Images of the American City Anselm L. Strauss, 1976-01-01 The conversion of an agricultural nation into an overwhelmingly urbanized continent was accompanied by Americans attempts to make sense of what was happening Within these pages Anselm L. Strauss depicts the vast and varied color of American urban development and the imagery associated with it This reprinted classic focuses on individuals rather than institutions It describes what people have felt about their cities whether they lived within or outside them Its concerns are with regional periods of urban growth and development insofar as they relate to individual reactions and life styles In analyzing these feelings the author maintains one can depict how Americans have lived in their cities and how they have coped with the problems raised by the conditions of urban life

[Art All Around Us](#) Xiao Situ, 2024-10-08 From the self to the stars art is all around us Art is not just the paintings and sculptures we see in museums but also things that surround us every day family photos decorations used during holidays or celebrations even quilts and furniture that inhabit our homes Throughout human history people have created all kinds of objects to express who they are and what's important to them Art All Around introduces young readers to some of the most vibrant and compelling art and artifacts from around the world Increasingly art historians are moving beyond a linear chronological approach to teaching that has prioritized the Western canon and limited artworks to paintings and sculpture Instead they are exploring how objects across different mediums cultures and time periods produce conversations and

connections within a broader web of global art Art All Around includes thoughtfully chosen works from a variety of mediums including photography metalwork pottery textiles furniture and architecture in addition to traditional paintings and sculpture Each chapter features art objects from across different cultures and time periods to emphasize their thematic stylistic or functional commonalities within a wider web of global art production and ends with an activity page that enables readers to engage with the themes and objects more directly
