Rivers In The Sea:

Rivers to the Sea Sara Teasdale, 2021-08-03 *Rivers to the Sea* 1915 is a poetry collection by Sara Teasdale The poet's third collection published several years before she was awarded the 1918 Pulitzer Prize is a masterful collection of lyric poems meditating on life romance and the natural world Somber and celebratory symbolic and grounded in experience *Rivers to the Sea* revels in the mystery of existence itself The park is filled with night and fog The veils are drawn about the world The drowsy lights along the paths Are dim and pearly Spring Night the collection's opening poem begins in quiet reverie its speaker appreciating the beauty and mystery of a silent world while suffering from heartache and uncertainty Oh is it not enough to be Here with this beauty over me My throat should ache with praise and I Should kneel in joy beneath the sky Oh beauty are you not enough A lyric poet to her core Teasdale explores the highs and lows of love in her own life and in the lives of strangers Personal and communal public and private her work is a testament to a life spent in observance For Teasdale a poet who merges an abiding affection for flora and fauna with a critical distance from human affairs the belief in the life of the world with or without us is enough With a beautifully designed cover and professionally typeset manuscript this edition of Sara Teasdale's *Rivers to the Sea* is a classic work of American poetry reimagined for modern readers **Rivers**

YHWH in the Wind(s) Violet Chiswa Gandiya, 2025-01-31 From interdisciplinary intertextual and comparative analytical

perspectives this book engages with the epistemologies of the Global South and Global North to reveal a fresh insight into the image of YHWH in the guise of the phenomenal wind s and the purpose of this image in the biblical Hebrew tradition Therefore this book showcases YHWH appearing with the potent wind s to create and transform chaos into cosmic order at primal creation Likewise this discourse presents YHWH breaking into the historical and social realm in his various sociopolitical roles to destroy all forms of chaotic force by his bluster of wind s and to establish maintain or restore world social order founded on his rule of justice and righteousness This accounts for the view that all creation and order originate from YHWH and are maintained by YHWH s innate rules of ethical governance This fresh insight into the sights and sounds of YHWH asserting his rule in the dramaturgical wind s not only renders new meaning to biblical texts within their contexts but also offers a persuasive message and alluring theological reflections that can shape new discourses to engage and address contemporary theological and social issues of equity justice and harmony within YHWH s intended design of world and social order

Albany Law Journal ,1893 *Fishing, Gone?* Sid Dobrin,2019-03-27 Humans have a rapacious relationship with the world s ocean extracting immeasurable quantities of its inhabitants and resources while simultaneously depositing unbound sums of pollution into it If we are to move toward sustainable practices then we must first move toward ways of thinking about fish and fisheries beyond mere economic agendas And there is one group in particular who could make an impact saltwater anglers Recreational saltwater fishing is big business and big culture The industry is one of the largest in the United States but that has not translated into a cohesive effort agenda or ethic Saltwater anglers a diverse group with a range of motivations do not belong to a single organization through which to galvanize significant voting or lobbying power toward conservation regulation As a result federal policymakers have traditionally focused on commercial harvesting interests Dubbed the most contemplative of pastimes recreational fishing provides a valuable perspective on how humans interact with saltwater environments Fishing Gone builds on this tradition of reflection and opens up the saltwater sportfishing life as a method for thinking through the current status of marine fisheries and environment Author Sid Dobrin calls on fellow saltwater anglers to reconsider their relationship to fishes and the ocean the sport can no longer be only about the joy and freedom of fishing but it must also be about living for the ocean living with the ocean and living through the ocean It is about securing the opportunity to fish on while meeting the economic and environmental challenges that lie ahead
