RADICAL THEOLOGY

Roots Of The Radical Theology

John D. Caputo

Roots Of The Radical Theology:

The Roots of the Radical Theology John Charles Cooper, 1967 This survey study of the contrapuntal or negatively critical developments in Western philosophy and theology points out some of the reasons why the new radical theology has arisen in our time Dr Cooper writes on the radical theology from a front row seat he studied under and wrote his Ph D dissertation on Paul Tillich hailed as the father of radical theology and Mircea Eliade the subject of much of Thomas J J Altizer s writings was also his professor In the course of his book Dr Cooper investigates most of the developments in modern theology the so called quest for the historical Jesus the struggle between liberalism and fundamentalism the demythologizing movement religionless Christianity the civil rights struggle and the death of God theology He discusses all of them in connection with the historical influences that brought them into being Identifying the Enlightenment as the breaking point of the orthodox traditions that reason was on Christianity s side Dr Cooper shows how the basis of modern radical thought developed out of the philosophy and theology that followed Emmanuel Kant and Friedrich Schleiermacher He discusses the efforts of the liberal scholars to provide a piety viable to modern man and shows why and in what ways the heroic attempts of these great synthesizers Hermann Schweitzer Bultman and Tillich failed resulting in the breakdown of Protestant scholarly piety and an experience of mental and spiritual separation that led straight to the rise of the radicals In his examination of the work of Altizer Hamilton van Buren and Cox Dr Cooper discusses the meaning of the phrase God is dead criticizes the positions of Altizer and Hamilton and clarifies Tillich s connection with the radical theology The essential element in the God is dead culture he says is our common sense of the loss of the conviction of God s hope for human self transcendence Viewing the radical attempts to recover this sense of transcendence including Teilhard de Chardin s Dr Cooper urges that theology should respond positively and constructively to the death of God movement and concludes that our present theological situation is such that only the most radical attempts to recover the sense of the sacred have any chance of success Publisher

The Roots of a Radical John Arthur Thomas Robinson, 1980-01-01 *The Word of Truth* Dale Moody, 1981-01-16 Bringing together the insights of several disciplines biblical theology modern science biblical criticism textual source form redaction historical theology and the history of doctrine Moody develops a systematic theology that is biblically grounded and ecumenically oriented Thoroughly indexed **Engaging Bonhoeffer** Matthew D. Kirkpatrick, 2016-06-03 Engaging Bonhoeffer documents the extraordinary impact of Dietrich Bonhoeffer s life and writing on later thought Despite his lasting legacy little substantial scholarship has been conducted in this area In this magisterial collection leading international scholars fill this striking gap and critically demonstrate the ways in which Bonhoeffer has been one of the most original inspirational and provocative writers of the twentieth century Bonhoeffer s work has proved foundational for a wide variety of thinkers and movements across such areas as ecclesiology Christology spirituality ethics hermeneutics phenomenology epistemology and systematic theology more generally Whether one considers his writings to have been faithfully interpreted

critically adopted or justifiably rejected Engaging Bonhoeffer describes those who have engaged with Bonhoeffer's work, been inspired by his actions and found a way to express and explain their own ideas through interacting with his life and thought. In addition to shedding light on the different theological trajectories that Bonhoeffer's work may forge, this challenging volume offers a critical window through which to view and appreciate the ideas of many leading voices of modern theology.

The Triune God Edmund J. Fortman, 1999-02-23 A primary condition for fresh thinking on the Trinity is an accurate, objective account of past and present thought, wrote one reviewer when *The Triune God* first appeared in 1972. This is what Fortman has presented sensitively, accurately and compactly. The author sets out to trace the historical development of Trinitarian doctrine from its written beginnings to its contemporary status. Thus he treats the biblical witness, the Council of Nicea, Augustine, the Middle Ages and the development of this doctrine from the fifteenth century to the present in the Protestant, Orthodox and Catholic traditions. Radical Theology Ingolf U. Dalferth, 2016-07-01 Ingolf U. Dalferth develops a radical theology that unfolds the orienting strength of faith for human life from the event of God's presence to every present. In a concise and clear manner, Dalferth outlines the theological and philosophical approaches to hermeneutics in the modern era in order to promote a convincing and defensible theology for the twenty-first century, critically carrying on Martin Heidegger and Rudolf Bultmann without forgetting Karl Barth. The result of his reconstruction is a radical theology that neither glorifies premodern theology in an antimodern attitude nor seeks a mystical deepening of the secular but argues for a radical change in theological perspective of the possible. In doing so, theology unfolds limit concepts that restrict the claims of science and philosophy critically and develops ideas of orientation that illumine the ways in which human life is understood and lived in radically new ways in faith. From here, Dalferth unfolds the reality of revelation and the Christian sense of an unconditional hope that fundamentally transcends all beliefs based on mundane realities and orients the world on something beyond its own temporal horizon, its loving Creator. **A Religious History of the American People** Sydney E.

Ahlstrom, 2004-01-01 This classic work, winner of the 1973 National Book Award in Philosophy and Religion and Christian Century's choice as the Religious Book of the Decade, 1979, is now issued with a new chapter by noted religious historian David Hall, who carries the story of American religious history forward to the present day. Praise for the earlier edition: An unusual and praiseworthy book. It takes a modern, almost anthropological view of history in which worship is a part of a web of culture along with play, love, dress and language. B. A. Weisberger, Washington Post Book World. The most detailed, most polished of the works in its tradition. Martin E. Marty, New York Times Book Review. An intellectual delight that one does not so much read as savor. America: The definitive one-volume study by the leading authority. Christianity Today. No one writing or thinking hereafter about America's past will be able to ignore Ahlstrom's magisterial account of the religious element.

American Historical Review **The Palgrave Handbook of Radical Theology** Christopher D. Rodkey, Jordan E. Miller, 2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the

commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions

In Search of Radical Theology John D. Caputo, 2020-10-06

These sparkling essays from a seasoned scholar are a great breath of fresh air in our claustrophobic and catastrophic time Cornel West Capturing a career's worth of thought and erudition this rich volume treats readers to creative thought careful argumentation and sophisticated analysis transmitted through the lucid accessible prose that has earned the author a wide readership of academics and non academics alike In tackling radical theology John D Caputo has in mind the deeper stream that courses its way through various historical and confessional theologies upon which these theologies draw even while it disturbs them from within They are well served by this disturbance because it keeps them on their toes When we read about professional theologians losing their jobs in confessional institutions the chances are that by earnestly digging into what is going on in their tradition they have hit upon radical theological rock Unlike modernist dismissals of religion radical theology does not debunk but re-invents the theological tradition Radical theology Caputo says is a double deconstruction of supernatural theology on the one hand and of transcendental reason on the other and therefore of the settled distinctions between the religious and the secular Caputo also addresses the challenge for radical theology to earn a spot in the curriculum given that the radical makes it suspect among the confessional seminaries while the theology renders it suspect among university seminars Journeying from the academy to contemporary American culture In Search of Radical Theology includes a captivating presentation of radical political theology for the time of Trump This utterly unique volume not only brings readers on an enlightening tour of Caputo's thought but also invites us to accompany the author as he travels into intriguing new territories

Energy and Change Clayton Crockett, 2022-09-27

As humanity continues to consume planetary resources at an unsustainable rate we require not only new and renewable forms of energy but also new ways of understanding energy itself Clayton Crockett offers an innovative philosophy of energy that cuts across a number of leading edge disciplines Drawing from contemporary philosophies of New Materialism non Western traditions and the sciences he develops a comprehensive vision of energy as a material process spanning physics biology politics ecology and religion Crockett argues that change is foundational to material reality which is ceaselessly self-organizing We can observe energy's effects in the operations of natural selection as well as those at work in human societies Matter and energy are not an oppositional binary rather they are expressions of how change functions in the universe Ultimately Crockett argues we can conceive of God neither as a deity nor as a being but as the principle of change Informed by cutting edge theoretical

discourses in thermodynamics science studies energy humanities systems theory continental philosophy and radical theology Energy and Change draws on theorists such as Gilles Deleuze Catherine Malabou Slavoj Žižek Karen Barad Bruno Latour and Kojin Karatani as well as ideas about spirituality society and nature from Amerindian Vodou and Neo Confucian traditions A foundational work in New Materialist philosophy of religion this book offers compelling new insights into the structure of the cosmos and our place in it

Deconstruction in a Nutshell Jacques Derrida, 2020-11-03 This volume now with a substantial new Introduction represents one of the most lucid compact and reliable introductions to Derrida and deconstruction available in any language Responding to questions put to him at a roundtable held at Villanova University in 1994 Jacques Derrida leads the reader through an illuminating discussion of the central themes of deconstruction Speaking in English and extemporaneously Derrida takes up with unusual clarity and great eloquence such topics as the task of philosophy the Greeks justice responsibility the gift community and the messianic Derrida refutes the charges of relativism that are often leveled at deconstruction by its critics and sets forth the profoundly affirmative and ethico political thrust of his work The roundtable is marked by an unusual clarity that continues into the second part of the book in which one of Derrida's most influential readers John D Caputo elaborates upon Derrida's comments and supplies material for further discussion This edition also includes a substantial new Introduction by Caputo that discusses the original context of the book and traces the development of deconstruction since Derrida's death in 2004 from the rise of new materialisms to return to religion Long one of the most lucid and reliable introductions to Derrida and deconstruction available in any language and an ideal volume for students *Deconstruction in a Nutshell* will also prove illuminating for those already familiar with Derrida's work

The Living Church, 1967

The Insistence of God John D. Caputo, 2020-03-20 A tour de force provocative ideas expressed in Heideggerian Derridean and Deleuzian rhetoric for a new wave of Christian theologians Bibliographia *The Insistence of God* presents the provocative idea that God does not exist God insists God's existence is a human responsibility which may or may not happen For John D Caputo God's existence is haunted by perhaps which does not signify indecisiveness but an openness to risk to the unforeseeable Perhaps constitutes a theology of what is to come and what we cannot see coming Responding to current critics of continental philosophy Caputo explores the materiality of perhaps and the promise of the world He shows how perhaps can become a new theology of the gaps God opens John D Caputo is at the top of his game and he is not content to reiterate what he has already expressed but continues to develop his own ideas further by way of a thorough engagement with the fields of theology Continental philosophy and religious thought Clayton Crockett University of Central Arkansas For those allergic to theological certainty whether of God's existence or of God's death Caputo delivers storm fresh relief the theopoetics of God's insistence Catherine Keller Drew University In my life I have read no more stimulating book of theology Buckle your seatbelt *Dialog* An excellent text that opens the way into new forms of theological thinking He puts forward an argument that must be wrestled with and brings to light new avenues for both religious and theological thought Caputo is not

for the faint of heart *Reviews in Religion and Theology* [The Free Methodist](#), 1899 **Reclaiming Our Roots, Volume II** Mark Ellingsen, 2012-04-01 This second volume of *Reclaiming Our Roots* carries readers on a whirlwind journey from the eve of the Reformation to developments in Christianity in the twentieth century As in the first volume Mark Ellingsen gives special attention to the history of Christianity in the southern hemisphere the church among minority cultures in North America and the role of women in church history Ellingsen's careful and critical eye ranges over the entire panorama of modern church history He provides balanced theological analyses of major movements and figures as well as the interactions between them Ellingsen presents church history as an opportunity to enter into a dialogue with the church's richly diverse heritage He sees the role of church history as Community builder teaching the faithful their heritage Safety patrol sensitizing church leaders to the errors of the past that they must still confront Liberating instrument learning to look at reality from the perspective of the other no longer chained to one's own suppositions and cultural biases and Source of theological creativity providing access to the stimulating insights of the great theological minds of the past This thought provoking book offers readers a sympathetic exposure to a variety of credible scholarly interpretations of major figures and encourages them to make their own judgments with the help of suggested primary source readings Ellingsen closes each chapter with questions that lead readers to ponder the deeper meanings of various events in the history of Christianity **The Oxford Handbook of Divine Revelation** Balázs M. Mezei, Francesca Aran Murphy, Kenneth Oakes, 2021 This Handbook offers a systemic approach to the notion of revelation in its various theoretical contexts It provides in depth coverage of the theoretical and historical fields in which the notion of revelation is discussed **Varieties of Seventeenth- and Early Eighteenth-Century English Radicalism in Context** David Finnegan, Dr Ariel Hessayon, 2013-07-28 The essays in this collection explore a number of significant questions regarding the terms radical and radicalism in early modern English contexts They investigate whether we can speak of a radical tradition and whether radicalism was a local national or transnational phenomenon In so doing this volume examines the exchange of ideas and texts in the history of supposedly radical events ideologies and movements or moments Once at the cutting edge of academic debate radicalism had until very recently fallen prey to historiographical trends as scholars increasingly turned their attention to more mainstream experiences or reactionary forces While acknowledging the importance of those perspectives *Varieties of seventeenth and early eighteenth century English radicalism in context* offers a reconsideration of the place of radicalism within the early modern period It sets out to examine the subject in original and exciting ways by adopting distinctively new and broader perspectives Among the crucial issues addressed are problems of definition and how meanings can evolve context print culture language and interpretative techniques literary forms and rhetorical strategies that conveyed or deliberately disguised subversive meanings and the existence of a single continuous English radical tradition Taken together the essays in this collection offer a timely reassessment of the subject reflecting the latest research on the theme of seventeenth century

English radicalism as well as offering some indications of the phenomenon's transnational contexts. Indeed, there is a sense here of the complexity and variety of the subject, although much work still remains to be done on radicals and radicalism both in early modern England and especially beyond.

Whitaker's Books in Print, 1998 *Theopoetic Folds* Roland Faber, Jeremy Fackenthal, 2013-08-01

In complex philosophical ways, theology is and can be a theopoetics of multiplicity. The ambivalent term theopoetics is associated with poetry and aesthetic theory, theology and literature, and repressed literary qualities, myths, and metaphorical theologies. On a more profound basis, it questions the establishment of the difference between philosophy and theology and resides in the dangerous realm of relativism. The chapters in this book explore how the term theopoetics contributes to cutting-edge work in theology, philosophy, literature, and sociology.

The Essential Caputo B. Keith Putt, 2018-02-10

This landmark collection features selected writings by John D. Caputo, one of the most creative and influential thinkers working in the philosophy of religion today. B. Keith Putt presents 21 of Caputo's most significant contributions from his distinguished 40-year career. Putt's thoughtful editing and arrangement highlights how Caputo's multidimensional thought has evolved from radical hermeneutics to radical theology. A guiding introduction situates Caputo's corpus within the context of debates in the Continental philosophy of religion, and an exclusive interview with him adds valuable information about his own views of his work.

Decoding **Roots Of The Radical Theology**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Roots Of The Radical Theology**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
