Reading The Content Fields English:

Handbook of Reading Disability Research Anne McGill-Franzen, Richard Allington, 2010-09-17 Bringing together a wide range of research on reading disabilities this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective Emphasizing that learning to read proficiently is a long term developmental process involving many interventions of various kinds all keyed to individual developmental needs it addresses traditional questions What is the nature or causes of reading disabilities How are reading disabilities assessed How should reading disabilities be remediated To what extent is remediation possible but from multiple or alternative perspectives Taking incursions into the broader research literature represented by linguistic and anthropological paradigms as well as psychological and educational research the volume is on the front line in exploring the relation of reading disability to learning and language to poverty and prejudice and to instruction and schooling The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities Throughout their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers *Handbook of Instructional Practices for Literacy Teacher-educators* Joyce E. Many, 2001-01-01 This volume offers a unique glimpse into the teaching approaches and thinking of a wide range of well known literacy researchers and the lessons they have learned from their own teaching lives The contributors teach in a variety of universities programs and settings Each shares an approach he or she has used in a course and introduces the syllabus for this course through personal reflections that give the reader a sense of the theories prior experiences and influential authors that have shaped their own thoughts and approaches In addition to describing the nature of their students and the program in which the course is taught many authors also share key issues with which they have grappled over the years while teaching their course others discuss considerations that were relevant during the preparation of this particular syllabus or describe how it evolved in light of student input The book is organized by areas within literacy education reading English language arts literature emergent literacy content area literacy literacy assessment and instruction literacy and technology and inquiries into literacy theory and classroom practice It is accompanied by an interactive Web site <http://msit.gsu.edu/handbook> This online resource provides additional information about the authors courses including complete syllabi recommended readings grading rubrics and sample assignments Readers are invited to respond and contribute their own syllabi and teaching experiences to the discourse generated by the volume **Research in Education**, 1974
