authors as well as up to date translations by award winning translators The Road Not Taken Robert Frost, Louis Untermeyer, 1959 **The Road Not Taken** Robert Frost, 1971 The Road Not Taken and Other Poems Robert Frost, 2014-11-01 A deluxe edition of Frost's early poems selected by poet David Orr for the centennial of *The Road Not Taken*. For one hundred years Robert Frost's *The Road Not Taken* has enchanted and challenged readers with its deceptively simple premise: a person reaches a fork in the road facing a choice full of doubt and possibility. *The Road Not Taken and Other Poems* presents Frost's best loved poem along with other works from his brilliant early years including such poems as *After Apple Picking*, *The Oven Bird*, and *Mending Wall*. Award winning poet and critic David Orr's introduction discusses why Frost remains so central if often misunderstood in American culture and how the beautiful intricacy of his poetry keeps inviting generation after generation to search for meaning in his work. For more than sixty five years Penguin has been the leading publisher of classic literature in the English speaking world. With more than 1 500 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators. **The Collected Prose of Robert Frost** Robert Frost, 2006 Robert Frost is one of the most widely read, well loved and misunderstood of modern writers. In his day he was also an inveterate note taker, penning thousands of intense aphoristic thoughts, observations and meditations in small pocket pads and school theme books throughout his life. These notebooks transcribed and presented here in their entirety for the first time offer unprecedented insight into Frost's complex and often highly contradictory thinking about poetics, politics, education, psychology, science and religion, his attitude toward Marxism, the New Deal, World War as well as Yeats, Pound, Santayana and William James. Covering a period from the late 1890s to early 1960s, the notebooks reveal the full range of the mind of one of America's greatest poets. Their depth and complexity convey the restless and probing quality of his thought and show how the unruliness of chaotic modernity was always just beneath his appearance of supreme poetic control. Edited and annotated by Robert Faggen, the notebooks are cross referenced to mark thematic connections within these and Frost's other writings including his poetry, letters and other prose. This is a major new addition to the canon of Robert Frost's writings. **Early Poems** Robert Frost, 1998-06-01 Beloved American poet Robert Frost's first three books in one collection. This volume presents Frost's first three books: masterful and innovative collections that contain some of his best known poems including *Mowing*, *Mending Wall*, *After Apple Picking*, *Home Burial*, *The Oven Bird*, *Birches*, and *The Road Not Taken*. For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world. With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators. *The Robert Frost Encyclopedia* Nancy L.
