**Love and Crime; Or, The Mystery of the Convent** Love, 1841 *The Romance of Crime*, 1862\* **Outlander and Lord John as Crime Fiction** Erin E. MacDonald, 2025-01-24 Fans across the globe are familiar with Diana Gabaldon's bestselling Outlander series and the Starz television series that adapts it Combining science fiction time travel and historical romance the Outlander universe has captivated millions with its detail and complexity However few readers or viewers realize how large an influence the mystery genre has had on Gabaldon's plots characters and writing style Her Lord John series of novels and short stories is obviously rooted in the crime fiction tradition although it doesn't play by all of the traditional generic rules Even the larger

Outlander novels though contain at least one mystery in every book This inclusion of the murder mystery and other crimes is no accident the author has stated her love of the genre and her deliberate use of it many times This collection of scholarly essays delves into the many connections between the world of Outlander and the world of crime fiction It analyzes in depth for the first time the ways that crime and punishment vigilante justice and murder and mystery are represented in both the Outlander and Lord John series Moving beyond the stereotypical romantic focus this book demonstrates the variety and complexity of Gabaldon's universe **Native American Mystery Writing** Mary Stoecklein, 2019-04-04 Though mystery crime and detective fiction are some of the most popular genres in the world little scholarship currently exists regarding

Native American writers and how they add new dimensions to this widely read literary form. Rather, the majority of scholarship examines the depiction of Native characters from the perspective of non-Native authors. *Native American Mystery Writing: Indigenous Investigations* analyzes how Native authors use the genre to foreground centuries of settler colonial crimes and comment upon the ways in which these acts continue to impact Native individuals and communities today. Considering fourteen novels and two made-for-TV films, this book surveys a spectrum of settler colonial crimes: the Osage oil murders, sexual assault against Native women, missing and murdered Indigenous women, the California mission system, suppression of spiritual beliefs, theft of land, children, and cultural items, and of course, murder. Examination of these texts shows how Native authors working with the mystery, crime, and detective fiction formats are able to entertain readers while also sending strong social, cultural, and political messages that argue for strengthened tribal sovereignty and illustrate the resilience of Indigenous peoples all in order to promote discussions about creating a more just system for Native Nations.

**The Routledge Companion to Literature and Emotion** Patrick Colm Hogan, Bradley J. Irish, Lalita Pandit  
Hogan, 2022-04-05. The *Routledge Companion to Literature and Emotion* shows how the affective turn in the humanities applies to literary studies. Deftly combining the scientific elements with the literary, the book provides a theoretical and topical introduction to reading literature and emotion. Looking at a variety of formats including novels, drama, film, graphic fiction, and lyric poetry, the book also includes focus on specific authors such as Shakespeare, Chaucer, Jane Austen, Virginia Woolf, and Viet Thanh Nguyen. The volume introduces the theoretical groundwork covering such categories as affect theory, affective neuroscience, cognitive science, evolution, and history of emotions. It examines the range of emotions that play a special role in literature, including happiness, fear, aesthetic delight, empathy, and sympathy, as well as aspects of literature style, narrative voice, and others that bear on emotional response. Finally, it explores ethical and political concerns that are often intertwined with emotional response, including racism, colonialism, disability, ecology, gender, sexuality, and trauma. This is a crucial guide to the ways in which new interdisciplinary understandings of emotion and affect in fields from neuroscience to social theory are changing the study of literature and of the ways those new understandings are impacted by work on literature also.

*A Love Crime* Paul Bourget, 2022-06-03. In *A Love Crime*, Paul Bourget delivers an evocative portrayal of the complexities of human relationships set against the backdrop of fin de siècle France. Through the narrative of Armand's deliberate betrayal, Bourget masterfully uses a romance plot to explore the darker shades of love and friendship. This work is imbued with psychological depth and moral ambiguity, quintessentially characteristic of Bourget's literary style. The novel's prose is eloquent, and its insight into the characters' tumultuous inner worlds offers a compelling addition to the canon of realist literature examining the consequences of decadence and the dissolution of societal morals that marked the period. Paul Bourget, a prolific writer and critic, drew upon his keen understanding of French society and its nuances to craft this potent narrative. His repeated Nobel Prize nominations reflect his prominence in literary circles and his proficiency in

conveying intricate psychological dramas Bourget's personal experiences coupled with his engagement with the intellectual currents of his time notably the introspective examination of moral dilemmas fundamentally shaped the intense character studies presented in *A Love Crime* This novel is recommended for readers who appreciate a deep psychological inquiry within the realm of romantic fiction *A Love Crime* will resonate with those interested in the exploration of moral complexity and the timeless human conflicts of passion friendship and the haunting specter of betrayal Bourget's work is a compelling dive into the human psyche and an essential read for connoisseurs of classic French literature and the realist tradition
