River War An Historical Account Of The Reconquest Of The Soudan

Winston S. Churchill

River War An Historical Account Of The Reconquest Of The Soudan:

The River War Winston S. Churchill, 2020 Winston Churchill wrote five books before he was elected to Parliament at the age of twenty five The most impressive of these books The River War tells the story of Britain's arduous and risky campaign to reconquer the Sudan at the end of the nineteenth century More than half a century of subjection to Egypt had ended a decade earlier when Sudanese Dervishes rebelled against foreign rule and killed Britain's envoy Charles Gordon at his palace in Khartoum in 1885 Political Islam collided with European imperialism Herbert Kitchener's Anglo Egyptian army advancing hundreds of miles south along the Nile through the Sahara Desert defeated the Dervish army at the battle of Omdurman on September 2 1898 Churchill an ambitious young cavalry officer serving with his regiment in India had already published newspaper columns and a book about fighting on the Afghan frontier He yearned to join Kitchener's campaign But the general afraid of what he would write about it refused to have him Churchill returned to London With help from his mother and the prime minister he managed to get himself attached to an English cavalry regiment sent to strengthen Kitchener's army Hurriedly travelling to Egypt Churchill rushed upriver to Khartoum catching up with Kitchener's army just in time to take part in the climactic battle That day he charged with the 21st Lancers in the most dangerous fighting against the Dervish host He wrote fifteen dispatches for the Morning Post in London As Kitchener had expected Churchill's dispatches and his subsequent book were highly controversial The precocious officer having earlier seen war on two other continents showed a cool independence of his commanding officer He even resigned from the army to be free to write the book as he pleased He gave Kitchener credit for his victory but found much to criticize in his character and campaign Churchill's book far from being just a military history told the whole story of the Egyptian conquest of the Sudan and the Dervishes rebellion against imperial rule The young author was remarkably even handed showing sympathy for the founder of the rebellion Muhammad Ahmed and for his successor the Khalifa Abdullahi whom Kitchener had defeated He considered how the war in northeast Africa affected British politics at home fit into the geopolitical rivalry between Britain and France and abruptly thrust the vast Sudan with the largest territory in Africa into an uncertain future in Britain's orbit In November 1899 The River War was published in two massive volumes my magnum opus up to date upon which I had lavished a whole year of my life as Churchill recalled later in his autobiography The book had twenty six chapters five appendices dozens of illustrations and colored maps Three years later in 1902 it was shortened to fit into one volume Seven whole chapters and parts of every other chapter disappeared in the abridgment Many maps and most illustrations were also dropped Since then the abridged edition has been reprinted regularly and eventually it was even abridged further But the full two volume book which is rare and expensive was never published again until now St Augustine's Press in collaboration with the International Churchill Society brings back to print in two handsome volumes The River War An Historical Account of the Reconquest of the Soudan unabridged for the first time since 1902 Every chapter and appendix from the first edition has been restored All the maps are

in it in their original colors with all the illustrations by Churchill's brother officer Angus McNeill. More than thirty years in the making under the editorship of James W. Muller, this new edition of *The River War* will be the definitive one for all time. The whole book is printed in two colors in black and red type to show what Churchill originally wrote and how it was abridged or altered later. For the first time a new appendix reproduces Churchill's Sudan dispatches as he wrote them before they were edited by the *Morning Post*. Other new appendices reprint Churchill's subsequent writings on the Sudan. Thousands of new footnotes have been added to the book by the editor identifying Churchill's references to people, places, writings, and events unfamiliar to readers today. Professor Muller's new introduction explains how the book fits into Churchill's career as a writer and an aspiring politician. He examines the statesman's early thoughts about war, race, religion, and imperialism, which are still our political challenges in the twenty-first century. Half a century after *The River War* appeared, this book was one of a handful of his works singled out by the Swedish Academy when it awarded Churchill the Nobel Prize for Literature in 1953. Now once again its reader can follow Churchill back to the war he fought on the Nile, beginning with the words of his youngest daughter. Before she died, Mary Soames wrote a new foreword published here, which concludes that in this splendid new edition we have in effect the whole history of *The River War* as Winston Churchill wrote it, and it makes memorable reading.

The River War Winston S. Churchill, 2020-10-16. Here Sir Winston S. Churchill tells the tale of the Anglo-Egyptian reconquest of the Sudan. It isn't just an account of the battles and the politics; it's the story of the destiny of the people of the region. Churchill, with his powerful insight, tells how the war changed the fates of England, Egypt, and the Arabian peoples in northeast Africa. In vivid style, the book describes the background to the war, the relationship of the Upper Nile to Egypt, the murder of General Charles George Gordon in the siege at Khartoum, the political reaction in England, and Kitchener's elaborate preparations for the war. While in the Sudan, Churchill participated in the Battle of Omdurman. Churchill comments at length on the mechanisation of war with use of the telegraph, railroad, and a new generation of weaponry.

The River War Winston Churchill, 1933 ***The River War*** Winston Churchill, 1902 ***The River War*** Winston Churchill, 1899. In *The River War*, Winston Churchill recounts the operations directed by Lord Kitchener of Khartoum on the Upper Nile from 1896 to 1899 that led to England's reconquest of the Egyptian Sudan. Churchill was present at the decisive battle of Omdurman, and he wrote this book while he was still a young cavalry officer.

The River War Winston Churchill, 2017-09-15. Excerpt from *The River War: An Historical Account of the Reconquest of the Soudan*. The fact that this book has survived in an expensive form, the excitement of the last three years emboldens me to set a smaller and cheaper edition before the public. The original text has been reduced by nearly a third; the appendices have been curtailed; the illustrations have been omitted, and by these and some devices of the printer, the story, which had hitherto required two heavy volumes, is now compressed into one which is lighter to handle and little more than a quarter of the price to buy. What has been jettisoned consists mainly of personal impressions and opinions, often controversial in character, which, however, were not essential to the narrative or to a

permanent record and which some indeed may think to have been not the most valuable part of the book What remains has been thoroughly revised in the light of better information and subsequent events the proofs have been diligently read by several authorities previously inaccessible About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The River War* Winston Churchill, 2017-05-10

The River War An Historical Account of the Reconquest of the Soudan 1899 by Winston Churchill concerning his experiences as a British Army officer during the Mahdist War 1881-99 in the Sudan *The River War* is a history of the British imperial involvement in the Sudan and the Mahdi War between the British forces led by Lord Kitchener and the Dervish forces led by Khalifa Abdallahi ibn Muhammad The Mahdi heir to the self proclaimed Mahdi Muhammad Ahmad who had embarked on a campaign to conquer Egypt to drive out the Ottomans *RIVER WAR* WINSTON. CHURCHILL, 2018 **The River War** Winston Churchill, 2015-06-26
