of blotter paper's development in the 1960s and its later flowering in the 1970s and 1980s and second the story of how San Francisco artist professor and freak McCloud began collecting blotter and ultimately became embroiled with the LSD trade. Burroughs and Allen Ginsberg as well as religious classics including biblical Buddhist Hindu and Gnostic texts. Crumb Literature: Autobiography and the Quest for Self* contains six chapters that chart Crumb's intellectual trajectory and explore the recurring philosophical themes that permeate his depictions of literary and biographical works and the ways he responds to them through innovative dazzling compositional techniques. Calonne explores the ways Crumb develops concepts of solitude despair desire and conflict as aspects of the quest for self in his engagement with the book of Genesis and works by Franz Kafka Jean Paul Sartre the Beats Charles Bukowski and Philip K. Dick as well as Crumb's illustrations of biographies of musicians Jelly Roll Morton and Charley Patton. Calonne demonstrates how Crumb's love for literature led him to attempt an extremely faithful rendering of the texts he admired while at the same time highlighting for his readers the particular hidden philosophical meanings he found most significant in his own autobiographical quest for identity and his authentic self.

Patrick O'Brian's Bodies at Sea Michael Leigh Sinowitz, 2014-08-05 An exploration of the complex roles that bodies both literally and figuratively play in the 21 volume Aubrey Maturin series reveals much about the novels many meditations on mind and body. Beginning with a consideration of genre norms and the bodies of the novels main characters the book's focus shifts to the ways the series offers interconnections between the human body and history. More literal considerations of the body examine O'Brian's depictions of drug use particularly the opium addiction that afflicts Stephen Maturin and human sexuality in its many guises. The work then focuses on *Desolation Island* the fifth novel in the series in light of the discussions above but also in terms of political and psychological tropes that draw upon the relationship of mind and body. Questions are examined about the relationship of reader to author and what sustains such a long narrative and what continues to bring a reader back again and again.
