Reagan Iwan Morgan, 2016-09-16 Ronald Reagan is arguably the most successful post war American president A transformational leader he is broadly credited with renewing American prosperity after the stagflation hit 1970s laying the foundations for Cold War victory and bringing about the shift to the right in late twentieth century politics In this new biography Iwan Morgan shrewdly assesses Reagan's considerable achievements whilst also highlighting the shortcomings that were an indisputable part of his record Based on extensive research this book plots a chronological path through Reagan's life covering his upbringing his rise and fall as a Hollywood star his time as California governor and his pursuit of the presidency Morgan offers a detailed evaluation of the pragmatic conservatism that was the hallmark of Reagan's presidential leadership in domestic affairs In the international sphere he explains Reagan's metamorphosis from Cold War hawk to negotiator for nuclear arms reduction while also examining his role in the Iran Contra scandal This book ultimately shows that what made Reagan an American icon above all else was his optimism regarding his country and his ability to articulate its best values even if he himself did not always live up to these Today as the Republican Party grapples with its new direction and identity understanding the legacy of Ronald Reagan and Reaganism is more relevant than ever Reagan,

This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com As a complex and multifaceted world view conservatism is often pigeonholed and partially understood And while the nature of conservative ideology is warmly contested among scholars no one can deny its prominence in contemporary debates and its effects on the politics of everyday life These 16 essays written by expert scholars and specialists offer a broad survey of conservative thought that extends beyond typical historical and geographic

boundaries to include past thinkers like Plato and Edmund Burke non European conservative traditions such as Japan and Russia and political practitioners including Margaret Thatcher Ronald Reagan and Charles de Gaulle Each essay grapples with short primary source extracts while offering instructive criticism and commentary Conservative Moments offers students a useful accessible and comprehensive exposition of this political ideology *Campaign of the Century* Irwin F. Gellman,2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century s closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy s side than to Nixon s The imbalance began with the first book on that election Theodore White s *The Making of the President 1960* in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI s surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both candidates **Winds of Hope, Storms of Discord** Salim Yaqub,2022-11-03 In vivid engaging prose this book illuminates modern US history as a story of ceaseless change struggle conflict and renewal **The Padre** Jennifer O'Leary,2023-08-24 For almost two decades Father Patrick Ryan evaded intelligence agencies across Europe The subject of two unsuccessful extradition requests he was for a time one of the most wanted men in Britain In *The Padre* award winning investigative journalist Jennifer O Leary exposes the paramilitary exploits of the notorious former Irish priest and active IRA supporter revealing sensational details unknown until now Drawing on highly sensitive information divulged by Ryan during exclusive secret meetings with the author *The Padre* lifts the lid on the true extent of the priest s involvement with the IRA and their campaign of terror across Europe Britain and Ireland from being the link between the IRA and the Gaddafi regime to Ryan s connection to the failed assassination attempt on Margaret Thatcher and her Cabinet Decades on Patrick Ryan was unrepentant If I had ever met Mrs Thatcher my parting shot would have been I wish you well mam but I m sorry we missed you at Brighton *The Padre* tells the truly remarkably story of this man of the cloth and his lifelong struggle with what he in his heart believes to be right and wrong In an exclusive interview with the author Ryan chillingly remarked in response to whether he had any regrets only that I wasn t even more effective but we didn t do too badly *The films of Costa-Gavras* Homer B. Pettet,2020-06-11 Costa Gavras is a seminal figure in French and international cinema A master of the political thriller he explores historical events through individual human stories thereby involving his audience in past and contemporary traumas from the horrors of the Holocaust through mid century international state terrorism and
