The School of Montaigne in Early Modern Europe Warren Boutcher, 2017 The second volume of a major two volume study of the fortunes of Michel de Montaigne's *Essais* in both the early modern 1580-1725 and modern periods 1900-2000 Volume Two focuses on the reader-writers across Europe who used the *Essais* to make their own works *Renaissance Drama and the Politics of Publication* Zachary Lesser, 2004-11-18 A study of the practices and politics of early modern publishers of plays *The Oxford Handbook of Early Modern European History, 1350-1750* Hamish Scott, 2015-07-23 This Handbook re-examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350-1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on Orthodoxy Judaism and Islam

Gabriel Harvey and the History of Reading Anthony Grafton, Nicholas Popper, William H. Sherman, 2024-01-08 Few articles in the humanities have had the impact of Lisa Jardine and Anthony Grafton's seminal *Studied for Action* 1990 a study of the reading practices of Elizabethan polymath and prolific annotator Gabriel Harvey Their excavation of the setting methods and ambitions of Harvey's encounters with his books ignited the History of Reading an interdisciplinary field which quickly became one of the most exciting corners of the scholarly cosmos A generation inspired by the model of Harvey fanned out across the world's libraries and archives seeking to reveal the many creative unexpected and curious ways that individuals throughout history responded to texts and how these interpretations in turn illuminate past worlds Three decades on Harvey's example and Jardine's work remain central to cutting edge scholarship in the History of Reading By uniting *Studied for Action* with published and unpublished studies on Harvey by Jardine Grafton and the scholars they have influenced this collection provides a unique lens on the place of marginalia in textual intellectual and cultural history The chapters capture subsequent work on Harvey and map the fields opened by Jardine and Grafton's original article collectively offering a posthumous tribute to Lisa Jardine and an authoritative overview of the History of Reading

Rethinking Modern Political Theory John Dunn, 1985-06-06 This volume of essays discusses the weaknesses in modern political theory and suggests how they might begin to be remedied

Publishing and Cultural Politics in Revolutionary Paris, 1789-1810 Carla Hesse, 2024-03-29 In 1789 French

revolutionaries initiated a cultural experiment that radically transformed the three basic elements of French literary civilization authorship printing and publishing In a panoramic analysis Carla Hesse tells how the Revolution shook the Parisian printing and publishing world from top to bottom liberating the trade from absolutist institutions and inaugurating a free market exchange of ideas Historians and literary critics have traditionally viewed the French Revolution as a catastrophe for French literary culture Combing through extensive archival sources Hesse finds instead that revolutionaries intentionally dismantled the elite literary civilization of the Old Regime to create unprecedented access to the printed word Exploring the uncharted terrains of popular fiction authors rights and literary life under the Terror Hesse offers a new perspective on the relationship between democratic revolutions and modern cultural life This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 *Press, Politics and the Public Sphere in Europe and North America, 1760-1820* Hannah Barker, Simon Burrows, 2002-06-27 This book is a study of the relationship between newspapers and public opinion *A Cultural History of the Senses in the Renaissance* Herman Roodenburg, 2014-10-23 We know the Renaissance as a key period in the history of Europe It saw the development of court and urban cultures witnessed the first global voyages of discovery and gave rise to the Reformation and Counter Reformation It also started with the invention of oil painting linear perspective and moveable type all visual technologies Does that mean as has been suggested that the Renaissance stands for the ascendancy of the eye If so then what happened to the sensory extremes which the famous Dutch historian Johan Huizinga still perceived in the 15th century Did they simply disappear Or is there another history to be told a history of a surprising continuity not only of the sense of hearing but also of the lower senses those of taste smell and touch And was the Renaissance not first and foremost a time of deep sensory anxiety This volume assembling nine outstanding specialists seeks to answer these questions while offering a lively and sensational portrait of the period *A Cultural History of the Senses in the Renaissance* presents essays on the following topics the social life of the senses urban sensations the senses in the marketplace the senses in religion the senses in philosophy and science medicine and the senses the senses in literature art and the senses and sensory media *Books and Reading* Noah Porter, 1883 **Literature and Party Politics at the Accession of Queen Anne** Joseph Hone, 2017-12-08 *Literature and Party Politics at the Accession of Queen Anne* is the first detailed study of the final Stuart succession crisis It demonstrates for the first time the centrality of debates about royal succession to the literature and political culture of the early eighteenth century Using previously neglected misunderstood and newly discovered material Joseph Hone shows that arguments about Anne s right to the throne were crucial to the construction of nascent party political identities Literary texts were the principal vehicle through which contemporaries debated the new queen s legitimacy This book sheds fresh light on canonical

authors such as Daniel Defoe Alexander Pope and Joseph Addison by setting their writing alongside the work of lesser known but nonetheless important figures such as John Tutchin William Pittis Nahum Tate John Dennis Henry Sacheverell Charles Leslie and other anonymous and pseudonymous authors Through close historical analysis it shows how this new generation of poets preachers and pamphleteers transformed older models of succession writing by Milton Dryden and others and imbued conventional genres such as panegyric and satire with their own distinctive poetics By immersing the major authors in their milieu and reconstructing the political and material contexts in which those authors wrote Literature and Party Politics demonstrates the vitality of debates about royal succession in early eighteenth century culture

Reading the Scottish Enlightenment Mark Towsey, 2010-09-24 It has become commonplace in recent decades for scholars to identify in the books of the Scottish Enlightenment the intellectual origins of the modern world but little attention has yet been paid to its impact on contemporary readers Drawing on a range of innovatory methodologies associated with the burgeoning interdisciplinary field of the history of reading this book explores the reception of books by David Hume Adam Smith William Robertson and Thomas Reid amongst many others assessing their impact on the lives beliefs and habits of mind of readers across the social scale In the process the book offers a fascinating new perspective on the fundamental importance of personal reading experiences to the social history of the Enlightenment
