before me as the music escalated My white slippers brushed over the red roses My heart thumped I had waited so long for this moment Had I really made it this far Hundreds of eyes twinkled their approval But did they really think I was crazy I could almost hear the question I had been asked before Do you think it will be worth the wait Here I was at this pinnacle moment My first kiss These are the lessons of a young woman s life It may seem an unusual narrative as she saved her heart for love and grew up knowing that being different was a gift From her childhood years in the Blue Ridge Mountains of North Carolina to the stark poverty and tremendous courage and faith of the Ethiopians this is a riveting and inspiring story of God s sovereignty and faithfulness

Company Law and Sustainability

Beate Sjøfjell,Benjamin J. Richardson,2015-05-21 This investigation of the barriers to and opportunities for promoting environmental sustainability in company law provides an in depth comparative analysis of company law regimes across the world The social norm of shareholder primacy is the greatest barrier preventing progress and it also helps explain why voluntary action by companies and investors is insufficient By deconstructing the myth that shareholder primacy has a legal basis and challenging the economic postulates on which mainstream corporate governance debate is based Company Law and Sustainability reveals a surprisingly large unexplored potential within current company law regimes for companies to reorient themselves towards sustainability It also suggests possible methods of reforming the existing legal infrastructure for companies and provides an important contribution to the broader debate on how to achieve sustainability
