Critical and Exegetical Commentary on the Epistle to the Romans (Classic Reprint) William Sanday, 2016-06-20
Excerpt from *A Critical and Exegetical Commentary on the Epistle to the Romans* The Commentaries will be international
and inter confessional and will be free from polemical and ecclesiastical bias They will be based upon a thorough critical
study of the original texts of the Bible and upon critical methods of interpretation They are designed chiefly for students and
clergymen and will be written in a compact style Each book will be preceded by an Introduction stating the results of
criticism upon it and discussing impartially the questions still remaining open The details of criticism will appear in their
proper place in the body of the Commentary Each section of the Text will be introduced with a paraphrase or summary of
contents Technical details of textual and philological criticism will as a rule be kept distinct from matter of a more general
character and in the Old Testament the exegetical notes will be arranged as far as possible so as to be serviceable to
students not acquainted with Hebrew The History of Interpretation of the Books will be dealt with when necessary in the
Introductions with critical notices of the most important literature of the subject Historical and Archaeological questions as
well as questions of Biblical Theology are included in the plan of the Commentaries but not Practical or Homiletical Exegesis
The Volumes will constitute a uniform series About the Publisher Forgotten Books publishes hundreds of thousands of rare
