**Romantic England** Peter Quennell,1970      **Encyclopedia of the Romantic Era 1760-1850** Christopher John Murray,2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism      *The Image of the Middle Ages in Romantic and Victorian Literature* Kevin L. Morris,2019-06-26 Originally published in 1984 The Image of the Middle Ages in Romantic and Victorian Literature looks at the impact of medievalism in the 18th and 19th centuries and the importance of post Enlightenment literary religious medievalism The book suggests that religious medievalism was not a superficial cultural phenomenon and that the romantic spirit with which it was chronologically connected was intimately associated with the metaphysical The book suggests that this belief gave birth to the metaphysical yearning and cultural expression of the eighteenth and nineteenth century The book seeks to clarify the post Enlightenment relationship between aesthetic culture and aesthetic religion romanticism medievalism and religious trends      **The Best of DQR** Flor Aarts,1984      **Romanticism** Hugh Honour,2018-05-04 This stylish and erudite thematic study of the influence Romanticism exerts upon Western culture and particularly the visual arts is the companion volume to Honour s equally valuable Neo classicism The text is supported by a useful selection of illustrations Excellent footnotes and a good index Finely produced Romanticism will stimulate the graduate and inform the undergraduate Choice An interpretation that rings true for our own time His approach to his vast subject is essentially cool analytic and balanced This is a book that covers an immense amount of material with a freshness of touch John Russell The New York Times A book of great interest and quality which gives form to a subject that is often treated very vaguely Kenneth Clark      *Romanticism* Lilian R. Furst,2017-07-06 First published in 1969 this work traces the evolution of Romanticism and in doing so demonstrates its novelty as an imaginative and emotional perception of the world in contrast to the rationalistic approach which was dominant in the seventeenth century It identifies the fundamental similarities between Romantic writing in England France and Germany as well as their differences brought about by divergent literary and social backgrounds The book is concluded by a review of the problems that arise from a simple definition of Romanticism      *Rock and Romanticism* James Rovira,2018-01-30 Rock and Romanticism Blake Wordsworth and Rock from Dylan to U2 is an edited anthology that seeks to explain just how rock and roll is a Romantic phenomenon that sheds light retrospectively on what literary Romanticism was at its different points of origin and on what it has become in the present This anthology allows Byron and Wollstonecraft to speak back to contemporary theories of Romanticism through Bob Dylan and the Rolling Stones Relying on L wy and Sayre s Romanticism Against the Tide of Modernity it explores how

hostility loss and longing for unity are particularly appropriate terms for classic rock as well as the origins of these emotions In essays ranging from Bob Dylan to Blackberry Smoke this work examines how rock and roll expands interprets restates interrogates and conflicts with literary Romanticism all the while understanding that as a term rock and roll in reference to popular music from the late 1940s through the early 2000s is every bit as contradictory and difficult to define as the word Romanticism itself
