keyword as initially elaborated by Raymond Williams in his seminal 1976 text *Keywords: A Vocabulary of Culture and Society* to present 100 concepts central to the study of travel writing as a literary form. Each entry in the volume is around 1 000 words; the style is more essayistic than encyclopaedic, with contributors reflecting on their chosen keyword from a variety of disciplinary perspectives. The emphasis on travelogues and other cultural representations of mobility drawn from a range of national and linguistic traditions ensures that the volume has a comparative dimension: the aim is to give an overview of each term in its historical and theoretical complexity, providing readers with a clear sense of how the selected words are essential to a critical understanding of travel writing. Each entry is complemented by an annotated bibliography of five essential items suggesting further reading.
