Readings In Medieval Texts:

Readings in Medieval Texts David Frame Johnson, Elaine M. Treharne, 2005 *Readings in Medieval Texts* offers a thorough and accessible introduction to the interpretation and criticism of a broad range of Old and Middle English canonical texts from the ninth to the fifteenth centuries. The volume brings together 24 newly commissioned chapters by a leading international team of medieval scholars. An introductory chapter highlights the overarching trends in the composition of English Literature in the Medieval periods and provides an overview of the textual continuities and innovations. Individual chapters give detailed information about context, authorship, date, and critical views on texts, before providing fascinating and thought-provoking examinations of crucial excerpts and themes. This book will be invaluable for undergraduate and graduate students on all courses in Medieval Studies, particularly those focusing on understanding literature and its role in society.

Feminist Readings in Middle English Literature Dr Ruth Evans, Ruth Evans, Leslie Johnson, 2005-08-04. This volume, designed with the student reader in mind, is an indispensable blend of key essays in the field with specially commissioned new material by feminist scholars from the UK and the US. It includes a diversity of texts and feminist approaches, a substantial and very illuminating introduction by the editors, and an annotated list of Further Reading offering preliminary guidance to the reader approaching the topic of gender and medieval literature for the first time. Works and writers covered include Chaucer, Margery Kempe, Christine de Pisan, The Katherine group, of Saints Lives, Langland's *Piers Plowman*, Medieval cycle drama. Students of both medieval and feminist literature will find this an essential work for study and reference.

Reading Old English Texts Katherine O'Brien O'Keeffe, 1997-08-28. *Reading Old English Texts* first published in 1997, focuses on the critical methods being used and developed for reading and analysing writings in Old English. The collection is timely given the explosion of interest in the theory, method, and practice of critical reading. Each chapter engages with work on Old English texts from a particular methodological stance. The authors are all experts in the field but are also concerned to explain their method and its application to a broad undergraduate and graduate readership. The chapters include a brief historical background to the approach, a definition of the field or method under consideration, a discussion of some exemplary criticism with a balance of prose and verse passages, an illustration of the ways in which texts are read through this approach, and some suggestions for future work.

Medievalism and the Academy II David Metzger, 2000 The second part of *Medievalism and the Academy* identifies the four specific questions that have come to focus recent scholarship in medievalism What is difference what is theory woman God The impact of cultural studies on contemporary medieval studies is investigated in this latest volume of *Studies in Medievalism* which also offers an account of the developing interest of contemporary cultural theorists in the medieval period Rather than dismissing the connection between medieval studies and cultural criticism as an expression of academic self interest the essays identify specific questions which engage both such as race history women religion and literature Topics include the use of Augustine by postcolonial theorists the influence of studies in medieval mysticism on the development of women's studies programs and the influence of Foucault and New Historicism on the study of medieval history Contributors ELLIE RAGLAND TIMOTHY RICHARDSON MICHAEL BERNARD DONALS CLAY KINSNER LINDA SEXSON REBECCA DOUGLASS LOUISE SYLVESTER RICHARD GLEJZER CHARLES WILSON ANDREW J DELL OLIO

Medieval Manuscripts in the Digital Age Benjamin Albritton, Georgia Henley, Elaine Treharne, 2020-07-14 *Medieval Manuscripts in the Digital Age* explores one major manuscript repository's digital presence and poses timely questions about studying books from a temporal and spatial distance via the online environment Through contributions from a large group of distinguished international scholars the volume assesses the impact of being able to access and interpret these early manuscripts in new ways The focus on Parker on the Web a world class digital repository of diverse medieval manuscripts comes as that site made its contents Open Access Exploring the uses of digital representations of medieval texts and their contexts contributors consider manuscripts from multiple perspectives including production materiality and reception In addition the volume explicates new interdisciplinary frameworks of analysis for the study of the relationship between texts and their physical contexts while centring on an appreciation of the opportunities and challenges effected by the digital representation of a tangible object Approaches extend from the codicological palaeographical linguistic and cultural to considerations of reader reception image production and the implications of new technologies for future discoveries *Medieval Manuscripts in the Digital Age* advances the debate in manuscript studies about the role of digital and computational sources and tools As such the book will appeal to scholars and students working in the disciplines of Digital Humanities Medieval Studies Literary Studies Library and Information Science and Book History

The Routledge Companion to Medieval English Literature Raluca Radulescu, Sif Rikhardsdottir, 2022-12-30 The *Routledge Companion to Medieval English Literature* offers a new inclusive and comprehensive context to the study of medieval literature written in the English language from the Norman Conquest to the end of the Middle Ages Utilising a Trans European context this volume includes essays from leading academics in the field across linguistic and geographic divides Extending beyond the traditional scholarly discussions of insularity in relation to

Middle English literature and isolationism this volume Oversees a variety of genres and topics including cultural identity insular borders linguistic interactions literary gateways Middle English texts and traditions and modern interpretations such as race gender studies ecocriticism and postcolonialism Draws on the combined extensive experience of teaching and research in medieval English and comparative literature within and outside of anglophone higher education and looks to the future of this fast paced area of literary culture Contains an indispensable section on theoretical approaches to the study of literary texts This Companion provides the reader with practical insights into the methods and approaches that can be applied to medieval literature and serves as an important reference work for upper level students and researchers working on English literature

Orality, Textuality, and the Homeric Epics Jonathan L. Ready, 2019-07-30 Written texts of the Iliad and the Odyssey achieved an unprecedented degree of standardization after 150 BCE but what about Homeric texts prior to the emergence of standardized written texts Orality Textuality and the Homeric Epics sheds light on that earlier history by drawing on scholarship from outside the discipline of classical studies to query from three different angles what it means to speak of Homeric poetry together with the word text Part I utilizes work in linguistic anthropology on oral texts and oral intertextuality to illuminate both the verbal and oratorical landscapes our Homeric poets fashion in their epics and what the poets were striving to do when they performed Looking to folkloristics part II examines modern instances of the textualization of an oral traditional work in order to reconstruct the creation of written versions of the Homeric poems through a process that began with a poet dictating to a scribe Combining research into scribal activity in other cultures especially in the fields of religious studies and medieval studies with research into performance in the field of linguistic anthropology part III investigates some of the earliest extant texts of the Homeric epics the so called wild papyri By looking at oral texts dictated texts and wild texts this volume traces the intricate history of Homeric texts from the Archaic to the Hellenistic period long before the emergence of standardized written texts in a comparative and interdisciplinary study that will benefit researchers in a number of disciplines across the humanities

Contemporary Readings of Medieval Literature Guy R. Mermier, 1989

The Practice and Politics of Reading, 650-1500 Daniel G. Donoghue, Daniel Donoghue, James Simpson, Nicholas Watson, Anna Wilson, 2022 A new look at how reading was practised and represented in England from the seventh century to the beginnings of the print era finding many kinships between reading cultures across the medieval longue dur e Even as it transforms human cultures routines attention spans and the wiring of our brains the media revolution of the last few decades also urges a reconsideration of the long history of reading The essays in this volume take a new look at how reading was practised and represented in England from the seventh century to the beginnings of the print era using texts from Aldhelm to Malory and Wynkyn de Worde arguing that whether unpicking intricate Latin contemplating image texts or participating in semiotically rich public rituals reading cultivated and energized the subject s values perceptions and attitudes to the world Part I Practices of Reading asks how writers scribes and artists engaged

Geary, 2010-01-01 Geary's careful and wise selection of texts in his reader provides the best balance between range and depth necessary for a successful source book Nicholas Everett University of Toronto Critical Neurodiversity Studies Jenny Bergenmar, Louise Creechan, Anna Stenning, 2025-07-10 This landmark volume for neurodiversity studies introduces a new more inclusive field of scholarship for literary and cultural studies Bringing together scholars and writers from across Europe it explores the revolutionary potential of neurodivergent scholarly practice and demonstrates that there is no such thing as a normal response to cultural production Drawing on critical disability studies to highlight the ideology behind dominant notions of ability it moves beyond representations of neurodivergent characters and highlights the entanglement of sensory and cognitive difference with both cultural practices and social status Combining the recent turn towards psychiatric depathologisation with insights from feminist queer intersectional and critical race theory this volume aims to amplify the epistemic authority of those who have been subject to marginalisation because of the ways we are taught to read and value literary culture In essence this volume reveals what it means to read write and love literature and the arts as a neurodivergent person *Annual Announcement of Courses of Instruction* University of California (1868-1952), 1929 Register ... University of California, Berkeley, 1898 *The Ethics of Reading in Manuscript Culture* John

Dagenais, 1994-02-18 Reexamining the roles played by author reader scribe and text in medieval literary practice John Dagenais argues that the entire physical manuscript must be the basis of any discussion of how meaning was made Medievalists he maintains have relied too heavily on critical editions that seek to create a single definitive text reflecting an author's intentions In reality manuscripts bear not only authorial texts but also a variety of elements added by scribes and readers glosses marginal notes pointing hands illuminations and fragments of other seemingly unrelated works Using the surviving manuscripts of the fourteenth century Libro de buen amor a work that has been read both as didactic treatise on spiritual love and as a celebration of sensual pleasures Dagenais shows how consideration of the physical manuscripts and their cultural context can shed new light on interpretive issues that have puzzled modern readers Dagenais also addresses the theory and practice of reading in the Middle Ages showing that for medieval readers the text on the manuscript leaf including the text of the Libro was primarily rhetorical and ethical in nature It spoke to them directly individually always in the present moment Exploring the margins of the manuscripts of the Libro and of other Iberian works Dagenais reveals how medieval readers continually reshaped their texts both physically and ethically as they read and argues that the context of medieval manuscript culture forces us to reconsider such comfortable received notions as text and literature and the theories we have based upon them

Homer's Text and Language Gregory Nagy, 2004 As Homer remains an indispensable figure in the canons of world literature interpreting the Homeric text is a challenging and high stakes enterprise There are untold numbers of variations imitations alternate translations and adaptations of the Iliad and Odyssey making it difficult to establish what exactly the epics were Gregory Nagy's essays have one central aim to show how the text and language of Homer derive from an oral poetic system In Homeric studies there has been an ongoing debate centering on different ways to establish the text of Homer and the different ways to appreciate the poetry created in the language of Homer Gregory Nagy a lifelong Homer scholar takes a stand in the midst of this debate He presents an overview of millennia of scholarly engagement with Homer's poetry shows the different editorial principles that have been applied to the texts and evaluates their impact

Teaching "Beowulf" Larry Swain, Ophelia Eryn Hostetter, 2024-08-19 Beowulf is by far the most popular text of the medieval world taught in American classrooms at both the high school and undergraduate levels More students than ever before wrestle with Grendel in the darkness of Heorot or venture into the dragon's barrow for gold and glory This increase of attention and interest in the Old English epic has led to a myriad of new and varying translations of the poem published every year the production of several mainstream film and television adaptations and many graphic novel versions More and more teachers in all sorts of classrooms with varying degrees of familiarity and training are called upon to bring this ancient poem before their students This practical guide to teaching Beowulf in the twenty first century combines scholarly research with pedagogical technique imparting a picture of how the poem can be taught in contemporary American institutions
