Gordon, 2019-03-15 In six closely reasoned chapters Joseph Gordon presents a detailed account of a Christian doctrine of Scripture in the fullest context of systematic theology Divine Scripture in Human Understanding addresses the confusing plurality of contemporary approaches to Christian Scripture both within and outside the academy by articulating a traditionally grounded constructive systematic theology of Christian Scripture Utilizing primarily the methodological resources of Bernard Lonergan and traditional Christian doctrines of Scripture recovered by Henri de Lubac it draws upon achievements in historical critical study of Scripture studies of the material history of Christian Scripture reflection on philosophical hermeneutics and philosophical and theological anthropology and other resources to articulate a unified but open horizon for understanding Christian

Scripture today Following an overview of the contemporary situation of Christian Scripture Joseph Gordon identifies intellectual precedents for the work in the writings of Irenaeus Origen and Augustine who all locate Scripture in the economic work of the God to whom it bears witness by interpreting it through the Rule of Faith Subsequent chapters draw on Scripture itself classical sources such as Irenaeus Origen Augustine and Aquinas the fruit of recent studies on the history of Scripture and the work of recent scholars and theologians to provide a contemporary Christian articulation of the divine and human locations of Christian Scripture and the material history and intelligibility and purpose of Scripture in those locations The resulting constructive position can serve as a heuristic for affirming the achievements of traditional historical critical and contextual readings of Scripture and provides a basis for addressing issues relatively underemphasized by those respective approaches

The Bible and Lay People Andrew Village,2016-03-23 There are many books about how people ought to interpret the Bible This book is about how people in churches actually interpret the Bible and why they interpret it in the way that they do Based on a study of Anglicans in the Church of England it explores the interaction of belief personality experience and context and sheds new light on the way that texts interact with readers The author shows how the results of such study can begin to shape an empirically based theology of scripture This unique study approaches reader centred criticism and the theology of scripture from a completely new angle and will be of interest to both scholars and those who use the Bible in churches

Reframing a Relevant Faith C Drew Smith,2014-12-03 Many people expect faith to be inflexible and unchanging It is relevant because it always has been at least to them To admit change is to bring on the end of faith and all of its benefits Others believe that a relevant faith is by nature shallow and unrooted Author and educator Drew Smith disagrees He believes that it is both possible and necessary to reframe faith in such a way that it is relevant to our present society At the same time this reframed faith is still a historic faith It is definitely not shallow and in
