**Skies of Thunder** Caroline Alexander, 2024-05-14 A New York Times Editors Choice Riveting The New York Times From the New York Times bestselling author a breathtaking account of combat and survival in one of the most brutally challenging and rarely examined campaigns of World War II In April 1942 the Imperial Japanese Army steamrolled through Burma capturing the only ground route from India to China Supplies to this critical zone would now have to come from India by air meaning across the Himalayas on the most hazardous air route in the world SKIES OF THUNDER is a story of an epic human endeavor in which Allied troops faced the monumental challenge of operating from airfields hacked from the jungle and took on the Hump the fearsome mountain barrier that defined the air route They flew fickle untested aircraft through monsoons and enemy fire with inaccurate maps and only primitive navigation technology The result was a litany of both deadly crashes and astonishing feats of survival The most chaotic of all the war s arenas the China Burma India theater was further confused by the conflicting political interests of Roosevelt Churchill and their demanding nominal ally Chiang Kai shek Caroline Alexander who wrote the defining books on Shackleton s Endurance and Bligh s Bounty is brilliant at probing what it takes to survive extreme circumstances She has unearthed obscure memoirs and long ignored records to give us the pilots and soldiers eye views of flying and combat as well as honest portraits of commanders like the celebrated Vinegar Joe Stillwell and Claire Lee Chennault She assesses the real contributions of units like the Flying Tigers Merrill s Marauders and the British Chindits who pioneered new and unconventional forms of warfare Decisions in this theater exposed the fault lines between the Allies America and Britain Britain and India and ultimately and most fatefully between America and China as FDR pressed to help the Chinese nationalists in order to forge a bond with China after the war A masterpiece of modern war history

**The Burma Campaign** Frank McLynn, 2011-10-04 This history reveals the failures and fortunes of leadership during the WWII campaign into Japanese occupied Burma a thoroughly satisfying experience Kirkus Acclaimed

historian Frank McLynn tells the story of four larger than life Allied commanders whose lives collided in the Burma campaign one of the most punishing and protracted military adventures of World War II This vivid account ranges from Britain's defeat in 1942 through the crucial battles of Imphal and Kohima known as the Stalingrad of the East and on to ultimate victory in 1945 Frank McLynn narrative focuses on the interactions and antagonisms of its principal players William Slim the brilliant general Orde Wingate the idiosyncratic commander of a British force of irregulars Louis Mountbatten one of Churchill's favorites overpromoted to the position of Supreme Commander S E Asia and Joseph V. Stilwell a hard line and openly Anglophobic U S general With lively portraits of each of these men McLynn shows how the plans and strategies of generals and politicians were translated into a hideous reality for soldiers on the ground **Downfall** Richard B.

Frank, 2001-05-01 In a riveting narrative that includes information from newly declassified documents acclaimed historian Richard B. Frank gives a scrupulously detailed explanation of the critical months leading up to the dropping of the atomic bomb Frank explains how American leaders learned in the summer of 1945 that their alternate strategy to end the war by invasion had been shattered by the massive Japanese buildup on Kyushu and that intercepted diplomatic documents also revealed the dismal prospects of negotiation Here also for the first time is a comprehensive account of how Japan's leaders were willing to risk complete annihilation to preserve the nation's existing order Frank's comprehensive account demolishes long standing myths with the stark realities of this great historical controversy Rats Alley Peter Chasseaud, Alan
