We Can Teach That Ewa Dziedzic-Elliott,2024-11-28 Information literacy is a complex subject that finally arrived at the doorstep of school libraries For decades academic researchers have been trying to capture the essence of information literacy its educational cognitive and civic value The collection of book chapters offered in We Can Teach That is a handbook that can be used as an inspiration for teaching various types of literacy visual digital multicultural health and more The book asks important questions When do we start teaching information literacy How do we teach it How does it affect our students at their education level How does it prepare them for their post high school adult life Does it impact their transition to college or career Dziedzic Elliott and her collaborators provide a range of best practices and concepts that inspire thinking about teaching information literacy at all levels Although written with school librarians in mind the book can be easily adapted by teachers school administrators and even public librarians who are looking to incorporate information literacy elements in their daily practices The book challenges the reader to rethink what they know about digital or tech literacy breaks some stereotypical concepts about multicultural literacy and highlights the importance of literacies even in adulthood

Inequality and Teacher Education Gajendra K. Verma,2021-07-28 First published in 1993 this book attempts to provide a basic but challenging and rigorous introduction to the issues of inequality in teacher education affecting many of today s societies Education systems around the world in common with much else are undergoing radical change In such times there are the almost inevitable casualties in this case the fate of multicultural multiracial antiracist education The authors argue that there is a need for teacher education to be responsive to the needs of a culturally and socially diverse society It has become obvious that in spite of the vast amount of effort given to it over the last few decades very little real progress has been made By highlighting examples of good practices this book demonstrates how they can be maintained and enhanced

Celebrate! Julie Bisson,2016-12-12 Updated information and unbiased developmentally appropriate strategies and activities to celebrate rather than exclude diversity traditions and holidays Many programs are establishing a no holiday policy but this book shows you how to celebrate and adhere to school policy Among other topics it includes evaluating holiday activities for appropriateness addressing commercialism and stereotypes involving families and developing inclusive policies Julie Bisson provides training on subjects ranging from culturally relevant and anti bias curriculum to holiday curriculum Louise Derman Sparks has worked for over fifty years on issues of diversity social justice and activism in early childhood

Making Math Learning Fun for Inner City School Students Glendolyn Duhon-Jeanlouis,Alice Duhon-Ross McCallum,Ashraf Esmail,2010-10-28 Making Math Learning Fun for Inner City School Students is an effective tool for educators and a textbook for professors of higher education The concepts discussed in the book provide a body of knowledge that will enable leaders to understand the critical issues surrounding inner city school students in their ability to learn

mathematical concepts Research shows that three to five teachers of mathematics leave the school system within the first two years of teaching because of frustration experienced while helping inner city school students comprehend and master mathematical skills Students are often discouraged by inappropriate teaching strategies that favor learning math concepts in isolation rather than making them relevant to daily life or cultural experiences Teachers of math must clearly understand inner city school students learning styles when they are implementing a process for the student to learn Classroom teachers in the twenty first century must have valid knowledge of how the brains of inner city school children work For students to master and comprehend math skills learning activities must be both fun and relevant to their present body of knowledge about life and living

Multicultural Education James A. Banks,Cherry A. McGee Banks,2010 Multicultural Education is a reader which helps educators understand the concepts paradigms and explanations needed to become more effective practitioners in culturally racially and language diverse classrooms

Write about Math! Richard S Piccirilli,1996 Spark your students imaginations and get them writing about math with more than 200 fun math writing prompts The creative ideas included here will help you meet one of the NCTM s five goals getting students to communicate mathematically Writing ideas include poetry bumper sticker slogans literature response activities and journal starters For use with Grades 3 6
