## **Riverside Killer:**

**The Riverside Killer** Christine Keers, Dennis St. Pierre, 1996 The story of the Riverside Killer is told by the homicide detective who cracked the case and covers the efforts of the investigative team the double life of stock clerk William Lester Suff and his six year murder spree Original **Riverside Killer** Keers, St. Pierre, 2000-05-01 [Perfect Victims](#) Bill James, 2011-07-07 The Black Dahlia case The Manson murders The Zodiac Killer The slaughter of JonBenet Ramsay These killings among many others in Bill James's astonishing chronicle of the history of American crime have all created a frenzy of interest and speculation about human nature And while many of us choose to avoid the news about gruesome murders Bill James contends that these crime stories which create such frenzy and have throughout history are as important to understanding our society culture and history as anything we may consider to be a more serious subject The topic envelopes our society so completely we almost forget about it James looks at the ways in which society has changed by examining the development of how crimes have been committed investigated and prosecuted The book takes on such issues as the rise of an organized police force the controversial use of the death penalty the introduction of evidence such as fingerprinting and DNA and the unexpected ways in which the most shocking crimes have shaped the criminal justice system and our perceptions of violence **Understanding Sexual Serial Killing** Frederick Toates, Olga Coschug-Toates, 2022-06-02 Why do some people engage in serial killing for sexual pleasure This book considers the phenomenon of sexual serial killing from the perspective of motivation theory as advanced in psychology and neuroscience By examining biological psychological and social determinants it develops a model of sexual killing that integrates widely dispersed existing literature The first part of the book reviews scientific data and theories while the second part presents biographical sketches of 80 sexual killers and links their early development and later killing to current theoretical understanding The book examines cases of serial killers from the USA Western Europe Iran Australia and South Africa and it also includes an account of killers from the USSR made available to non Russian speakers for the first time Deliberately written to avoid jargon Understanding Sexual Serial Killing is accessible to students scholars and professionals across psychology sociology forensic science and law *Popular Crime* Bill James, 2012-05-08 Originally published 2011 With new addendum **The Consciousness Plague** Paul Levinson, 2003-08-16 At last we get Paul Levinson's superb forensic sleuth Phil D Amato in a full length novel If you know Phil from his previous appearances I need say no more If you don't kick back and enjoy a mystery that spans the ages said Jack McDevitt of *The Silk Code* the first Phil D Amato novel Now D Amato hero of a number of stories published in *Analog* is back The Consciousness Plague is about memory more particularly how the loss of memory in slivers of time deducted from a growing number of individuals can subtly undermine and play havoc with everything from the investigation of serial stranglings to candlelight dinners Dr D Amato NYPD forensic detective investigates a spate of unusual cases of memory loss and finds evidence of a bacteria like organism that has lived in our brains since our origin as a species and may be responsible for our very

consciousness There s evidence for this consciousness bug in the ancient Phoenician and Viking cultures and everywhere he looks in our world A new antibiotic crosses the blood brain barrier and inadvertently kills this essential bug Phil himself is a victim of the memory drain and must struggle to get the proper authorities to pay attention before everyone loses so much memory that they forget that they forgot in the first place     **Federal Register** ,1989-02     **VIASMAE: An Intrigue** A.M.
