Road From Damascus The Impact Of Pauls Conversion On His Life Thought And Ministry:

The Road from Damascus Richard N. Longenecker, 1997 The august contributors to this volume examine the nature of Paul's Damascus Road experience and the impact of that experience on his thought and ministry and explore how Paul's experience functions as a paradigm for Christian thought today *Imitating Jesus* Richard A. Burridge, 2007-10-22 In contrast to many studies of New Testament ethics which treat the New Testament in general and Paul in particular this book focuses on the person of Jesus himself Richard Burridge maintains that imitating Jesus means following both his words which are very demanding ethical teachings and his deeds and example of being inclusive and accepting of everyone Burridge carefully and systematically traces that combination of rigorous ethical instruction and inclusive community through the letters of Paul and the four Gospels treating specific ethical issues pertaining to each part of Scripture The book culminates with a chapter on apartheid as an ethical challenge to reading the New Testament using South Africa as a contemporary case study enables Burridge to highlight and further apply his previous discussion and conclusions *The Morality of Paul's Converts* Edwin D. Freed, 2014-12-05 A careful analysis of Paul's letters shows that in every church there were two main groups of converts those who were baptized and those being instructed for baptism Such analysis also makes it possible to determine which parts of each letter were directed towards which group Baptism was the rite by which converts were forgiven their past sins and became members of a renewed community of God from which any who continued to sin were expelled *The Morality of Paul's Converts* argues that Paul was always more concerned with how converts behaved than with what they believed about Christ Paul remained a Jew even after he accepted Jesus as the Messiah Paul eventually developed beliefs about Jesus as the Son of God in order to win Gentile converts to faithfulness but this careful analysis of his writings reveals that his primary concern was always the morality of converts His message always remained focused on faithfulness toward God and moral probity ***Isaiah's Servant in Paul*** Daniel M. I. Cole, 2021-07-02 Paul seems to read Isaiah's Servant with reference to himself Daniel Cole examines Paul's use of texts within Isa 49:5-4 to explain why the apostle does this and what the ethical implications are He demonstrates that the coherent salvation history of the Servant prophecy guides Paul throughout *Paul* Geoffrey Harris, 2009 The SCM Core Text Paul provides an overview of the life and thought of the apostle Paul but unlike many other works it does not separate out Paul the theologian from Paul the missionary Geoffrey Harris seeks to reconcile Paul the thinker and Paul the man of action Some conceptions and misunderstanding about Paul are dispelled The study of the life and writings of the apostle Paul is a core component of every course on the New Testament and on early Church history ***Confronting Religious Violence*** Richard A. Burridge, Jonathan Sacks, 2017-10-30 In *Confronting Religious Violence* twelve international experts from a variety of theological philosophical and scientific fields address the issue of religious violence in today's world The first part of the book focuses on the historical rise of religious conflict beginning with the question of whether the New Testament leads to supersessionism and looks at the growth of anti

Semitism in the later Roman Empire The second part comprises field report studies of xenophobia radicalism anti-Semitism and Islamophobia surrounding the conflicts in the Middle East The third part reflects on moral philosophical legal and evolutionary influences on religious freedom and how they harm or help the advancement of peace The final part of the volume turns to theological reflections discussing monotheism nationalism the perpetuation of violence the role of mercy laws and freedom in combating hate and practical approaches to dealing with pluralism in theological education **Acts L.** Scott Kellum, 2020-11-15 The Exegetical Guide to the Greek New Testament EGGNT closes the gap between the Greek text and the available lexical and grammatical tools providing all the necessary information for greater understanding of the text The series makes interpreting any given New Testament book easier especially for those who are hard pressed for time but want to preach or teach with accuracy and authority Each volume begins with a brief introduction to the particular New Testament book a basic outline and a list of recommended commentaries The body is devoted to paragraph by paragraph exegesis of the Greek text and includes homiletical helps and suggestions for further study A comprehensive exegetical outline of the New Testament book completes each EGGNT volume *The New Testament* Donald A. Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament Hagner deals with the New Testament both historically and theologically employing the framework of salvation history He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety Although the volume covers typical questions of introduction such as author date background and sources it focuses primarily on understanding the theological content and meaning of the texts putting students in a position to understand the origins of Christianity and its canonical writings Throughout Hagner delivers balanced conclusions in conversation with classic and current scholarship The book includes summary tables diagrams maps and extensive bibliographies **Spirit and Kingdom in the Writings of Luke and Paul** Youngmo Cho, 2007-01-01 The relationship between Spirit and Kingdom is a relatively unexplored area in Lukan or Pauline studies This book offers a fresh perspective of two different biblical writers on the subject It explores the difference between Luke and Paul's understanding of the Spirit by examining the specific question of the relationship of the concept of the Spirit to the concept of the Kingdom of God in each writer The Origins of Pauline Pneumatology Finny Philip, 2005 Finny Philip inquires into Paul's initial thoughts on the Holy Spirit Paul's conviction that he was called to be an apostle to the Gentiles and that God bestowed the Spirit upon the Gentiles apart from Torah obedience is the basis for any inquiry on this subject Central to Philip's argument is Paul's conviction that God graciously endowed his Gentile converts with the gift of the Spirit an understanding that is rooted primarily in his conversion experience and secondarily in his experience with and as a missionary of the Hellenistic community in Antioch In examining the range of expectations of the Spirit that were present in both Hebrew scripture and in the wider Jewish literature the author comes to the conclusion that such a concept is rare and that it is usually the covenant

community to which the promise of the Spirit is given Furthermore Paul s own pre Christian convictions about the Spirit a result of his own self perception as a Pharisee and persecutor of the church display continuity between his thought patterns and those of Second Temple Judaism Paul s Damascus experience was an experience of the Spirit His experience of the glory of God in the face of Jesus Christ 2 Cor 3 1 4 6 provided him with the belief that there was now a new relationship with God which was possible through the sphere of the Spirit In addition Paul was influenced by the Hellenists whose theological beliefs included the perception of the church as the eschatological temple in which the Spirit of God is the manifest presence of God It is in these notions that one may trace the origins of Paul s thoughts on the Holy Spirit
