Readings in International Enterprise John Drew, 1995 This is a comprehensive up to date compendium of key readings on international business theory and practice Selected for the new Open University course on International Enterprise the collection includes some of the most influential articles to have appeared on the subject drawn from both sides of the Atlantic The readings are divided into two parts The first covers the theory and practice of developing international strategies and of human resource management across the world necessary to develop these strategies The second part of the volume covers different sectors of international enterprise communications marketing production finance and business ethics The volume should serve as a companion text to international business courses both at undergraduate and postgraduate levels

Readings in International Business John Joseph Coyle, Edward J. Mock, 1965

International Business Success in a Strange Cultural Environment Mamarinta P. Mababaya, 2003 The book focuses on the cultural aspect of the author's published PhD thesis entitled *The Role of Multinational Companies in the Middle East The Case of Saudi Arabia* which he has carried out at the University of Westminster It explores the success of multinational enterprises doing business in Saudi Arabia vis vis their cultural awareness and responsiveness The empirical findings discussed in this book reveal that international business success in a strange cultural environment depends partly on the ability of multinational managers to understand the local culture The cultural subject in this book pertains to Islam in its entirety The findings may seem strange to many readers who are not familiar with Islamic culture in its purest form Many newcomers to Saudi Arabia especially non Muslim foreign investors businessmen and workers often find many things strange about the Kingdom its people and cultural values Some feel it odd that many Muslims give more importance to prayer than business Some are disappointed when they find commercial establishments like shopping centres closed as Muslim workers go to the mosques to attend to their daily prayers Business visitors find strange the fact that in the midst of their meetings with their Saudi or Muslim counterparts the latter excuse themselves for prayer They have these strange feelings due to their

lack of understanding of true Islamic culture The cultural aspect of this book will help businessmen and concerned institutions worldwide gain understanding of Islam and reconcile their cultural differences with the Muslim world Through this book international companies will be able to have a better understanding of authentic Islamic culture which will help them gain greater competitive advantages in the Saudi marketplace *Readings and Cases in International Management* David C. Thomas,2003-06-11 Rapid changes in management worldwide have clearly challenged the ability of academics to make courses in international management relevant One of the best ways to enrich courses is to supplement textbook material with recent articles and case studies *Readings and Cases in International Management A Cross Cultural Perspective* is a compilation of contemporary readings and case studies that focus on managing global organizations Intended as a companion to editor David C Thomas *Essentials of International Management A Cross Cultural Perspective* SAGE 2001 great care has been taken to select readings that do not duplicate but supplement material typically contained in texts on this topic The readings and cases in this book are organized around three major themes the basis for understanding the influence of culture on international management the key roles that international managers play and the important challenges that these managers face Designed to represent a broad geographic scope this integrative volume includes An explanation of how culture influences individual managers Methods to systematically describe cultural differences Fundamental principles that influence cross cultural interactions An examination of managers as communicators negotiators change agents and organization builders Procedures for designing effective organizational structures *Readings and Cases in International Management A Cross Cultural Perspective* presents ways to maximize the positive effects of cultural diversity while minimizing the negative consequences An index of key terms teaching notes and a quick reference guide are provided to facilitate learning in a separate instructor s manual Developed as a supplement for advanced international management texts this is also an excellent primary text for courses in organizational behavior management and international business

The Role of Multinational Companies in the Middle East Mamarinta P. Mababaya, 2002 This study investigated whether known economic and international business theories available in the literature are meaningful enough to explain the nature existence and role of multinational companies MNCs in the Middle East particularly Saudi Arabia Two sets of questionnaires were distributed in major cities of Saudi Arabia one set for 100 multinational managers and another for 280 multinational customers 234 questionnaires were collected 45 from multinational managers and 189 from customers This represents a total response rate of 62 percent which is adequate for this study The empirical results supported with comprehensive secondary data confirmed virtually all of the research hypotheses The study found that joint ventures are the dominant form of multinational business in Saudi Arabia both in manufacturing and service industries The core roles of MNCs in the Saudi foreign ventures are evident in the cross border value adding activities of marketing trading manufacturing consulting contracting project management insurance hotel operation and banking Likewise MNCs provide licensing franchising financing services and various auxiliary roles in the Kingdom Therefore the multinationality of a firm or a group of firms operating across national boundaries is not necessarily synonymous with international production the main subject of contemporary multinational theories The respondents generally perceived the competitiveness of MNCs operating in Saudi Arabia as a function of a number of economic management marketing technological and other variables They also perceived the contributions of MNCs to the Kingdom's socio economic developments as significant and positive The study also found that understanding Islamic values and ethics is important for MNCs In this regard the researcher looked at some

objective indicators of business success and related them to selected measures of MNCs local cultural awareness and responsiveness. The results indicate that the business success of multinationals operating in Saudi Arabia is positively related to their local cultural awareness and responsiveness. Along this line, this study covers some vital elements of Islamic culture which will help MNCs understand further the cultural needs, values and sensitivities of the Saudi people and Muslims in general.

International Management P.N. Gooderham, Paul N. Gooderham, Birgitte Grøgaard, 2013. This book focuses on the challenges facing MNCs who are playing away from home in different institutional frameworks and complex cultural contexts. In each chapter, the authors provide a clear exposition and critique of the current literature followed by a sophisticated case study that highlights the key challenges and dilemmas faced by MNCs in dynamic environments. Through a combination of solid theory and rich cases, this book provides a fresh and important contribution to the discipline and will be invaluable for academics, postgraduate students and practitioners. Pauline Stanton, Victoria University, Melbourne, Australia. The textbook addresses crucial challenges facing managers of MNCs. The topics are introduced systematically with suitable theoretical grounding and accompanied with rich insights from case studies. It is very well customized to students in international management, providing not only a broad overview but also in-depth knowledge of real-world challenges in a globalised business world. R. diger Kabst, Justus Liebig Universität Gießen, Germany. This excellent book covers the field of international business and particularly international management and is written in a way that cuts through these complex concepts and makes them understandable without losing any of the nuances. The substantial case studies attached to each topic and chapter can be mined by teachers and students in a variety of different ways. The book is ideal for Masters students but many of their teachers can gain a lot from it too. Chris Brewster, University of Reading, UK. This timely and accessible MBA textbook explores the challenges faced by today's multinational corporations. What is the optimal balance between local responsiveness and global integration? How can a common culture be developed in the face of profound cultural differences? What employment policies are legitimate in a world of differing standards? Through a combination of well-researched theory and illustrative case studies, *International Management* creates a platform for informed and lively debate on these and many other issues. Comprehensive and insightful, this important textbook will be an invaluable resource for MBA students as well as academics and managers faced with the daily challenges of managing international organisations.

International Business Strategy Alain Verbeke, 2013-03-07. The first textbook to combine analytical rigour and true managerial insight on the functioning of large multinational enterprises.

International Business Frank McDonald, Colin Wheeler, 2002-03-26. Published in association with the UK Chapter of the Academy of International Business (AIB), this ninth volume in the AIB series focuses on the new challenges and developments in the field of international business. The book successfully brings together an integrated set of research concepts and results to present some contrasting views about how international business is adjusting to the challenges and opportunities that the 21st century presents.
