Mas Alla De La Muerte Y Del Exilio:

Más allá de la utopía Fernanda Romeu Alfaro, 2002 *Narrating Motherhood(s), Breaking the Silence* Silvia Caporale-Bizzini, 2006 Feminist theory on motherhood has successfully transformed mothers into subjects of their own discourse recognized the historical heterogeneous and socially constructed origins of their life experience while at the same time widening our understanding of the notion of mothering This collection combines a literary and a wider cultural perspective from which to look at the topic of the representation of other or forgotten motherhoods Mothers who have been forced to live exiled and away from their children women who after trying to conceive get pregnant but discover they cannot bear to become mothers or even literary characters based on an autobiographical experience of a sexually abusive mother The essays critically point out how writing becomes a tool to think and write about the many aspects of motherhood such as an idealized maternal experience versus the real one or the accepted stereotypes of the good mother and the bad mother

Huyendo del fascismo Juan Jesús González Ruiz, Julián Olivares, 2009-01-01 Redactado en Burdeos entre febrero y abril de 1939 Huyendo del fascismo recoge en su texto y en los dibujos y acuarelas que lo ilustran las negras memorias de 21 días de tragedia 21 eslabones que formaron una larga cadena de sufrimientos **Andalucía y la guerra civil** Leandro Alvarez Rey, 2006 En el 70 aniversario del inicio de la Guerra Civil se pone a disposición del público un estudio sobre este acontecimiento en Andalucía desde la perspectiva y el distanciamiento del tiempo transcurrido y aportando al lector un útil dossier de consulta sobre el periodo estudiado **Julián del Casal (in memoriam)** Francisco Moran, Francisco Morán, 2012 The compilation *La Habana Elegante Segunda época XV Anniversary 1998 2012 Julian del Casal In Memoriam* produced by prof Francisco Moran offers a wide selection of memories testimonies and critical readings on Julian del Casal Havana 1863 1893 and of literary works inspired by his work and poetic figure that attest to the fascination that for already more than a century the poet of Nieve has exerted on Cuban and other Latin American writers Included are texts from already classic authors such as Ruben Dario Jose Marti Paul Verlaine Jose Lezama Lima Cintio Vitier Dulce Maria Loynaz Virgilio Piñera Enrique J Varona Juan Marinello etc This selection shows the impact of Casal on the generation of Cuban writers of the 90s who took him as a point of reference to critically examine the Cuban literary tradition Among other important texts from those years are those authored by Antonio J Ponte Pedro Marques de Armas and Victor Fowler which are already essential when evaluating Casal's critical reception and his permanent mark on Cuban poets That's why this compilation is also a testimony to the modernity of Modernismo because Casal emerges as an exemplary poet in whom life and work can no longer be separated one from the other nor from the scope of the city This volume also shows the intimate connection between graphics and print and between popular and literary culture when reproducing the advertising announcements of the magazines of the time as well as their covers photographs cartoons and drawings and bringing into light their mutual interdependency Besides contributing to Casal's own iconography photos are included that were either

unknown until now or had not been printed the volume features a complete reproduction of the issue of La Habana Elegante from October 29 1893 in which the magazine paid tribute to Casal only a few days after his death Through critical readings of Casal's works written when he was still alive and then throughout the twentieth century the author of Nieve whom Marinello considered one of the most representative Modernists of Hispano America scholars will find a unique critical archive for its comprehensiveness which invites one to rethink through Casal the modernista canon the relationship between literature and politics modernismo modernity the autonomy of the art decadentism in Hispano America the representations of eroticism and sexuality in Modernismo the relation between high culture and popular culture the construction and debates of identities Cuban Hispano American Specialists enthusiastic scholars and professors dedicated to the teaching of nineteenth century literature and culture in Hispano American will want to have this edition for its value as an archive and a critical source and one of knowledge about the time Along with the anthologies of Juana Borrero and Bonifacio Byrne also compiled by Moran and published by Stockcero the volume dedicated to Casal expands still more the possibilities of re evaluating Cuban Modernismo and even Hispano American Modernism facilitating new lines of investigation that seek to extend and to complicate the relationship between the most canonical figures and geographical areas of Modernismo and those that are still considered peripheral
