University Press,1988 **'Un-American' Hollywood** Peter Stanfield, Frank Krutnik, Brian Neve, Steve Neale,2007-12-27 The concept of un Americanism so vital to the HUAC crusade of the 1940s and 1950s was resoundingly revived in the emotional rhetoric that followed the September 11th terrorist attacks Today s political and cultural climate makes it more crucial than ever to come to terms with the consequences of this earlier period of repression and with the contested claims of Americanism that it generated Un American Hollywood reopens the intense critical debate on the blacklist era and on the aesthetic and political work of the Hollywood Left In a series of fresh case studies focusing on contexts of production and reception the contributors offer exciting and original perspectives on the role of progressive politics within a capitalist media industry Original essays scrutinize the work of individual practitioners such as Robert Rossen Joseph Losey Jules Dassin and Edward Dmytryk and examine key films including The Robe Christ in Concrete The House I Live In The Lawless The Naked City The Prowler Body and Soul and FTA Films and Filming ,1987 **Freedom of Association** Robert J.

Bresler,2004-04-15 From colonial times to the information age an exhaustive survey of one of America s most contentious constitutional rights Freedom of Association Rights and Liberties under the Law chronicles the evolution of a right derived from but not granted in the First Amendment freedom of association An opening analysis of the Supreme Court s ruling against a gay adult member of the Boy Scouts of America illustrates the range and complexity of this issue Historical discussions of colonial America including the British Parliament s efforts to suppress political associations set the stage for a

careful scrutiny of the political and legislative activities of the 1950s and 1960s when the Supreme Court established freedom of association as a constitutionally protected right A concluding chapter delves into the contemporary issues of antidiscriminatory and campaign finance laws and explores the ever present tension between liberty freedom from the state and equality protection by the state Film Study Frank Manchel,1990 The four volumes of Film Study include a fresh approach to each of the basic categories in the original edition Volume three draws on the history of film **Sight and Sound** ,2002 **Book Review Index** ,1987 Every 3rd issue is a quarterly cumulation **The Hollywood Motion Picture Blacklist** Larry Ceplair,2022-09-06 Seventy five years ago the Hollywood blacklist ruined lives stifled creativity and sent waves of proscription and censorship throughout United States culture When the Hollywood Ten refused to answer the questions of the House Committee on Un American Activities about their membership in the Communist Party they were sentenced to prison the five who were under contract were fired by their studios and all were blacklisted from reemployment until they purged themselves of their communist taint By the 1950s this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members Dozens of others were graylisted as the result of rumors The Hollywood Motion Picture Blacklist Seventy Five Years Later offers new insights on the origins of the blacklist the characteristics of those blacklisted and the probability of future proscriptions of the blacklist type Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government Hollywood unions and motion picture studios Ceplair thoroughly examines the role of Jewish identity in many anti communist efforts a concept that has never been fully examined by scholars and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process *Personnel Management in Government Agencies and Nonprofit Organizations* Dennis Dresang,2017-06-14 The long awaited new edition of this highly praised text includes full coverage of policy issues and professional practice in nonprofit organizations as well as at federal state and local levels of government Retaining its accessible writing style this sixth edition examines the latest management theories such as employee engagement and motivation and current issues including disability privatization merit systems and family and medical leave roots the discussion in public policy issues providing students with a better understanding of the actors involved and the broader context of personnel administration provides abundant pedagogical tools including learning objectives summaries and discussion questions to guide student understanding and foster critical thinking includes exercises and case studies throughout the book for individual or group work helping students apply public personnel management concepts to real world situations In addition to full coverage of the increasingly important role of personnel management in nonprofit

Historical Dictionary of Film Noir Andrew Spicer,2010-03-19

Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959 Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a production category and therefore its existence and features cannot be established through reference to trade documents The Historical Dictionary of Film Noir is a comprehensive guide that ranges from 1940 to present day neo noir It consists of a chronology an introductory essay a bibliography a filmography and over 400 cross referenced dictionary entries on every aspect of film noir and neo noir including key films personnel actors cinematographers composers directors producers set designers and writers themes issues influences visual style cycles of films e g amnesiac noirs the representation of the city and gender other forms comics graphic novels television and videogames and noir s presence in world cinema It is an essential reference work for all those interested in this important cultural phenomenon
