Real Negro:

The Real Negro Shelly Eversley, 2004-03-29 In this book Shelly Eversley historicizes the demand for racial authenticity what Zora Neale Hurston called the real Negro in twentieth century American literature Eversley argues that the modern emergence of the interest in the real Negro transforms the question of what race an author belongs into a question of what it takes to belong to that race Consequently Paul Laurence Dunbar's Negro dialect poems were prized in the first part of the century because written by a black man they were not imitation black while the dialect performances by Zora Neale Hurston were celebrated because written by a real black they were not imitation white The second half of the century in its dismissal of material segregation sanctions a notion of black racial meaning as internal and psychological and thus promotes a version of black racial truth as invisible and interior yet fixed within a stable conception of difference The Real Negro foregrounds how investments in black racial specificity illuminate the dynamic terms that define what makes a text and a person black while it also reveals how blackness spoken and authentic guards a more fragile because unspoken commitment to the purity and primacy of whiteness as a stable uncontested ideal

Winters, 2016-05-20 In *Hope Draped in Black* Joseph R Winters responds to the enduring belief that America follows a constant trajectory of racial progress Such notions like those that suggested the passage into a postracial era following Barack Obama's election gloss over the history of racial violence and oppression to create an imaginary and self congratulatory world where painful memories are conveniently forgotten In place of these narratives Winters advocates for an idea of hope that is predicated on a continuous engagement with loss and melancholy Signaling a heightened sensitivity to the suffering of others melancholy disconcerts us and allows us to cut against dominant narratives and identities Winters identifies a black literary and aesthetic tradition in the work of intellectuals writers and artists such as W E B Du Bois Ralph Ellison Toni Morrison and Charles Burnett that often underscores melancholy remembrance loss and tragedy in ways that gesture toward such a conception of hope Winters also draws on Walter Benjamin and Theodor Adorno to highlight how remembering and mourning the uncomfortable dimensions of American social life can provide alternate sources for hope and imagination that might lead to building a better world

Miller, 2014-01-10 The rich history of African American theatre has often been overlooked both in theoretical discourse and in practice This volume seeks a critical engagement with black theatre artists and theorists of the twentieth century It reveals a comprehensive view of the Art or Propaganda debate that dominated twentieth century African American dramatic theory Among others this text addresses the writings of Langston Hughes W E B DuBois Alain Locke Lorraine Hansberry Amiri Baraka Adrienne Kennedy Sidney Poitier and August Wilson Of particular note is the manner in which black theory collides or intersects with canonical theorists including Aristotle Keats Ibsen Nietzsche Shaw and O'Neill

Hubert Harrison Jeffrey Babcock Perry, 2009 This first full length biography of Harrison offers a portrait of a man ahead of his time in synthesizing race and class struggles in the U S and a leading influence on better known activists from Marcus Garvey to A Philip Randolph Harrison emigrated from St Croix in 1883 and went on to become a foremost organizer for the Socialist Party in New York the editor of the *Negro World* and founder and leader of the World War I era New Negro movement Harrison's enormous political and intellectual appetites were channeled into his work as an orator writer political activist and critic He was an avid bibliophile reportedly the first regular black book reviewer who helped to develop the

public library in Harlem into an international center for research on black culture But Harrison was a freelancer so candid in his criticism of the establishment black and white that he had few allies or people interested in protecting his legacy Historian Perry s detailed research brings to life a transformative figure who has been little recognized for his contributions to progressive race and class politics Copyright Booklist Reviews 2008 **Staging Race** Karen Sotiropoulos,2009-07-01 Drawing on black newspapers and commentary of the period Sotiropoulos shows how black performers and composers participated in politically charged debate about the role of the expressive arts in the struggle for equality They used America s new businesses of entertainment as vehicles for their creativity and as spheres for political engagement Harvard Musical Review ,1913 **The Methodist Review Quarterly** ,1913 **A Companion to Twentieth-Century American Drama** David Krasner,2008-04-15 This Companion provides an original and authoritative survey of twentieth century American drama studies written by some of the best scholars and critics in the field Balances consideration of canonical material with discussion of works by previously marginalized playwrights Includes studies of leading dramatists such as Tennessee Williams Arthur Miller Eugene O Neill and Gertrude Stein Allows readers to make new links between particular plays and playwrights Examines the movements that framed the century such as the Harlem Renaissance lesbian and gay drama and the solo performances of the 1980s and 1990s Situates American drama within larger discussions about American ideas and culture *Contemporary African American Women Playwrights* Philip C. Kolin,2007-11-07 In the last 50 years American and World theatre have been challenged and enriched by the rise to prominence of numerous female African American dramatists *Contemporary African American Women Playwrights* is the first critical volume to explore the contexts and influences of these writers and their exploration of black history and identity through a wealth of diverse courageous and visionary dramas **Temples for Tomorrow** Geneviève Fabre,Michel Feith,2001-09-19 The Harlem Renaissance is rightly considered to be a moment of creative exuberance and unprecedented explosion Today there is a renewed interest in this movement calling for a re evaluation and a closer scrutiny of the era and of documents that have only recently become available *Temples for Tomorrow* reconsiders the period between two world wars which confirmed the intuitions of W E B DuBois on the color line and gave birth to the American dilemma later evoked by Gunnar Myrdal Issuing from a generation bearing new hopes and aspirations a new vision takes form and develops around the concept of the New Negro with a goal to recreate an African American identity and claim its legitimate place in the heart of the nation In reality this movement organized into a remarkable institutional network which was to remain the vision of an elite but which gave birth to tensions and differences This collection attempts to assess Harlem s role as a Black Mecca as site of intimate performance of African American life and as focal point in the creation of a diasporic identity in dialogue with the Caribbean and French speaking areas Essays treat the complex interweaving of Primitivism and Modernism of folk culture and elitist aspirations in different artistic media with a view to defining the interaction between music visual arts and literature Also included are known

Renaissance intellectuals and writers Even though they had different conceptions of the role of the African American artist in a racially segregated society most participants in the New Negro movement shared a desire to express a new assertiveness in terms of literary creation and identity building The Cambridge Companion to the Harlem Renaissance George Hutchinson, 2007-06-14 This 2007 Companion is a comprehensive guide to the key authors and works of the African American literary movement *Primitivist Modernism* Sieglinde Lemke, 1998-04-30 This book explores a rich cultural hybridity at the heart of transatlantic modernism Focusing on cubism jazz and Josephine Baker's performance in the Danse Sauvage Sieglinde Lemke uncovers a crucial history of white and black intercultural exchange a phenomenon until now greatly obscured by a cloak of whiteness Considering artists and critics such as Picasso Alain Locke Nancy Cunard and Paul Whiteman in addition to Baker Lemke documents a potent cultural dialectic in which black artistic expression fertilized white modernism just as white art forms helped shape the black modernism of Harlem and Paris Coining the term primitivist modernism to designate the multicultural heritage of this century's artistic production Lemke reveals the generative and germinating black cultural Other in the arts She examines this neglected dimension in full fascinating detail blending literary theory social history and cultural analysis to document modernism's complex absorption of African culture and art She details numerous ways in which African and African American forms visual styles musical idioms black dialects and fantasies Baker's costume and dance say permeated high and mass culture on both sides of the Atlantic So called primitive art and high modernism savage rhythms and European music hall culture European and African American expressions in jazz European primitivism and the racial awakenings of African American culture paired and freshly examined by Lemke these subjects stand revealed in their true interrelatedness Insisting on modernism's two way cultural flow Lemke demonstrates not only that white modernism owes much of its symbolic capital to the black Other but that black modernism built itself in part on white Euro American models Through superbly nuanced readings of individual texts and images fifteen striking examples of which are reproduced in this handsome volume Lemke reforms our understanding of modernism She shows us in clear invigorating fashion that transatlantic modernism in both its high and popular modes was significantly more diverse than commonly supposed Students and scholars of modernism African American studies and cultural studies and those with interests in twentieth century art dance music or literature will find this book richly rewarding **Manufacturers' Record**, 1923
