*The World of Agha Shahid Ali* Tapan Kumar Ghosh, Sisir Kumar Chatterjee, 2021-02-01 Featuring essays by American Indian and British scholars this collection offers critical appraisals and personal reflections on the life and work of the transnational poet Agha Shahid Ali 1949-2001 Though sometimes identified as an Indian writer in English Shahid came to designate himself as a Kashmiri American writer in exile in the United States where he lived for the latter half of his life publishing seven volumes of poetry and teaching at colleges and universities across the country Locating Shahid in a diasporic space of exile the volume traces

the poet's transnationalist attempts to bridge East and West and his movement toward a true internationalism. In addition to offering close formal analyses of most of Shahid's poems and poetry collections, the contributors also situate him in relation to both Western and subcontinental poetic forms, particularly the ghazal. Many also offer personal anecdotes that convey the milieu in which the poet lived and wrote, as well as his personal preoccupations. The book concludes with the poet's 1997 interview with Suvir Kaul, which appears in print here for the first time.

**A Poetry Pedagogy for Teachers** Maya Pindyck, Ruth Vinz, Diana Liu, Ashlynn Wittchow, 2022-08-25 A Poetry Pedagogy for Teachers generates imaginative encounters with poetry and invites educators to practice a range of poetry exercises in order to inform instructional approaches to reading and writing. Guided by pedagogical principles prompted by their readings of Wallace Stevens' *Thirteen Ways of Looking at a Blackbird*, Maya Pindyck and Ruth Vinz provide critical discussion of prominent literacy practices in secondary classrooms and offer alternative approaches to encountering a text. They do this by way of experimental readings of Wallace Stevens' poem toward a set of thirteen pedagogical principles that anchor a pedagogy of poetic practices. The book also offers invitational exercises, the authors' own engagements with poetry practices, as well as student examples, visual modes of theorizing, and a gathering of relevant resources compiled by two classroom teachers. This is a book for secondary English teachers, teaching artists, English educators, college writing professors, readers, and writers of poetry, both existing and aspirational, and any educator interested in poetry's capacities to pedagogically inform their subject matter and/or literacy practices.

*Great American Prose Poems* David Lehman, 2008-06-18 A prose poem is a poem written in prose rather than verse. But what does that really mean? Is it an indefinable hybrid? An anomaly in the history of poetry? Are the very words "prose poem" an oxymoron? This groundbreaking anthology, edited by celebrated poet David Lehman, editor of *The Best American Poetry* series, traces the form in all its dazzling variety, from Poe and Emerson to Auden and Ashbery, and on right up to the present. In his brilliant and lucid introduction, Lehman explains that a prose poem can make use of all the strategies and tactics of poetry but works in sentences rather than lines. He also summarizes the prose poem's French heritage, its history in the United States, and the salient differences between verse and prose. Arranged chronologically to allow readers to trace the gradual development of this hybrid genre, the poems anthologized here include important works from such masters of American literature as Gertrude Stein, William Carlos Williams, e.e. cummings, Hart Crane, Ernest Hemingway, James Schuyler, Allen Ginsberg, Frank O'Hara, and Elizabeth Bishop. Contemporary mainstays and emerging poets Robert Bly, John Ashbery, Charles Simic, Billy Collins, Russell Edson, James Tate, Anne Carson, Yusef Komunyakaa, and Lydia Davis, among them, are represented with their best work in the field. The prose poem is beginning to enjoy a tremendous upswing in popularity. Readers of this marvelous collection, a must-have for anyone interested in the current state of the art, will learn why.
