

Robert Nozick

Andrew Bailey

Robert Nozick:

Philosophical Explanations Robert Nozick, 1983-03-17 Nozick develops new views on philosophy's central topics and weaves them into a unified perspective. He ranges widely over philosophy's fundamental concerns: the identity of the self, knowledge and skepticism, free will, the question of why there is something rather than nothing, the foundations of ethics, the meaning of life.

Anarchy, State, and Utopia Robert Nozick, 2013-11-12 The foundational text of libertarian thought, named one of the 100 Most Influential Books since World War II by *Times Literary Supplement*. First published in response to John Rawls' *A Theory of Justice*, Robert Nozick's *Anarchy, State, and Utopia* has since become one of the defining texts in classic libertarian thought. Challenging and ultimately rejecting liberal socialist and conservative agendas, Nozick boldly asserts that the rights of individuals are violated as a state's responsibilities increase and the only way to avoid these violations rests in the creation of a minimalist state limited to protection against force, fraud, theft, and the enforcement of contracts. Winner of the 1975 National Book Award, *Anarchy, State, and Utopia* remains one of the most philosophically rich defenses of economic liberalism to date. With a new foreword by Thomas Nagel, this revised edition introduces Nozick and his work to a new generation of readers.

Robert Nozick Ralf M. Bader, 2013-08-01 Volume 11 of the *Conservative and Libertarian Thinkers* series focuses on Robert Nozick and his work on libertarianism.

Robert Nozick Alan Lacey, 2014-12-18 Although best known for the hugely influential *Anarchy, State, and Utopia*, Robert Nozick (1938-2002) eschewed the label political philosopher because the vast majority of his writings and attention have focused on other areas. Indeed, the breadth of Nozick's work is perhaps greater than that of any other contemporary philosopher. This book is the first to give full and proper discussion of Nozick's philosophy as a whole, including his influential work on the theory of knowledge, his notion of tracking the truth, his metaphysical writings on personal identity and free will, his evolutionary account of rationality, his varying treatments of Newcomb's paradox, and his ideas on the meaning of life. Illuminating and informative, the book will be welcomed as an authoritative guide to Nozick's philosophical thinking.

Examined Life Robert Nozick, 1990-12-15 An exploration of topics of everyday importance in the Socratic tradition.

Robert Nozick Jonathan Wolff, 2018-03-07 Robert Nozick's *Anarchy, State, and Utopia* is one of the works which dominates contemporary debate in political philosophy. Drawing on traditional assumptions associated with individualism and libertarianism, Nozick mounts a powerful argument for a minimal nightwatchman state and challenges the views of many contemporary philosophers, most notably John Rawls. Jonathan Wolff's new book is the first full-length study of Nozick's work and of the debates to which it has given rise. He situates Nozick's work in the context of current debates and examines the traditions which have influenced his thought. He then critically reconstructs the key arguments of *Anarchy, State, and Utopia*, focusing on Nozick's Doctrine of Rights, his Derivation of the Minimal State, and his Entitlement Theory of Justice. The book concludes by assessing Nozick's place in contemporary political philosophy.

Robert Nozick David Schmidtz, 2002-02-21 This is a 2002 introductory volume to Robert Nozick, one

of the dominant philosophical thinkers of the current age It is part of a new series Contemporary Philosophy in Focus Each volume in the series will consist of newly commissioned essays that will cover all the major contributions of a preeminent philosopher in a systematic and accessible manner Robert Nozick is one of the most creative and individual philosophical voices of the last 25 years His most famous book *Anarchy, State and Utopia* 1974 presents the classic defense of the libertarian view that only a minimal state is just Nozick has also made significant contributions in later publications to such areas as rational choice theory ethics epistemology and philosophy of mind Outside philosophy the book will be of particular interest to professionals and students in political science law economics sociology and psychology

Robert Nozick A R Lacey, 2014-05-09 This book is the first to give full and proper discussion of Nozick's philosophy as a whole Lacey not only examines *Anarchy, State and Utopia* but also explores Nozick's work on the theory of knowledge his metaphysical writings including those on personal identity and free will and the moral basis of his political philosophy as outlined in *Philosophical Explanations*

Nozick, Autonomy and Compensation Dale F. Murray, 2007-08-15 Murray examines Nozick's critique of the welfare state argues the case for compensation and then offers a novel reconstruction of Nozick's libertarianism in the light of this analysis as a possible approach for more positive rights

The Cambridge Companion to Nozick's Anarchy, State, and Utopia Ralf M. Bader, John Meadowcroft, 2011-09 This Companion presents a detailed assessment of Nozick's *Anarchy, State and Utopia* and analyses its contribution to political philosophy

The Normative Theory of Individual Choice Robert Nozick, 1990

Nozick's Libertarian Project Mark D. Friedman, 2011-03-17 Elaborating on and defending a rigorous rights based libertarianism Mark D Friedman here develops the seminal ideas articulated by Robert Nozick in his landmark work *Anarchy, State and Utopia* Consolidating more than three decades of scholarly and popular writing to have emerged in the wake of Nozick's text Friedman offers a 21st century defense of the minimal libertarian state In the course of this analysis and drawing on further insights offered by the work of F A Hayek Nozick's Libertarian Project shows that natural rights libertarianism can offer convincing answers to the fundamental questions that lie at the heart of political theory The book also rebuts many of the most common criticisms to have been levelled at this worldview including those from left libertarians and from egalitarians such as G A Cohen

Invariances Robert Nozick, 2001 Casting cultural controversies in a whole new light an eminent philosopher presents bold new theories that take into account scientific advances in physics evolutionary biology economics and cognitive neuroscience

The Political Theory of Robert Nozick Santosh Bakaya, 2006-11-30 In this book the author has tried to evaluate the Political Theory of Robert Nozick who has revived the classical liberal ideology of John Locke Nozick's minimal state emerges voluntarily from the Lockean state of Nature which he has revived in the very first chapter of *Anarchy, State and Utopia* is the best anarchic situation one reasonably could hope for Nozick has indeed made an immense contribution to political theory and no student of political theory can shrug it off casually

John Rawls Jon Mandle, Sarah Roberts-Cady, 2020-06-01 John Rawls is widely considered one of the

most important political philosophers of the 20th century and his highly original and influential works play a central role in contemporary philosophical debates Given the vast scholarship written in response to his work students and scholars need some guidance in finding and understanding the central debates and arguments This book meets this need like no other collection has before This collection of original essays is divided into ten parts with each part covering a major area of philosophical debate inspired by Rawls s work In each part there is an introductory essay providing an overview of the relevant arguments from Rawls s work and the historical contours of the debate that ensued Each introductory essay is followed by two essays written by scholars who take opposing positions on the debate moving the debate forward in a fruitful way

First Philosophy - Second Edition Andrew Bailey, 2011-04-05 First Philosophy brings together fifty four classic and contemporary readings on seven central philosophical topics Mindful of the intrinsic difficulty of the material the editors provide comprehensive introductions both to each topic and to each individual selection By presenting a detailed discussion of the historical and intellectual background to each piece the editors enable readers to approach the material without unnecessary barriers to understanding A brief introduction to arguments is included as are appendices on terminology and philosophical puzzles and paradoxes

Poverty, Justice, and Western Political Thought Sharon K. Vaughan, 2008-01-01 The number of people who live in poverty has always far exceeded the number who do not The normative question of how governments ought to treat the poor goes to the heart of the idea of justice and thus it is an essential element of political theory Yet there has been no formal study of the treatment of poverty in Western political thought The chapters of Poverty Justice and Western Political Thought include an analysis of the main arguments of Plato Aristotle Locke Rousseau Smith Mill Tocqueville Hegel Marx Rawls and Nozick about the causes effects and solutions to the problem of poverty and how their treatments of poverty relate to the idea of a just society This book asks What is the relationship between poverty and justice in the state If we are to understand the relationship between the poor and the idea of a just state in the tradition of Western political thought then we must be able to recognize how these theorists definitions assumptions and conclusions about poverty contribute to or detract from the idea of justice At the core of this work is the claim that the demands of justice necessarily require that the political theorist engage with the problem of poverty with the goal being to suggest some thoughtful and reasonable approaches to the problem Poverty Justice and Western Political Thought demonstrates that historical analysis and reconstruction of the treatment of poverty is critical because we are part of a historical community Rather than being artifacts of scholarship philosophical debates and ideas that are hundreds and thousands of years old continue to be relevant today because they are part of the foundation for society s beliefs about who the poor are why they are poor and what responsibility if any society has to them This book will benefit political theorists and philosophers interested in the history of political thought poverty or distributive justice as well as non theorists Book jacket

The Broadview Introduction to Philosophy: Concise Edition Andrew Bailey, 2024-01-18 The concise edition of The Broadview

Introduction to Philosophy offers 44 historical and contemporary readings on core topics in Western philosophy including philosophy of religion theories of knowledge metaphysics ethics social political philosophy and issues of life death and happiness Unlike other introductory anthologies the Broadview offers considerable apparatus to assist the student reader in understanding the texts without simply summarizing them Each selection includes an introduction discussing the context and structure of the primary reading as well as thorough annotations designed to clarify unfamiliar terms references and argument forms Canonical texts from the history of philosophy are presented alongside contemporary scholarship women authors are included throughout

The Encyclopedia of Libertarianism Ronald Hamowy, 2008-08-15 As a continuation of the older tradition of classical liberalism libertarian thinking draws on a rich body of thought and scholarship Contemporary libertarian scholars are continuing that tradition by making substantial contributions to such fields as philosophy jurisprudence economics evolutionary psychology political theory and history in both academia and politics With more than 300 A to Z signed entries written by top scholars The Encyclopedia of Libertarianism is purposed to be a useful compilation of and introduction to libertarian scholarship The Encyclopedia starts with an introductory essay offering an extensive historical and thematic overview of key thinkers events and publications in the development of libertarian thought The Reader's Guide groups content for researchers and students alike allowing them to study libertarianism topically biographically and by public policy issues Key Features Entries conclude with bibliographies and references for further reading and cross references to related entries Each entry provides an introduction to a topic or policy question relevant to libertarianism or a biography of a person who has had an impact on libertarianism Editors take special care to ensure entries clearly explain libertarian approaches to issues do not take sides on disputed matters or engage in polemics and represent the views of all sides fairly and accurately

Freedom Katrin Flikschuh, 2013-04-23 In this engaging new book Katrin Flikschuh offers an accessible introduction to divergent conceptions of freedom in contemporary liberal political philosophy Beginning with a discussion of Isaiah Berlin's seminal distinction between negative and positive liberty the book goes on to consider Gerald MacCallum's alternative proposal of freedom as a triadic concept The abiding influence of Berlin's argument on the writings of contemporary liberal philosophers such as Robert Nozick Hillel Steiner Ronald Dworkin and Joseph Raz is fully explored in subsequent chapters Flikschuh shows that instead of just one negative and one positive freedom tradition contemporary liberal thinkers articulate the meaning and significance of liberal freedom in many different and often conflicting ways What should we make of such diversity and disagreement Should it undermine our confidence in the coherence of liberal freedom Should we strive towards greater conceptual and normative unity Flikschuh argues that moral and political disagreement about freedom can often be traced back to differences in underlying metaphysical presuppositions and commitments Yet these differences do not show liberal freedom debates to be confused or incoherent On the contrary they demonstrate the centrality of this philosophically elusive idea to the continued vitality of liberal political thinking

Right here, we have countless books **Robert Nozick** and collections to check out. We additionally present variant types and after that type of the books to browse. The normal book, fiction, history, novel, scientific research, as with ease as various new sorts of books are readily easy to get to here.

As this Robert Nozick, it ends in the works monster one of the favored ebook Robert Nozick collections that we have. This is why you remain in the best website to see the amazing book to have.
