Real Choices Frederica Mathewes-Green,1994 Providing pregnant women with alternatives that are practical realistic and life affirming this book examines some of the questions that surround abortion and the reasons many women choose abortion Mathewes Green explores the resources available to alleviate the problems that come with an unplanned pregnancy and tells how those resources can be improved *Abortion and the Christian Tradition* Margaret D. Kamitsuka,2019-10-29 Abortion remains the most contested political issue in American life Poll results have remained surprisingly constant over the years with roughly equal numbers supporting and opposing it A common perception is that abortion is contrary to Christian teaching and values While some have challenged that perception few have attempted a comprehensive critique and constructive counterargument on Christian ethical and theological grounds Margaret Kamitsuka begins with a careful examination of the church's biblical and historical record refuting the assumption that Christianity has always condemned abortion or that it considered personhood as beginning at the moment of conception She then offers carefully crafted ethical arguments about the pregnant woman's authority to make reproductive decisions and builds a theological rationale for seeing abortion as something other than a sin The Care and Counsel Handbook Hope for the Heart,2025-09-09 Clear concise answers from God's Word right when you need them The Care and Counsel Handbook is your go to guide for overcoming personal challenges and becoming equipped to help others Life is full of challenges but finding help shouldn't be Whether you're facing personal struggles or seeking to help others The Care Counsel Handbook is your go to resource to find clear concise answers from God's Word Covering over 100 real life topics including anxiety abuse addiction grief marriage parenting and forgiveness this easy to use guide provides practical biblical guidance for life's most pressing issues Developed by June Hunt and the team at Hope for the Heart this trusted resource is designed for pastors counselors ministry leaders and everyday Christians who want to care for others with confidence Each topic is structured to help you Understand God's heart on the issue Recognize key characteristics and biblical insights Identify root causes and underlying influences Apply biblical solutions and action steps for lasting change With its clear concise format The Care Counsel Handbook is ideal for quick reference making it a valuable tool for personal study counseling sessions small groups and church ministries Whether you're seeking guidance for your own journey or equipping yourself to walk alongside others this book will strengthen your faith and point you to the ultimate source of hope God's Word So that whatever you're facing or whoever comes to you you have every reason for hope for every challenge in life Because hope means everything Discover biblical answers Experience lasting hope Get your copy today Stand for Life John Ensor,Scott Klusendorf,2022-05-03 Of the 1.2 million abortions performed annually in the U.S more than 500,000 are performed on college aged women They make up 44% of all abortions in the country So it is not surprising that there is a large thriving network of pro life groups on college campuses These groups serve to advocate for pro life and educate other young people about the physical emotional psychological and spiritual

interfere with work school or other responsibilities In the statistical section a reader will see that 89 percent of abortions are performed within the first twelve weeks of pregnancy The biography section includes a profile of Mary Cunningham Agee founder of the Nurturing Network which offers alternatives to abortion for women who fear that their unintended pregnancies will do irreparable harm to their education or career Abortion A Reference Handbook is just what the title says It is packed with information but strives to be factual It is a resource for student researchers and will be welcomed in any public or high school library Paula J Lacey Copyright 1997 Voya Reviews

*Human Dignity and Contemporary Liberalism* Brad Stetson,1998-01-21 The author of Human Dignity and Contemporary Liberalism argues that the nature and application of contemporary liberalism is significantly dissonant with the deepest inclinations and most persistent moral sentiments of human beings and it therefore distorts human self understanding and defaces human dignity This mismatch between human nature and the essence of contemporary liberalism hobbles our public life and the author suggests is the Gordian knot that must be loosed if the new millennium is to manifest a more humane and satisfying American civitas This wide ranging book begins with a discussion of certain consequences and implications of contemporary liberalism s heavy emphasis on individual rights moving into a reflection on two general categories of human dignity suggesting that there is in contemporary liberal thought a lack of clarity concerning the meaning and gravity of this concept The focus then shifts to the idea of desert or deservingness The viability of desert rightly understood is advanced as a useful general concept for understanding American public life and as an important tool for restoring a measure of common sense to our politics The second section of the book concentrates on the actual application of contemporary liberalism s values as it has occurred since the 1960s particularly in the culturally contentious areas of race and abortion Emerging from this survey is an unflattering image of a political paradigm which according to the author must be abandoned or at least radically revised if America is to strike a posture of moral intensity and genuine social understanding
