

THE ROMANCE OF MODERN FIRST EDITIONS

By HENRY DE HALSALLE

Only a few years ago, early first editions of Galsworthy, Hardy, Shaw and others, could have been bought for next to nothing. Today some of them are worth over £100. Mr. de Halsalle describes the books worth collecting, from the incunabula and black letter books to the present, listing the modern authors whose first editions he believes will increase in value, and tells how, with a very modest expenditure, you may get together a valuable collection of books.

Rebecca West says: "Everybody at one time or another has cherished the dream of finding some ivory in the way of a first edition for as much as a haire. Everybody has heard tales of books or manuscripts coming to light in some old country-house. This book gives some practical hints of what to look for, and some amusing and instructive anecdotes about discoveries made by book-hunters in the past."
