God's Jury Cullen Murphy, 2012-01-17 From Torquemada to Guantamo and beyond Cullen Murphy finds the inquisitorial impulse alive and only too well in our world Jane Mayer author of *Dark Money* Established by the Catholic Church in 1231 the Inquisition continued in one form or another for almost seven hundred years Though associated with the persecution of heretics and Jews and with burning at the stake its targets were more numerous its techniques were more ambitious and its effect on history has been greater than many understand The Inquisition pioneered surveillance censorship and scientific interrogation As time went on its methods and mindset spread far beyond the Church to become tools of secular persecution Traveling from freshly opened Vatican archives to the detention camps of Guantamo to the filing cabinets of the Third Reich the author of *Are We Rome* masterfully traces the social legal and political evolution of the Inquisition and the inquisitorial process from its origins in late medieval Christian France to its eerily familiar secular cousin in the modern world San Francisco Chronicle *God's Jury* is a reminder and we need to be constantly reminded that the most dangerous people in the world are the righteous and when they wield real power look out Murphy wears his erudition lightly writes with quiet wit and has a delightful way of seeing the past in the present Mark Bowden author of *Hue* 1968 Beautifully written very smart and devilishly engaging *The Boston Globe* **The Catholic World Report**, 2004 *The Catholic Periodical and Literature Index*, 2002 [A Rational Faith](#) Joshua Sijuwade, 2025-03-27 A comprehensive analysis of Richard Swinburne's intellectual journey and philosophical work *A Rational Faith* explores the legacy of one of the most influential and rigorous philosophical defenders of theism Across Swinburne's written career he has displayed a deep commitment to demonstrating the intellectual credibility of the Christian faith facing modern scientific and philosophical challenges and the materialistic worldview of modern intellectualism Analysing his life and work through in depth accessible explanations of key issues and their context Joshua Sijuwade brings together collected criticism of Swinburne's work and explores possible counter arguments alongside a foreword by Richard Swinburne himself Suitable for any reader interested in Swinburne's philosophy first approach or those intrigued by a philosophical defence of the Christian faith *A Rational Faith* reveals Swinburne's life and work as a witness to his belief that belief in the central tenets of the Christian faith is rational **Conclave** John Allen, 2002-07-23 A captivating insider's guide to the politics and personalities that will have a tremendous impact on one of the world's most secretive and important events the election of a pope The next time a conclave unfolds in Rome some 6 000 journalists are expected to descend on the Eternal City to cover the death of John Paul II and report on the election of his successor The man in white who emerges from the Sistine Chapel at its conclusion will automatically become one of the most important figures on earth a leader who commands a unique combination of political and spiritual power Depending on how he chooses to exercise that power governments and political systems may rise or fall religious wars may heat up or abate and the Church may undergo a radical transformation from changes in its stances on such issues as sexuality the place of women

in the Church to the role of the papacy itself Conclave is a fascinating look at the election process and at what this headline making occasion will mean to the world John L Allen Jr takes readers behind the scenes to reveal the issues parties and people most likely to determine the outcome Setting the election within a broader context he explains why it matters who becomes pope discusses their role in the modern world and examines the issues that will form the agenda of the next papacy Although the book is not intended as a handicapper s guide Allen does offer his own informed list of the top twenty contenders for the position He creates as well a classification system that clarifies the differences among the informal political parties that exist within the College of Cardinals the body of 130 plus men who will elect John Paul II s successor In conclusion he presents a critical independent minded profile of each of those cardinals for one of them will certainly be the new pope
