Zola, The Body Modern Susan Harrow, 2017-07-05 Emile Zola's reputation as a landmark European novelist is undisputed His monumental achievement the novel cycle *Les Rougon Macquart Histoire sociale et naturelle d'une famille sous le Second Empire* 1871-1893 fixed his status as a major writer in the naturalist tradition Is there any more to be said Susan Harrow answers boldly in the affirmative challenging the commonplace view that Zola's writing is predictable prolix and transparent what Barthes called readerly for which read tedious Harrow exposes the modernist and postmodernist strategies which surface in the Rougon Macquart novels and reveals Zola's innovatory representation of the body captured here at work at war at play at rest and in arresting abstraction Informed by critical thought from Barthes and Deleuze to Michel de Certeau and Anthony Giddens Zola the Body Modern offers a model for how we can revitalize our understanding of the canonical nineteenth century European novel and learn to travel more flexibly between parameters of century style and aesthetics

Proust, Class, and Nation Edward J. Hughes, 2011-09-08 Writing in 1927 Julien Benda described France as being afflicted by the twin scourges of narrow class based politics and rabid nationalism He nevertheless identified Marcel Proust who had died in 1922 as a writer who had refused to embrace the ideological narrowness of his age Edward J Hughes seeks to assess how Proust and his novel *A la recherche du temps perdu* might be understood in relation to issues of class and nation *A la recherche* was produced in momentous times As an extended textual construction first conceived of in 1908 and the last tranche of which appeared posthumously almost two decades later it was assembled against a backdrop of major historical events pre war tensions in the wake of the Dreyfus Affair and the Separation of Church and State issues on which Proust had campaigned publicly the First World War and the atmosphere of narrow nationalism and Germanophobia which the conflict generated and the continuing polarization in class politics in the years after the First World War These all find echoes in *A la recherche* and Hughes establishes how the exposure given to questions of class and nation needs to be understood historically He demonstrates that the frequently entrenched positions of Proust's contemporaries at times square with the language and images of social conservatism to be found in *A la recherche* Yet alongside that Hughes unearths evidence that points to Proust as a free floating often playful iconoclast and radical commentator who as Theodor Adorno observed resisted bourgeois compartmentalization
