Reading Speaking About Russian Newspapers:

Reading and speaking about Russian newspapers Frank J. Miller, 1987 Reading Russian Sources George Gilbert, 2020-01-20 Reading Russian Sources is an accessible and comprehensive guide that introduces students to the wide range of sources that can be used to engage with Russian history from the early medieval to the late Soviet periods Divided into two parts the book begins by considering approaches that can be taken towards the study of Russian history using primary sources It then moves on to assess both textual and visual sources including memoirs autobiographies journals newspapers art maps film and TV enabling the reader to engage with and make sense of the burgeoning number of different sources and the ways they are used Contributors illuminate key issues in the study of different areas of Russia's history through their analysis of source materials exploring some of the major issues in using different source types and reflecting recent discoveries that are changing the field In so doing the book orientates students within the broader methodological and conceptual debates that are defining the field and shaping the way Russian history is studied Chronologically wide ranging and supported by further reading along with suggestions to help students guide their own enquiries Reading Russian Sources is the ideal resource for any student undertaking research on Russian history Coming Home Nelly Elias, 2008-07-22 Coming Home provides an extraordinary glimpse into the social and cultural integration of a unique category of immigrants the returning Diaspora During the 1990s Russian speaking Jews and Germans returned to their respective historic homelands Nelly Elias explores the social and cultural adaptation of these two groups by focusing on the roles played by their native language Russian and the language used by the media of each country Based on one hundred in depth interviews conducted with immigrants now living in both Israel and Germany Coming Home considers media use to be an inseparable part of an immigrant's adaptation strategy simultaneously reflecting construction of a new social and cultural identity while also preserving their original cultural identities *The American Journal of Sociology* Albion W. The Russian Reading Revolution S. Lovell, 2000-02-24 Of all of Soviet cultural myths none was more resilient than the belief that the USSR had the world's greatest readers This book explains how the Russian reading myth took hold in the 1920s and 1930s how it was supported by a monopolistic and homogenizing system of book production and distribution and how it was challenged in the post Stalin era first by the latent expansion and differentiation of the reading public and then more dramatically by the economic and cultural changes of the 1990s **Cultural Change & Continuity In Central Asia** Shirin Akiner, 2013-10-28 First published in 1991 Central Asia is a vast sprawling territory with no precise boundaries no precise geographic definition There is much detailed closely focused research that remains to be done on every part of Central Asia Sometimes however it is illuminating to stand back and look at the region as a whole seeking similarities as well as contrasts This volume is a collection of papers from a conference on Tradition and Change in Central Asia was held at the
