Payne's exegetical examination of the Pauline corpus is thorough, exploring the influences on Paul, his practice as a church leader, and his teachings to various Christian communities. Paul's theology, instruction, and practice consistently affirm the equal standing of men and women, with profound implications for the church today. *Man and Woman One in Christ* is required reading for all who desire to understand the meaning of Paul's statements regarding women and their relevance for Christian relationships and ministry today. **Testament World** Susan E. Hylen, 2018-10-01 Modern readers of the New Testament often notice its varying ideas about women. Some passages encouraged women to be submissive and remain silent. Yet in others, women characterized owned property, headed households, or spoke with approval. *Women in the New Testament World* helps readers understand this conflicting evidence. It argues that social norms of the time encouraged traditional feminine virtues. However, as Susan Hylen argues, women in the culture enacted these virtues in a variety of ways, including active leadership in households, associations, and cities. In contrast to earlier approaches that divided the evidence into groups that either allowed or forbade women's leadership, this book points to a tension that was pervasive across different groups and regions of the Roman world. Society widely viewed women as inferior to men, yet applauded their active pursuit of familial and civic interests. Thus, it was not the case that some women led while others were silent; instead, women were praised for modesty at the same time as they exerted influence in their communities. Elaborating on this rich historical background, Hylen illuminates new possibilities in New Testament texts. *Clodia Metelli*

Marilyn B. Skinner, 2011-01-12 *Clodia Metelli* The Tribune's Sister is the first full-length biography of a Roman aristocrat whose colorful life, as described by her contemporaries, has inspired numerous modern works of popular fiction, art, and poetry. Clodia, widow of the consul Metellus Celer, was one of several prominent females who made a mark on history during the last decades of the Roman Republic. As the eldest sister of the populist demagogue Publius Clodius Pulcher, she used her wealth and position to advance her brother's political goals. For that, she was brutally reviled by Clodius' enemy, the orator Marcus Tullius Cicero, in a speech painting her as a scheming, debauched whore. Clodia may also have been the alluring mistress celebrated in the love poetry of Catullus, whom he calls Lesbia in homage to Sappho and depicts as beautiful, witty, but also false and corrupt. From Cicero's letters, finally, we receive glimpses of a very different woman, a great lady at her leisure. This study examines Clodia in the contexts of her family background, the societal expectations for a woman of her rank, and the turbulent political climate in which she operated. It weighs the value of the several kinds of testimony about her and attempts to extract a picture as faithful to historical truth as possible. The manner in which Clodia was

represented in writings of the period and the motives of their authors in portraying her as they did together shed considerable light on the role played by female figures in Roman fiction and historiography      **Caesars' Wives** Annelise Freisenbruch,2011-10-25 Documents the stories of eight wives of Roman rulers assessing their historical contributions and cultural influence and drawing parallels between modern first ladies and the lives of such ancient world figures as Livia Helena and Julia      **Gender and the City before Modernity** Lin Foxhall,Gabriele Neher,2012-04-17 Gender and the City before Modernity presents a series of multi disciplinary readings that explore issues relating to the role of gender in a variety of cities of the ancient medieval and early modern worlds Presents an inter disciplinary collection of readings that reveal new insights into the intersection of gender temporality and urban space Features a wide geographical and methodological range Includes numerous illustrations to enhance clarity      **Juvenal and the Satiric Emotions** Catherine Keane,2015-02-23 This text reveals Juvenal s creative exploitation of Greco Roman ideas about the emotions in this new analysis of his Satires and their arrangement      *Reformation and Everyday Life* Nina J. Koefoed,Bo Kristian Holm,Christopher B. Brown,Günter Frank,Barbara Mahlmann-Bauer,Tarald Rasmussen,Violet Soen,Zsombor Tóth,Günther Wassilowsky,Siegrid Westphal,2023-11-13 The European reformations meant major changes in theology religion and everyday life Some changes were immediate and visible in a number of countries monasteries were dissolved new liturgies were introduced and married pastors were ordained others were more hidden Theologically as well as practically the position of the church in the society changed dramatically but differently according to confession and political differences This volume addresses the question of how the theological liturgical and organizational changes changes brought by the reformation within different confessional cultures throughout Europe influenced the everyday life of ordinary people within the church and within society The different contributions in the book ask how lived religion space and everyday life were formed in the aftermath of the reformation and how we can trace changes in material culture in emotions in social structures in culture which may be linked to the reformation and the development of confessional cultures      *Acts: An Exegetical Commentary : Volume 3* Craig S.
