Volume 10 of the Feminist Companions to the Bible Series      **Western Buddhist Feminists' Contribution to Christian Theology** Dong Jin Kim, 2022-12-06 This book discusses gender injustice and justice in religious institutions and spiritual life Fixed as a gender God Goddess leads those who have the same gender to subordinate anyone who differs In this sense the patriarchal and androcentric system has caused many religious women to lose their spiritual and faithful equality and identities in a church This book details how Western Buddhist feminists find that after recuperating women's equivalent rights and identities both religious men and women need to meditate to achieve the emptiness of gender ego gender privilege and prejudice which then leads to awakening and enlightenment from ignorance To apply such skills in Christian theology gender justice comes from spiritual equality and courage awakening and repentance in their contemplative and meditative lives This book suggests that for women's spiritual and real liberation and happiness both inner trainings and external social actions have to go together      *Mary According to Women* Carol Frances Jegen, 1985 *Mary According to Women* presents a contemporary study of the woman of Nazareth who changes the course of human history The seven chapters develop familiar titles of Mary in the context of the Vatican II Church particularly its emphasis of justice and peace Following the lead of the second Vatican Council in its historic document *Lumen Gentium* the book develops implications of the Council's treatment of Mary in the mystery of Christ and the Church of one who is truly involved in the lives and struggles of Christians today Significantly the book is written by women whose experience and insight give new perspective to a revitalized appreciation and love of Mary      **Beyond God the Father** Mary Daly, 1993-06-01 Certainly one of the most promising theological statements of our time *The Christian Century* Not for the timid this brilliant book calls for nothing short of the overthrow of patriarchy itself *The Village Voice*      **The Goddesses' Mirror** David Kinsley, 1989-01-01 Discusses the cultural background and meaning of ten goddesses including Aphrodite Isis Athena Durga Lakshmi and Sita      **Aztec Goddesses and Christian Madonnas** Joseph Kroger, Patrizia Granziera, 2020-04-28 The face of the divine feminine can be found everywhere in Mexico One of the most striking features of Mexican religious life is the prevalence of images of the Virgin Mother of God This is partly because the divine feminine played such a prominent role in pre-Hispanic Mexican religion Goddess images were central to the devotional life of the Aztecs especially peasants and those living in villages outside the central city of Tenochtitlan present-day Mexico City In these rural communities fertility and fecundity more than war rituals and sacrificial tribute were the main focus of cultic activity Both Aztec goddesses and the Christian Madonnas who replaced them were associated and sometimes identified with nature and the environment the earth water trees and other sources of creativity and vitality This book uncovers the myths and images of 22 Aztec Goddesses and 28 Christian Madonnas of Mexico Their rich and symbolic meaning is revealed by placing them in the context of the religious worldviews in which they appear and by situating them within the devotional life of the faithful for whom they function as powerful

mediators of divine grace and terror      *Mary's Bodily Assumption* Matthew Levering, 2014-11-24 In *Mary's Bodily Assumption* Matthew Levering presents a contemporary explanation and defense of the Catholic doctrine of Mary's bodily Assumption. He asks: How does the Church justify a doctrine that does not have explicit biblical or first century historical evidence to support it? With the goal of exploring this question more deeply, he divides his discussion into two sections: one historical and the other systematic. Levering's historical section aims to retrieve the rich Mariological doctrine of the mid twentieth century. He introduces the development of Mariology in Catholic Magisterial documents focusing on Pope Pius XII's encyclical *Munificentissimus Deus* of 1950 in which the bodily Assumption of Mary was dogmatically defined and two later Magisterial documents: Vatican II's *Lumen Gentium* and Pope John Paul II's *Redemptoris Mater*. Levering addresses the work of the neo scholastic theologians Joseph Duhr, Alo's Janssens and R'ginald Garrigou Lagrange before turning to the great theologians of the *nouvelle th ologie*: Karl Rahner, Hans Urs von Balthasar, Louis Bouyer, Joseph Ratzinger and their emphasis on biblical typology. Using John Henry Newman as a guide, Levering organizes his systematic section by the three pillars of the doctrine on which Mary's Assumption rests: biblical typology, the Church as authoritative interpreter of divine revelation under the guidance of the Holy Spirit, and the fittingness of Mary's Assumption in relation to the other mysteries of faith. Levering's ecumenical contribution is a significant engagement with Protestant biblical scholars and theologians; it is also a reclamation of Mariology as a central topic in Catholic theology.

**Encyclopedia of Religious Controversies in the United States** Bill J. Leonard, Jill Y. Crainshaw, 2012-12-05 This book provides a thorough introduction to historical and contemporary issues in American religion, tackling controversial hot button topics such as abortion, Intelligent Design, and Scientology. David P. Killen, *Biblical Theology Bulletin*      *Jesus: Miriam's Child, Sophia's Prophet* Elisabeth Schüssler Fiorenza, 2015-11-19 In *Jesus: Miriam's Child, Sophia's Prophet*, Elisabeth Schüssler Fiorenza makes a unique contribution to two quite different discussions of Jesus the Christ. On the one hand, she looks at biblical christology from a critical feminist perspective in the tradition of liberation theology. On the other, she examines the feasibility of a feminine christology by

considering such problems as Christian anti Judaism ideological justification of domination religious exclusivism and the formation of patriarchal identity Re imagining the Jesus movement in a feminist key transcends the boundaries set by history gender and doctrine By assessing various Jesus traditions and interpretations in terms of whether they can engender liberating visions for today Sch ssler Fiorenza seeks to challenge and transform a Christianity dominated by masculinity and exclusivist theological frameworks so that it offers a vision of justice and well being for all the central image in which is the reign the coming world of God This Cornerstones edition features a new extended introduction which takes into account the developments in the field since the work was originally published in 1994 New Catholic Women Mary Jo

Weaver,1995-12-22 Weaver fills an important gap in women s studies through her investigation of the intersection of the women s movement with the lives of contemporary Roman Catholic women Iris Mary Jo Weaver has charted the course of this new consciousness among Roman Catholic women Rosemary Radford Ruether This is the first full scale study of how the U S women s movement has intersected with the lives and aspirations of American Roman Catholic women Elizabeth Johnson Religious Studies Review **The Oxford Encyclopedia of Women in World History** Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

She Changes Everything Lucy Reid,2005-12-12 One woman s search for authentic Christian faith and theology *Mary* Lesley Hazleton,2008-12-01 Starting with a dark skinned girl barely out of adolescence when she gives birth Lesley Hazleton weaves together the many facets of Mary s existence peasant villager wise woman and healer activist mother teacher and yes virgin though in a sense we have long forgotten She follows her through the worst any mother can experience the

excruciating death of her child and then looks at how she transforms grief into wisdom disaster into renewal Strong and courageous the Mary we see here does not merely assent to her role in history but chooses it and lives it to the fullest

**Symposium on Christian Reconstruction in the Western World Today (JCR Vol. 09)** R. J. Rushdoony, Howard Ahmanson, Jean-Marc Berthoud, Martin G. Selbrede, Byron Snapp, Otto J. Scott, John W. Saunders III (Quade), Ian Hodge, Mark R. Rushdoony, Ray Joseph, James Philip, Carlos D. Caldwell, Fred A. Judy, James C. Gilmer, John M. Perkins, J. Paul Landrey, Darrell S. Sutton, Lester Roloff, Robert L. Alderman, Melvin G. Hodges, Margaret Aikens Jenkins, Murray Norris, Duane H. Martin, Lee Grady, Verne R. Kennedy, Donald E Seim, Nigel Cameron, P. Richard Flinn, J. H. John Peet, Theodore P. Letis, William Monroe, Claude Patterson, Ron Zielinski, William Bentley Ball, Paul D. Ackerman, Richard Douglas Green, Geoffrey Thomas, Caroline S. Kelly, Michael Tuuri, Peter Leithart, This issue of the Journal of Christian Reconstruction focuses on the specific and immediate application of Christian Reconstruction in our society today Our major concern in this symposium is not with long term future scenarios such as a vast revival although we pray for it every day or some type of economic crisis although this is likely enough but with what we can trace of the blessed work of the Holy Spirit in applying the transforming Gospel of grace to all areas of our contemporary life and society here and now We conservative Christians have been fairly adept at discerning and describing the evils and impending disasters of our time Calling evil by its true name is after all an important part of any biblically based prophetic ministry Diagnosis is an essential part of the curative process in medicine theology and every other field But at the same time many of us have so tended to focus on the diagnosis of evil that we have failed to look up and see the widespread healing and impartation of new life that is going on all around us **Systematic Theology** Thomas P. Rausch, 2016-03-24 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church's doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today's theological pluralism **Jesus without Borders** Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2015-01-14 Though the makeup of the church worldwide has undeniably shifted south and east over the past few decades very few theological resources have taken account of these changes Jesus without Borders the first volume in the emerging Majority World Theology series begins to remedy that lack bringing together select theologians and biblical scholars from various parts of the world to discuss the significance of Jesus in their respective contexts Offering an excellent glimpse of contemporary global evangelical dialogue on the person and work of Jesus this volume epitomizes the best Christian thinking from the Majority World in relation to Western Christian tradition and Scripture The contributors engage throughout with historic

Christian confessions especially the Creed of Chalcedon and unpack their continuing relevance for Christian teaching about Jesus today     **In Search of Mary** Sally Cunneen, 2010-12-15 Mary relic of the religious past or beacon of the future Mary is more alive today than she was in the early Christian church surfacing in art and worship in almost every culture on earth Her appeal bridges the gap between the devotional and the secular the uneducated and the sophisticated But who is Mary and what exactly does she symbolize How did a humble Jewish girl become the most honored woman in human history Why is there so little about Mary in the Bible and so much about her in the art and history of Christianity East and West And why in an age dominated by science and technology does devotion to Mary persist In Search of Mary is Sally Cunneen's provocative response to these questions As Cunneen eloquently points out in order to see Mary whole it is important to look at all the different visions and versions of her revisiting history through the eyes of a present day searcher Including the latest findings by historians anthropologists and psychologists as well as art historians and religious scholars In Search of Mary reveals what we know about the life of Mary follows the history and development of her image over the last two thousand years and explores the different ways that Mary has transformed the lives of people today As we struggle for greater unity in a divided world In Search of Mary shows us a woman who can touch all people regardless of their backgrounds She is a profound reminder of the presence of the holy in ordinary life
