Allen-Goss, 2020 An examination of female same sex desire in Chaucer and medieval romance **Food Is Love** Katherine J. Parkin, 2011-06-03 Modern advertising has changed dramatically since the early twentieth century but when it comes to food Katherine Parkin writes the message has remained consistent Advertisers have historically promoted food in distinctly gendered terms returning repeatedly to themes that associated shopping and cooking with women Foremost among them was that regardless of the actual work involved women should serve food to demonstrate love for their

families In identifying shopping and cooking as an expression of love ads helped to both establish and reinforce the belief that kitchen work was women s work even as women s participation in the labor force dramatically increased Alternately flattering her skills as a homemaker and preying on her insecurities advertisers suggested that using their products would give a woman irresistible sexual allure a happy marriage and healthy children Ads also promised that by buying and making the right foods a woman could help her family achieve social status maintain its racial or ethnic identity and assimilate into the American mainstream Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work diet and gender roles To discover why Food Is Love draws on thousands of ads that appeared in the most popular magazines of the twentieth and early twenty first centuries including the Ladies Home Journal Good Housekeeping Ebony and the Saturday Evening Post The book also cites the records of one of the nation s preeminent advertising firms as well as the motivational research advertisers utilized to reach their customers *The Giant's House* Elizabeth

McCracken,2013-02-13 McCracken mixes the proper amount of lunacy with exactly the right amount of sorrow The blend is reminiscent of such late 20th century treasures as *The Accidental Tourist* *The World According to Garp* or *A Confederacy of Dunces* Denver Post The year is 1950 and in a small town on Cape Cod twenty six year old librarian Peggy Cort feels like love and life have stood her up Until the day James Carlson Sweatt the over tall eleven year old boy who s the talk of the town walks into her library and changes her life forever Two misfits whose lonely paths cross at the circulation desk Peggy and James are odd candidates for friendship but nevertheless they soon find their lives entwined in ways that neither one could have predicted In James Peggy discovers the one person who s ever really understood her and as he grows six foot five at age twelve then seven feet then eight so does her heart and their most singular romance Praise for *The Giant s House* Remarkable McCracken has wit and subtlety to burn as well as an uncanny ability to tap into the sadness that runs through the center of her characters worlds This book is so lovely that when you re reading you ll want to sleep with it under your pillow Salon A true marvel thoroughly enjoyable from its unlikely beginning to its bittersweet end McCracken knows all kinds of subtle enticing secrets of the heart and conveys them in silky transparent language San Francisco Chronicle Lovely a tribute to the quiet passion of people trapped in isolation Los Angeles Times Fascinating The reader finds herself entangled body and soul in this tender and endlessly strange novel which is in all senses a hymn to human growth gone haywire and to a love so big it can t hold its own magnificent limbs upright Elle Such is the incantatory power of McCracken s eccentric tale that by its close we are completely in the grip of its strangely conceived ardor McCracken is as original a writer as they come I fell in love Daphne Merkin The New Yorker **The Historical Experience in German Drama** Alan Menhennet,2003 Major figures treated include Gryphius Lessing Schiller Goethe Grillparzer Hebbel Schnitzler and Brecht There is no competing work in English BOOK JACKET **Representing Difference in the Medieval and Modern Orientalist**
