**The Road to Wholeness** Laura Anne Mathis, 1986-12 **Dilemmas and Connections** Charles Taylor, 2014-04-07 There are always more things in heaven and earth than are dreamt of in one's philosophy and in these essays Charles Taylor turns to those things not fully imagined or avenues not wholly explored in his epochal *A Secular Age* Here Taylor talks in detail about thinkers who are his allies and interlocutors such as Iris Murdoch Alasdair MacIntyre Robert Brandom and Paul Celan He offers major contributions to social theory expanding on the issues of

nationalism democratic exclusionism religious mobilizations and modernity And he delves even more deeply into themes taken up in *A Secular Age* the continuity of religion from the past into the future the nature of the secular the folly of hoping to live by reason alone and the perils of moralism He also speculates on how irrationality emerges from the heart of rationality itself and why violence breaks out again and again In *A Secular Age* Taylor more evidently foregrounded his Catholic faith and there are several essays here that further explore that faith Overall this is a hopeful book showing how while acknowledging the force of religion and the persistence of violence and folly we nonetheless have the power to move forward once we have given up the brittle pretensions of a narrow rationalism
