Locke,2021-11-15 Falling asleep for almost 300 years was never part of Pennrae's plan Of course when you're a mercenary with magical abilities and defy a spellbinding prophecy bad stuff sometimes happens Now magic is long gone from the world Penn works as a karate instructor trying very hard to dodge her hot flirty and super annoying colleague Callan All is well until a Jigori a nightmarish magic eating monster shows up at a New York City street fair forcing Penn to use her Shaper magic which allows her to transform wood and metal into deadly weapons Now the Jigori's master has her scent and a plan to steal her 300 years of life If they succeed Penn succumbs to centuries of sleep again and magic will be unleashed on a completely unprepared world And to add to her ridiculously complicated life something isn't quite right with Callan Which she could figure out if it weren't for that evil apocalyptic plot she's trying to stop But Penn may not have a choice Callan could be the secret weapon she needs to save the world The Warrior of the Divine Sword series is best enjoyed in order Reading Order Book 1 Magic Dark Magic Divine Book 2 Magic Corrupts Magic Conquers *River Magic* Mark Angelo,2025-03 River Magic Tales from a Life on 1000 Rivers takes the reader on an amazing global adventure by river Mark Angelo one of the world's most acclaimed paddlers and river conservationists who has paddled more rivers than perhaps anyone on Earth recounts a selection of his encounters with amazing animals big fish unique cultures and wild rivers This is a collection of short stories each captivating and often spellbinding with a conservation underpinning The book enables readers of all ages to better appreciate the value and magic of rivers along with the need to better care for them

Marketing, Rhetoric and Control Christopher Miles,2018-04-19
Marketing Rhetoric and Control investigates the tensions that surround the place of persuasion and more broadly control in marketing Persuasion has variously been seen as an embarrassment to the discipline a target for anti marketing sentiment the source of marketing s value in the modern organisation a mysterious black box inside the otherwise rational and logical endeavour of enterprise and a rather insignificant part of the marketing programme This book argues that this multifarious reputation for persuasion within marketing stems from the influence of two quite oppositional paradigms the scientific and the magico rhetorical that ebb and flow across the discourses of its discipline and practice Constructing an interface between original challenging close readings of texts from the beginnings of the Western rhetorical tradition and an examination of the ways in which marketing has set about describing itself this text argues for a Sophistic interpretation of marketing From this perspective marketing is understood as providing intermediary services to facilitate the continuing exchange of attention and regard between firm client and stakeholders It seeks to manage and direct this exchange through an appreciation of the changing rational and irrational motivations of the firm and stakeholders using these as resources for the construction of both planned and improvised persuasive interactions in agonistic or competitive environments This book is aimed primarily at researchers and academics working in the fields of marketing marketing communications and the related disciplines of marketing theory critical marketing and digital marketing It will also be of value to marketing academics in business schools including those working in the areas of media and communication studies who have an interest in commercial and corporate communication brand use of interactive media and communication theory
