A Passion for Paris David Downie,2015-04-28 A top notch walking tour of Paris The author s encyclopedic knowledge of the city and its artists

grants him a mystical gift of access doors left ajar and carriage gates left open foster his search for the city's magical story. Anyone who loves Paris will adore this joyful book. Readers visiting the city are advised to take it with them to discover countless new experiences. Kirkus Reviews starred. A unique combination of memoir, history and travelogue, this is author David Downie's irreverent quest to uncover why Paris is the world's most romantic city and has been for over 150 years. Abounding in secluded atmospheric parks, artists' studios, cafes, restaurants and streets little changed since the 1800s, Paris exudes romance. The art and architecture, the cityscape, riverbanks and the unparalleled quality of daily life are part of the equation. But the city's allure derives equally from hidden sources: querulous inhabitants, a bizarre culture of heroic negativity and a rich historical past supplying enigmas, pleasures and challenges. Rarely do visitors suspect the glamor and chic and the carefree atmosphere of the City of Light grew from and still feed off the dark fountainheads of riot, rebellion, mayhem and melancholy and the subversive literature, art and music of the Romantic Age. Weaving together his own with the lives and loves of Victor Hugo, Georges Sand, Charles Baudelaire, Balzac, Nadar and other great Romantics, Downie delights in the city's secular romantic pilgrimage sites, asking: Why Paris not Venice or Rome, the taproot of romance, or Berlin, Vienna and London, where the earliest Romantics built castles in the air and sang odes to nightingales. Read *A Passion for Paris: Romanticism and Romance in the City of Light* and find out.

Body, Sport and Society in Norden Niels Kayser Nielsen, 2005-12-31. This book comprises a number of cultural, historical and ethnographic studies of the history of sport in the Nordic countries. The studies examine the contribution made by sport to the development of Scandinavian nationalism in the nineteenth century and analyze the ways in which sport became interwoven with the social life of citizens in the various Scandinavian countries in the twentieth century. The main focus of this volume therefore is not on the organizational history of sport, nor is it on society vis à vis sport, i.e. sport as a reflection of a certain societal constellation. Rather, what is of interest is sport in society and therefore the book aims to illustrate the ways in which sport has been used and has served to help explain and understand Scandinavian society types.
