chinese intervention and a whole new war The Inchon Seoul campaign is also noteworthy for the way in which participating states and commanders developed different and sometimes irreconcilable accounts of what had transpired and conclusions as to its ultimate meaning This volume chronicles the origins and course of the battle itself and then examine its cultural afterlife first through press coverage then through published memoirs in official histories on the big screen and finally via sites of commemoration down to the present in the United States and the two Koreas The overarching aim of **Inchon** is to explore how complimentary or competing narratives at both the national and individual level developed over a timespan of more than seven decades **The Korean War** Michael Hickey, 2001-09-04

An authoritative account by the historian and Korean War vet offers a comprehensive picture of the war and riveting tales of heroics Gripping The Washington Post Book World Winner of the Westminster Medal for Military Literature On June 25 1950 the North Korean People's Army shocked American troops by crossing the 38th parallel into South Korea After five years of relative quiet following the close of World War II the US Army was unprepared to face a battle ready enemy After an initial defeat General MacArthur turned the tides along with significant contributions from UN allies Joining the Americans were troops from Britain Australia Canada New Zealand South Africa Turkey and elsewhere working together despite problems of culture and logistics In **The Korean War** Michael Hickey frames the conflict in the larger context of international power politics A veteran of the war himself he recounts such masterstrokes as MacArthur's landing behind the enemy lines at Inchon the drama of the glorious Glosters episode and both collaboration and mutiny in the prisoner of war camps of either side Drawing on many previously unexamined sources from several countries including recently declassified documents regimental archives diaries and interviews Hickey adds extensively to our knowledge of one of the most significant conflicts of modern times A fine opinionated contribution to Korean War literature Not to be missed Publishers Weekly **Do Unto Others** Alan H. Smith, 2011-06-30

Since 1899 the significant role Australian gunners have played in supporting the Australian

Military Forces campaigns has been well documented They have gallantly and whole heartedly supported Australian British New Zealand and Indian armies in both World Wars the Korean and Borneo Confrontation Wars and most recently the Vietnam War Do Unto Others is a comprehensive account of the history of counter bombardment including the development of Australian techniques equipment and procedures through the campaigns up until Vietnam with references to the techniques and actions of the British and American artillery included where appropriate to place the Australian experience in perspective It is also the story of the brave men behind the artillery and their outstanding efforts and results across these varied campaigns

Going Public Bronwyn Dalley, Jock Phillips, 2001 This is a collection of essays in the rapidly growing field of public history The essays are short think pieces by leading writers and scholars which explore the connections between specific aspects of public history and the broader field of New Zealand history in general and show some new and challenging ways of looking at the past The contributions cover new media academic vs public history the Waitangi Tribunal Treaty claims research official war history government history the origins of public history museums heritage freelance research and writing public history in popular culture and state funded reference histories

New Zealand and the Korean War Ian C. McGibbon, New Zealand. Department of Internal Affairs. Historical Branch, 1996

The Korean War Steven Hugh Lee, 2013-12-02 Tens of thousands of US soldiers and untold millions of Koreans died in this war the first major arena of the East West conflict This concise international history of the war offers a new approach to its understanding tracing its origins and dynamics to the interplay between modern Korean history and twentieth century world history The narrative also uniquely examines the social history of the conflict and includes material on the newly racially integrated US fighting forces war and disease women and war and life in the Prisoner of War camps While most surveys stop at 1953 with the signing of the armistice Steven Hugh Lee carries the story through to the Geneva Conference in the spring of 1954 the last major international effort before recent years to negotiate a permanent peace for the Korean peninsula

The Encyclopedia of the Korean War Spencer C. Tucker, Paul G. Pierpaoli Jr., 2010-04-09 A multidimensional multidisciplinary work on one of the least understood but most important conflicts in modern history A cornerstone work in ABC CLIO's distinguished list of reference works on military history The Encyclopedia of the Korean War A Political Social and Military History is a comprehensive resource on the confrontation that became the first shooting war of the Cold War the first limited conflict of the Atomic Age and the war that led to a dramatic escalation of the national security state while foreshadowing U S involvement in Vietnam Encyclopedia of the Korean War offers complete coverage of strategies weapon systems and clashes that marked the course of events on the battlefield But this authoritative multidisciplinary work expands beyond the military perspective to portray the overall culture of the era addressing a variety of political economic social and popular culture topics as well Incorporating a wealth of recent research the new edition adds more than 130 entries and updated coverage throughout plus more bibliographic listings an expanded historiographical essay and a documents volume
