**Harrison Bardwell**

## **Robertas Flying Courage:**

*Airplane Girls* Harrison Bardwell, 2003 The first story of Roberta Langwell Girl Sky Pilot who becomes involved in many adventures in her transcontinental airplane flight Flying Adventurers David K. Vaughan, 2023-05-24 Aviation books were a unique and prolific subgenre of American juvenile literature from the early to mid 20th century drawing upon the nation's intensifying interest The first books of this type Harry L Saylor's series *Airship Boys* appeared shortly after the Wright brothers' first successful flight in 1909 Following Charles Lindbergh's solo flight across the Atlantic popular series like Ted Scott and Andy Lane established the golden age of juvenile aviation literature This work examines the 375 juvenile aviation series titles published between 1909 and 1964 It weaves together several thematic threads including the placement of aviation narratives within the context of major historical events the technical accuracy in depictions of flying machines and the ways in which characters reflected the culture of their eras Three appendices provide publication data for each series a list of referenced aircraft and an annotated bibliography there is a full index **Disciplining Girls** Joe Sutcliff Sanders, 2011-12-01 At the heart of some of the most beloved children's novels is a passionate discussion about discipline love and the changing role of girls in the twentieth century Joe Sutcliff Sanders traces this debate as it began in the sentimental tales of the mid nineteenth century and continued in the classic orphan girl novels of Louisa May Alcott Frances Hodgson Burnett L M Montgomery and other writers still popular today Domestic novels published between 1850 and 1880 argued that a discipline that emphasized love was the most effective and moral form These were the first best sellers in American fiction and by reimagining discipline as a technique of the heart rather than of the whip they ensured their protagonists a secure if limited claim on power This same ideal was adapted by women authors in the early twentieth century who transformed the sentimental motifs of domestic novels into the orphan girl story made popular in such novels as *Anne of Green Gables* and *Pollyanna* Through close readings of nine of the most influential orphan girl novels Sanders provides a seamless historical narrative of American children's literature and gender from 1850 until 1923 He follows his insightful literary analysis with chapters on sympathy and motherhood two themes central to both American and children's literature and concludes with a discussion of contemporary ideas about discipline abuse and gender *Disciplining Girls* writes an important chapter in the history of American women's and children's literature enriching previous work about the history of discipline in America **From Birdwomen to Skygirls** Fred Erisman, 2009-11-30 Close on the heels of the American public's early enthusiasm over the airplane came aviation stories for the young From 1910 until the early 1960s they exalted flight and painted the airplane as the most modern and adventuresome of machines Most of the books were directed at boys however a substantial number sought a girls audience Erisman's account of several aviation series and other aviation books for girls fills a gap in the history and criticism of American popular culture It examines the stories of girls who took to the sky of the sources where authors found their inspiration and of the evolution of aviation as an enterprise open to all From the

heady days of early aviation through the glory days of commercial air travel girls aviation books trace American women's participation in the field They also reflect changes in women's roles and status in American society as the sex sought greater equality with men As aviation technology improved the birdwomen of the pre World War I era capable and independent minded gave way to individualistic 1930s adventurers patterned on Amelia Earhart Jacqueline Cochran and other feminine notables of the air Their stories lead directly into the coming of commercial air travel Career stories paint the increasingly glamorous world of the 1940s and 1950s airline stewardess the unspoken assumptions lying behind that profession and the inexorable effects of technological and economic change By recovering these largely forgotten books and the social debates surrounding women's flying Erisman makes a substantial contribution to aviation history women's history and the study of juvenile literature This first comprehensive study of a long overlooked topic recalls aviation experiences long past and poses provocative questions about Americans attitudes toward women and how those attitudes were conveyed to the young

**Roberta's Flying Courage** Harrison Bardwell,2003-06-01 A new series of books about girl aviators and their marvelous accomplishments in the air Roberta Langwell is a heroine of modern times She wins a plane by means of her remarkable air feats and keeps the reader tense with excitement from cover to cover The series concentrates on the efforts of the girls and women who like their male counterparts have obtained wonderful results in the air The Dime Novel in Children's

Literature Vicki Anderson,2014-10-16 With their rakish characters sensationalist plots improbable adventures and objectionable language like swell and golly dime novels in their heyday were widely considered a threat to the morals of impressionable youth Roundly criticized by church leaders and educators of the time these short quick moving pocket sized publications were also inevitably wildly popular with readers of all ages This work looks at the evolution of the dime novel and at the authors publishers illustrators and subject matter of the genre Also discussed are related types of children's literature such as story papers chapbooks broadsides serial books pulp magazines comic books and today's paperback books The author shows how these works reveal much about early American life and thought and how they reflect cultural nationalism through their ideological teachings in personal morality and ethics humanitarian reform and political thought Overall this book is a thoughtful consideration of the dime novel's contribution to the genre of children's literature Eight appendices provide a wealth of information offering an annotated bibliography of dime novels and listing series books story paper periodicals characters authors and their pseudonyms and more A reference section index and illustrations are all included *Airplane Girls and the Mystery Ship* Harrison Bardwell,2003 A new series of books about girl aviators and their marvelous accomplishments in the air Roberta Langwell is a heroine of modern times She wins a plane by means of her remarkable air feats and keeps the reader tense with excitement from cover to cover The series concentrates on the efforts of the girls and women who like their male counterparts have obtained wonderful results in the air *The Lurtiss Field*

*Mystery* Harrison Bardwell,2003 A new series of books about girl aviators and their marvelous accomplishments in the air

Roberta Langwell is a heroine of modern times She wins a plane by means of her remarkable air feats and keeps the reader tense with excitement from cover to cover The series concentrates on the efforts of the girls and women who like their male counterparts have obtained wonderful results in the air *The Mystery of Seal Islands* Harrison Bardwell,2023-11-11 In *The Mystery of Seal Islands* by Harrison Bardwell readers are taken on a thrilling journey filled with suspense and intrigue as they follow the protagonist s quest to uncover the secrets hidden within the remote Seal Islands Bardwell s writing style captures the essence of mystery and adventure keeping readers on the edge of their seats with unpredictable twists and turns Set in a literary context reminiscent of classic detective novels this book is a page turner that will appeal to fans of the genre The vivid descriptions of the island landscape and the mysterious inhabitants add depth to the story creating a rich and immersive reading experience Harrison Bardwell known for his expertise in writing suspenseful narratives drew inspiration from his own travels to remote islands and his fascination with enigmatic landscapes The author s keen eye for detail and talent for building suspense make *The Mystery of Seal Islands* a captivating and unforgettable read Bardwell s background in mystery fiction shines through in this masterfully crafted novel For fans of mystery and adventure literature *The Mystery of Seal Islands* is a must read Harrison Bardwell s skillful storytelling coupled with the book s immersive setting and gripping plot will leave readers eagerly turning the pages to uncover the secrets of Seal Islands Girls Series Books University of Minnesota.
