**Saint Mary of Egypt** Ronald E. Pepin, 2005 A prostitute become hermit Mary of Egypt has been held up especially to monks as the quintessential example of compunction and conversion First written down around AD 600 her story was translated first into Latin by Paul the Deacon in the ninth century and then into vernacular languages Three metrical versions of her Life are translated here that of Flodoard of Reims in the tenth century Hildebert of Lavardin in the twelfth century and an anonymous Spanish poet of the thirteenth century Although these vernacular versions seem to have been directed in part at monks they also envisaged a larger audience For most of her life Mary of Egypt was a pilgrim her story has travelled from

**Cassian and the Fathers** Thomas Merton, 2005 *Cassian and the Fathers* is the initial volume in the series of Novitiate Conferences of Thomas Merton the classes he presented to young men beginning their monastic life at the Abbey of Gethsemani in Kentucky They contain Merton's insights on important Patristic and monastic figures preceding the time of St Benedict above all John Cassian the most significant bridge between the early desert fathers and the development of monastic life in the West and they reveal the continuing relevance of their teachings for contemporary monastics and other Christians Much of the value and interest of *Cassian and the Fathers* as of the novitiate conferences in general lies in the light it casts on Merton himself as teacher novice master and monk These notes provide a privileged standpoint for observing Merton functioning as an integral and important member of his monastic community The public Merton has long been visible in his works written for publication and has more recently been complemented by the interpersonal Merton disclosed in his correspondence and the intimate Merton revealed in his complete journals While the novitiate conferences may not equal in significance these other sources they do allow access to yet another stratum of Merton's wide ranging and immensely productive engagement with his world from the distinctive standpoint he had chosen within a tradition dating back more than sixteen centuries While these lectures need to be used critically and carefully in evaluating Merton's own perspectives and commitments nevertheless they do need to be used The dialectical relationship between Merton's private and more public statements including those made to his novice classes makes possible a more complex and thus a richer picture of his monastic identity and so of his personal identity In learning about *Cassian and the Fathers* from Merton one learns as well about Merton as monk as heir to the great monastic teachers and as teacher of a new generation of monks an easily overlooked and undervalued yet integral even central component of his vocation for more than half his monastic life Thus the publication of the novitiate conferences will fill a significant lacuna in Merton studies and contribute to a balanced holistic comprehension and appreciation of Thomas Merton's life and work This edition includes an extensive introduction situating these conferences and Merton's years as novice master in the context of his broader life as monk and writer an extensively annotated edition of the text of the conferences based on Merton's own typescript and helpful appendices indicating changes Merton made to his text correlating the written text with taped versions of the actual classes and providing suggestions for further reading both in Merton's other works and in more recent studies of the figures he discusses here The American Benedictine Review, 2007 **Cîteaux**, 2003 **Sermons for Advent and the Christmas Season** Saint Bernard (of Clairvaux), 2007 The twelfth century abbot and contemplative known to history as The Mellifluous Teacher wrote sermons for the entire Christmas liturgical cycle from the first Sunday of Advent four weeks before Christmas to the Feast of the Purification of the Virgin Mary Presentation of Christ in the Temple 2 February As he reflects on the wonder of the Incarnation he reminds Christians still today that Christmas celebrates the awesome condescension of God with us not a
