Ron Browns Body:

Ron Brown's Body Jack Cashill, 2004 The mysterious death of Ron Brown has caused much controversy and suspicion and in this investigative book Cashill takes a close look at Brown's checkered career as Clinton fund raiser and commerce secretary and consequently exposes the Clintons' dirty relentless practices for getting financial backing Cashill answers the most trenchant questions surrounding Brown's rise and fall Why did his plane crash Why did the White House suppress an investigation What was the purpose of Brown's trade missions And what larger forces caused the Clintons to seek international cash Using the case of Ron Brown's untimely death as a touchstone for the Clintons' unseemly and unsavory practices in the White House Cashill explores the seedy depths of the most corrupt administration in American history during its two most desperate years and focuses directly on the machinations of the direst threat to today's political scene Hillary Clinton

Cover Up Damien Comerford, 2014-10-05 Cover Up is an in depth exposé of the botched investigations of five major tragic events of the twentieth century the death of Princess Diana and Dodi Al Fayed the death of Pope John Paul I the death of US politician Ron Brown the loss of the 101st Airborne and the assassination of Rwandan President Habyarimana Author Damien Comerford dives headlong into the stories bringing to light intriguing details about events leading up to each tragedy and then challenging the methods employed in each investigation In this book he shows that while the people in authority appeared to be conducting investigations and leaving no stone unturned in reality nothing could be further from the truth Experts had no real interest in turning over every clue and Comerford reveals the places where investigators went wrong from overlooked forensic details and ignored eyewitness reports to facts too coincident to be accidents An experienced journalist Comerford uses his considerable talent to dig deep into historical records and expertly reconstruct each event exactly as it occurred The result is a compelling read that will leave even the most stalwart skeptic believing in the truth of cover ups

Warmonger Jeremy Kuzmarov,2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband s support for mass incarceration banking deregulation and free trade agreements

that led many U S jobs to be shipped overseas Warmonger How Clinton s Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton s foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan s two terms Clinton further expanded America s covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton s malign foreign policies and U S complicity in terrorist acts In so many ways Clinton s presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent
