## Mary Shelley Frankenstein's Creator:

Mary Shelly Joan Kane Nichols,1996-01-01 A biography of the nineteenth century English writer who at the age of nineteen wrote the classic horror novel *Frankenstein*     Mary Shelley Joan K. Nichols,1998-10-01 A biography of the nineteenth century English writer who at the age of nineteen wrote the classic horror novel *Frankenstein*     Mary Shelley, Frankenstein's Creator Joan K. Nichols,1998 A biography of the nineteenth century English writer who at the age of nineteen wrote the classic horror novel *Frankenstein*     Frankenstein Or The Modern Prometheus Waqas Ajwad,Mary Shelley,2021-04-11 The world's most famous monster comes to life in this 1818 novel a compelling narrative that combines Gothic romance and science fiction to tell of an ambitious young doctor's attempts to breathe life into an artificial man. Despite the doctor's best intentions the experiment goes horribly wrong in a timeless tale about the hazards of playing creator. Mary Shelley began writing *Frankenstein* when she was only eighteen. At once a Gothic thriller a passionate romance and a cautionary tale about the dangers of science *Frankenstein* tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter Frankenstein assembles a human being from stolen body parts but upon bringing it to life he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness the once innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator. *Frankenstein* an instant bestseller and an important ancestor of both the horror and science fiction genres not only tells a terrifying story but also raises profound disturbing questions about the very nature of life and the place of humankind within the cosmos. What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age filled with news of organ donation genetic engineering and bio terrorism these questions are more relevant than ever. A masterpiece. Phillip Pullman. One of the most original and complete productions of the day. Percy Bysshe Shelley. The greatest paradox and most astonishing achievement of Mary Shelley's novel is that the monster is more human than his creator. This nameless being as much a modern Adam as his creator is a modern Prometheus is more lovable than his creator and more hateful more to be pitied and more to be feared and above all able to give the attentive reader that shock of added consciousness in which aesthetic recognition compels a heightened realization of self. Harold Bloom     ,     **Mary Shelley's Frankenstein** Harold Bloom,2013-09 Perhaps best recognized for the horror films it has spawned *Frankenstein* written by 19 year old Mary Shelley was first published in 1818. *Frankenstein* warns against the irresponsible use of science and technology and makes readers reconsider who the world's monsters really are and how society contributes to creating them. Ideal for research or general interest this resource furnishes students with a collection of the most insightful critical essays available on this Gothic thriller selected from a variety of literary sources     *Frankenstein* Mary Shelley,1994-11-15 The story of Dr Frankenstein and the obsessive experiment that leads to the creation of a monstrous and deadly creature     *Frankenstein. *Novel*) Mary Shelley, 2016-11-03 A terrifying vision of scientific progress without moral limits Mary Shelley's *Frankenstein* leads the reader on an unsettling journey from the sublime beauty of the Swiss alps to the desolate waste of the arctic circle Obsessed with the idea of creating life itself Victor Frankenstein plunders graveyards for the material with which to fashion a new being shocking his creation to life with electricity But this botched creature rejected by its creator and denied human companionship sets out to destroy Frankenstein and all that he holds dear Mary Shelley's chilling gothic tale was conceived when she was only eighteen living with her lover Percy Shelley near Lord Byron's villa on Lake Geneva It would become the world's most famous work of Gothic horror and Frankenstein's monster an instantly recognisable symbol of the limits of human creativity FOR OTHER CLASSICS OF LITERATURE CLICK ON BI CLASSICS OR JUST TYPE BI CLASSICS ON THE AMAZON SEARCH BAR
