## Road From Paradise Prospects For Democ:

**The Road from Paradise** Stjepan Gabriel Me\_trovi\_,1993-01-01 The 1989 fall of communism in Eastern Europe occurred in a period when Western intellectuals were involved in a confusing discourse on a number of other dramatic endings the end of modernity the end of the century even the possible end of sociology Against this backdrop the authors focus on continuities based on the habits of the heart of those who threw off communism in Eastern Europe contrasting them with Western modes of thought Their cultural explanation draws on theories of Tocqueville Durkheim and others to examine positive as well as negative aspects of the nations that survived communism While focusing on the Balkans they also make cautious prognoses for the rest of Eastern Europe Multiplicity of Nationalism in Contemporary Europe Ireneusz Paweł Karolewski,Andrzej Marcin Suszycki,2010-01-01 Nationalism remains one of the key political societal and socio psychological phenomena in contemporary Europe The international scholars assembled in this edited collection suggest that the use of three perspectives supranationalism boundary making nationalism and regional nationalism may be promising as an explanatory framework for the analysis of nationalism in Europe The volume distances itself from older dichotomies such as civic and ethnic nationalism and questions the one sided normativity of nationalism in particular regarding the concept of liberal nationalism It argues that a promising approach to contemporary nationalism should reflect the multiplicity of nationalism *For East is East* Wojciech Skalmowski,2003 The liber amicorum is a collection of 40 articles written by Polish Russian Belgian and French philologists about the themes of the jubilarian s interests and academic research general linguistics comparatism and etymology relations between Poland and the World modern Polish literature Russian literature and culture 18 20th century The contributions are representative for the varied horizon of historical linguistic literary and cultural interests of Prof Skalmowski *The Balkanization of the West* Stjepan Mestrovic,2004-08-02 This book takes the lid off the confused Western response to the Balkan war The author raises a series of timely and acute questions about the future of postmodernism and postcommunism **State Formation, Party System, and the Prospect for Democracy in Indonesia** M. Ryaas Rasyid,1994 *The SAGE Handbook of the Sociology of Religion* James A Beckford,Jay Demerath,2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when

religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009     Balkan holocausts? of democratization identifying zones of certainty and uncertainty Challenging many generally accepted ideas about small states and their transitions to democracy this book places Slovenia's pattern of democratization in the wider regional context of eastern and central European post communist transitions

**Living Under Water** Kevin J. Adams, 2022-01-25 Our truest identity isn't something we create or build ourselves It's a gift we receive We live under water What does baptism mean And what do we do with it Kevin Adams an experienced pastor and church planter who has baptized people of all ages and spiritual origins makes the case that baptism isn't merely a one time ceremony but something to be lived and affirmed throughout one's life In *Living under Water* Adams shares stories that illustrate how baptism shapes one's identity and enters us into an alternate narrative one ongoing since the dawn of creation through which we understand our truest selves with all our joy and trauma and by which we are united with a group of people unbound by race or language continent or generation Foregrounding baptism in the lives of Christians means foregrounding baptism in the life of the church Anchored in both theology and real world experience Adams shows how that can happen while engaging honestly with the history and ongoing reality of baptism's corruptions and abuses This book is for pastors and parishioners of any Christian tradition who long for baptism to be bigger than a set of doctrinal bullet points nothing less than the gospel story enacted with water

**Revolution And Transition In East-central Europe** David Mason, 2018-10-08 Eastern and Western Europe continue to change in their relationship to one another and in their ongoing dynamic with the post Soviet states Economic development electoral upheaval and the Bosnian crisis all color the transition from communism to democracy and from a Cold War outlook to a new global order still taking shape In this fully revised and updated edition of his popular and critically acclaimed text David Mason brings the revolutionary events of 1989 into context with the transitional yet turbulent 1990s We see new parties new politics new constitutions and new opportunities in light of economic shock therapies left turns in recent elections and dissolving sovereignties and alliances Despite savage ethnic conflict economic scarcity and political insecurity Mason shows us that East Central Europe is consolidating and reemerging as a region to be reckoned with on the global stage

Anthony Giddens Stjepan Mestrovic, 2005-08-31 Anthony Giddens is arguably the world's leading sociologist In this controversial contribution to the Giddens debate Stjepan Mestrovic takes up and criticizes the major themes of his work particularly the concept of high modernity as opposed to postmodernity and his attempted construction of a synthetic tradition based on human agency and structure Testing Giddens theories against what is happening in the real world from genocide in Africa to near secession in Quebec Mestrovic discerns in the construction of synthetic traditions not the promise of freedom held out by Giddens but rather the ominous potential for new forms of totalitarian control
