Maria Simioli, 2025-05-20 Italiano In un'epoca segnata dal fallimento dei modelli di crescita illimitata e dall'urgente necessità di ripensare i patrimoni esistenti questo volume indaga i territori della contrazione spazi sospesi sottoutilizzati abbandonati come luoghi della possibilità capaci di accogliere nuove forme di abitabilità entro i limiti ecologici sociali e culturali del nostro tempo Alla base della riflessione si pone un cambio di prospettiva la crisi diviene occasione progettuale il vuoto materia sensibile La transizione intesa come condizione spaziale e temporale viene esplorata nelle sue molteplici declinazioni mutazione movimento passaggio e assunta come chiave interpretativa per rileggere questi territori come spazi in attesa di un futuro imminente In questi territori si innescano nuove logiche di trasformazione basate sulla circolarità e sulla costruzione di alleanze locali contesti in cui spazio pubblico metabolismo urbano resilienza e gestione del rischio si intrecciano in una riflessione ampia e profonda orientata alla costruzione di futuri aperti inclusivi e sostenibili Una progettualità che si fa processo capace di adattarsi all'incertezza di evolvere e di stratificarsi In questa prospettiva si inserisce il caso dell'area ex industriale di Bagnoli Coroglio paradigma di una lunga e complessa vicenda di deindustrializzazione fallimenti attese e visioni mai attuate Il volume raccoglie gli esiti di un percorso di ricerca e didattica condotto all'interno dei 9 laboratori didattici di progettazione attraverso un approccio interdisciplinare multiscale e plurale che si traduce in strategie territoriali visioni spaziali e ipotesi di progetto per una rigenerazione ecologicamente orientata e socialmente consapevole Territori della Co[ntr]azione quindi un invito a ripensare il progetto di trasformazione come pratica aperta e adattiva capace di attivare percorsi condivisi in grado di generare valore attraverso la collaborazione tra saperi comunità e istituzioni English In an epoch marked by the collapse of paradigms of unbounded growth and the pressing imperative to rethink our inherited legacies this volume explores the territories of contraction liminal suspended underutilized and abandoned spaces as sites of potentiality capable of nurturing novel forms of inhabitation within the ecological social and cultural thresholds of our time At the heart of this reflection lies a fundamental shift in perspective crisis is reimagined as an opportunity for design and absence as a sensitive generative material Transition understood as both a spatial and temporal condition is investigated in its manifold expressions mutation movement passage and embraced as a critical lens for reinterpreting these territories as spaces poised for an imminent and emergent future Within such contexts new logics of transformation arise grounded in principles of circularity and the forging of local alliances settings in which public space urban metabolism resilience and risk management intertwine within a comprehensive and profound reflection oriented towards the cultivation of open inclusive

and sustainable futures Here design is conceived not merely as an act of creation but as an adaptive process capable of evolving accumulating and layering meaning over time Within this framework the case of the former industrial area of Bagnoli Coroglio emerges as a compelling paradigm encapsulating a long and intricate history of deindustrialization setbacks deferred ambitions and unrealized visions This volume brings together the findings of an interdisciplinary and multiscalar research and teaching initiative conducted across nine design studios translating into territorial strategies spatial visions and project hypotheses for an ecologically attuned and socially conscious regeneration Territories of Co ntr Action thus serves as an invitation to reconsider transformation projects as open adaptive practices endeavors capable of fostering shared pathways of value creation through the collaboration of diverse forms of knowledge communities and institutions Scuole e città : edifici per la formazione in alcuni quartieri moderni a Napoli Tommaso Fantini, Anna Maria Puleo, Federica Visconti, 2023-01-13 Italiano La pubblicazione documenta gli esiti dei tre corsi di Laboratorio di Progettazione architettonica del II anno del Corso di Laurea Triennale in Scienze dell Architettura del Dipartimento di Architettura della Universit di Napoli Federico II tenuti durante l anno accademico 2021 22 I tre ateliers hanno assunto come tema d anno la costruzione di un edificio scolastico all interno dei quartieri di edilizia residenziale moderna nella periferia della citt di Napoli In particolare il corso A prof Federica Visconti ha lavorato sul Rione Luzzatti a Poggioreale e sui quartieri di Barra Rione d Azeglio Rione Cavour e Parco Azzurro e i corsi B e C rispettivamente prof Anna Maria Puleo e prof Tommaso Fantini si sono concentrati solo sul Rione Luzzatti condividendo l obiettivo di conoscere i principi insediativi dell esistente per progettare Spazi della formazione Assunte queste premesse il volume non si limita ad essere una semplice collazione dei progetti degli allievi ma ambisce ad offrire a tutta la comunit accademica e non solo una ulteriore condizione di possibilit del confronto English The book is about the outcomes of the three second year Architectural Design Studios of the Bachelor degree course in Science of Architecture of the Department of Architecture of the Federico II University of Naples held during the academic year 2021 22 The three ateliers took as their year theme the construction of a school building within the modern housing quarters in the suburbs of the city of Naples In particular Course A Prof Federica Visconti worked on Rione Luzzatti in Poggioreale and the Barra quarters Rione d Azeglio Rione Cavour and Parco Azzurro and Courses B and C Prof Anna Maria Puleo and Prof Tommaso Fantini respectively focused only on Rione Luzzatti sharing the goal of knowing the settlement principles of the existing in order to design Spaces of Education On the basis of these premises the book is not limited to being a simple collection of students projects but aspires to offer the entire academic community and not only an additional condition of possibility of comparison **Annuario d'Italia amministrativo-commerciale** ,1889 **Guida Milano e dintorni** **industria, commercio, professionisti** ,1933 **Oggi** ,1981 *L'espresso* ,1981 **Guido Gozzano** Mariarosa Masoero, 2005 **Giulio Zappaterra** Francesca Pozzi, Lorenzo Bergamini, Cristina Nagliati, 2006 **Repertorio generale annuale di giurisprudenza** ,1983 Indicatore generale del commercio grande guida commerciale d'Italia di 500.000
