Romantic Mexico the Image The Realities:

Mistress-keeping in Japan Boye De Mente, 2009 Mistress keeping was traditional in Japan because virtually all marriages were arranged love was not involved and a nation wide legal prostitution system catered to men over and above the thousands of geisha Times have changed but mistress keeping is still common Old Japan hand and internationally known author of books on Asia Boye Lafayette De Mente takes an insider's and often humorous look at mistress keeping in Japan then and now The book is illustrated with provocative kanji characters His insights into Japan's mizu shobai water business or the entertainment trades are invaluable for businessmen and tourists alike *The Bizarre and the Wondrous from the Land of the Rising Sun!* BOYE LAFAYETTE. DE MENTE, 2010-12-22 The Bizarre and the Wondrous from the Land of the Rising Sun highlights unique aspects of Japan ancient and modern that have made the country fascinating to Westerners since they first stumbled upon the islands in 1543 These unusual attractions range from high tech robots that do such things as act as tourist guides and perform delicate surgery to festivals that go back more than two thousand years and strike many foreign visitors as being bizarre Among the celebrations that could be labeled as bizarre are annual fertility festivals that feature authentic looking replicas of the male penis carved in wood from purse size versions to ones that are over two meters long and weigh up to 800 pounds The best known of the fertility festivals is the one staged each March 15 by the Tagata Shrine near the city of Nagoya The largest wooden penis is carved anew each year and after the ceremony is kept on display in the main shrine building until the following year when it is sold to private buyers On the day of the festival the large version of the erect male organ is pulled through the streets on a wheeled cart by up to 12 men to the delight of raucous crowds and child bearing age women who try to touch the replica in order to increase their chances of becoming pregnant Other penis replicas are edible versions made like candy and cookies that are sold to visitors as snacks and souvenirs to take home Also on the incredible side is a legend that the young Jewish man now known and worshipped by Christians as Jesus Christ the son of God did not die on the cross that in fact he lived and died in Herai Village in Japan According to the Christian Bible Jesus was born in Israel There is no further mention of him in the Bible until he is 12 years old when he appears at a Jewish synagogue and lambasts the rabbis for their un-Christian like behavior The next mention of Jesus in the Bible is when he is in his early 30s and shows up at the Jordan River to be baptized by John a well known Jewish preacher According to the Japanese legend Jesus and his brother Isukiri spent most of those missing years in Japan returning to Judea when Jesus was 34 years old The story goes on to say that after he was betrayed to the Roman authorities he fled back to Japan and it was his brother who was crucified The story adds that Jesus married a Japanese girl became a rice farmer and lived the rest of his life in Herai later renamed Shingo There is a tomb in Herai that has long been known as the burial place of Jesus Jehova the son of Mary In the book De Mente goes on to explain how the legend and the tomb became known to present day Japanese authorities and was publicized in English for the first time in 1935 De Mente says he learned about the

story in Tokyo in the early 1950s when he was editor of a monthly cultural magazine including seeing a photograph of documentary evidence from a museum in Herai Other fascinating stories in the book include how the infamous secret agents and assassins known as ninja neen jah became a major part of Japanese history why and how Japan became the first nation in the world to have a national network of roadside inns spaced one day s march apart why the Japanese are so skilled at producing arts and crafts of extraordinary beauty why single Japanese girls and men have a hard time hooking up why Japan s izakaya are more fun than Irish pubs why rice and other vegetables grow on top of buildings how the Japanese came up with a new reason for wearing clothes and some 50 plus other fascinating stories *Amazing Arizona!* Boye Lafayette De Mente,2010 Arizona is unique among American states not only in its geography and geology but also in the diversity of its climate in its indigenous animal and plant life and in the history of its first inhabitants communities of Indians whose ancestors arrived on the scene more than 20 000 years ago Arizona is also the youngest of the contiguous mainland states of America precisely because of these very same factors Its climate geography and Indian tribes were major barriers that prevented the territory from becoming widely populated by the Spanish Mexicans and early European Americans and from being used as a cross roads by American fur pelt trappers gold prospectors and settlers who began pushing west in the mid 1800s Now it is exactly these same factors that make Arizona a great place to live as well as a world famous travel destination The stories of how Arizona finally became what it is today are as amazing as the lay and the beauty of the land Great background reading for residents and visitors alike and an ideal gift How to Measure the Sexuality of Men & Women by Their Facial Features Boye Lafayette De Mente,2005-04-21 The influence of your facial features on other people begins the moment you are born from how you are going to be treated for the rest of your life to the level of happiness and success you are likely to achieve As you grow into adulthood the size shape and quality of your facial features also send out subliminal signals about your inborn sexual nature In this provocative handbook internationally known author and face reader Boye Lafayette De Mente provides valuable insights and useful do s and don ts in the selection of playmates and lifemates **Saburo--The Saga of a Teenage Samurai in 17th Century Japan** Boye De Mente,2006-02-21 Male members of Japan s famous samurai class which began evolving at the end of the 12th century were required to undergo physical mental and spiritual training that gave them incredible skills in a number of martial arts By the 1600s samurai were also expected to become versed in aesthetics calligraphy philosophical matters and writing poetry SABURO The Saga of a Teenage Samurai are true to life stories of a young boy who opts to become a roving shugyosha shuu g yoh shah or samurai in training rather than serve a feudal lord leading him to extraordinary adventures that bring out the culture of his times Saburo was born in the mid 1600s when the country was ruled by the illustrious Tokugawa line of shoguns who had closed the country off to foreigners except for a tiny detachment of traders in Nagasaki and had turned their backs on Western guns in favor of the traditional sword Each story is filled with cultural and historical facts that reveal both negative and positive
