Road Transport Law:

Road Transport Law, Etc ROAD TRANSPORT LAW.,1942 **Transport Law in Australia** John Livermore,2023-08-20

John Livermore's succinct monograph provides a useful overview of Australian transport law as of July 2017. This is a readable and useful publication which provides a good summary of Australian transport law. Simon Baughen, Professor of Shipping Law, Swansea University, Artho Cyraith Llongau. Extract from full review of the 3rd edition in *Journal of International Maritime Law* January 2020. Transport Law in Australia is a clear and well-researched resource covering all modes of transport. It should be the first port of call for logistic professionals, transport lawyers, and students when seeking to understand the legalities of transport in Australia. Russell Wiese, Director CTG Law. This updated edition of *Transport Law in Australia* describes the main sources of transport law, jurisdiction and courts, state immunity, and the legal role of transport intermediaries. The scope of the book is broad in that it encompasses maritime, road, rail, air, and multimodal transport law. Almost half the book is devoted to maritime and shipping law, which for an island nation with over 95% of its international trade carried by sea is as important as it is unsurprising. Whilst works of this nature have the potential to be a dry read, in this case the author has taken an approach which makes the book eminently readable and usable. The text is well supported by in-depth research and enhanced with comprehensive referencing, footnotes, tables of cases and statutes, as well as a selected bibliography. With Australian society and the economy vitally dependent on all modes of transport, this book will be a valuable addition for many in the transport community. This includes transport operators, shippers, and freight forwarders, transport regulators and lawyers, as well as academics, researchers, and students engaged in the study of transport. The author's practical and masterful approach to the subject should go a long way to ensuring the success of *Transport Law in Australia*, as well as being a valuable addition to the body of literature on this important topic. Barrie Lewarn, Professor, Australian Maritime College, National Centre for Ports and Shipping, University of Tasmania. Review of the 2nd edition of *Transport Law in Australia*.
