Masculinities Without Men Female Masculinity In Twentieth Century Fictions:

Masculinities without Men? Jean Bobby Noble, 2010-10-01 Conventional ideas about gender and sexuality dictate that people born with male bodies naturally possess both a man's identity and a man's right to authority. Recent scholarship in the field of gender studies however exposes the complex political technologies that construct gender as a supposedly unchanging biological essence with self-evident links to physicality, identity and power. In *Masculinities without Men* Jean Bobby Noble explores how the construction of gender was thrown into crisis during the twentieth century resulting in a permanent rupture in the sex/gender system and how masculinity became an unstable category altered across time, region, social class and ethnicity. This groundbreaking study maps historical similarities in fictional, cultural and representational practices between the periods of modernism and postmodernism. Noble examines nineteenth-century sexology, drama and trial transcripts and late twentieth-century counter-cultural fiction, popular film and documentaries and theoretical texts. Among the works analyzed closely are texts that have been the focus of lesbian, queer and feminist theory: Radclyffe Hall's *The Well of Loneliness*, Leslie Feinberg's *Stone Butch Blues* and the film *Boys Don't Cry*. These as Noble illustrates make use of similar types of narratives, structures and thematic techniques to articulate female masculinity. Also included is an exploration of Rose Tremain's *Sacred Country* which has never before been studied within this context. Through a critical examination of these texts Noble demonstrates that trans-gendered and trans-sexual masculinity began to emerge as a unique category in late twentieth-century fiction, distinct from lesbian or female masculinity. Of interest to scholars and students with an interest in sexuality and gender studies *Masculinities without Men* also makes a vital contribution to literary criticism as well as to cultural and film studies.

Masculinities Without Men, Female Masculinity in Twentieth-century Fictions, 2000 Richard Ford and the Fiction of Masculinities Josep M. Armengol, 2010
Richard Ford and the Fiction of Masculinities demonstrates how contemporary U.S. novelist Richard Ford, winner of the Pulitzer Prize for literature, rewrites gender and in particular masculinity from highly subversive and innovative perspectives. Josep M. Armengol analyzes the construction as well as the deconstruction of masculinity in all of Ford's major fictional texts to date ranging from *A Piece of My Heart* to *The Sportswriter* to *The Lay of the Land*. Given its simultaneous critique of traditional masculinity and its depiction of alternative models of being a man, Ford's fiction is shown to be

particularly interesting from a men's studies perspective which aims not only to undermine patriarchal masculinity but also to look for new non hierarchical and more egalitarian models of being a man in contemporary U S culture and literature By framing Ford's contemporary representations of masculinity within a more general context of American literature this book reveals how his texts continue along a trajectory of earlier American fiction while they also re examine masculinity in new more complex ways Richard Ford and the Fiction of Masculinities contributes to the much needed revision of men and masculinities in U S literature and especially Richard Ford's fiction where constructions of gender and masculinity remain paradoxically enough largely unexplored

Queer Masculinities John Landreau, Nelson Rodriguez, 2011-09-28 Queer Masculinities A Critical Reader in Education is a substantial addition to the discussion of queer masculinities of the interplay between queer masculinities and education and to the political gender discourse as a whole Enriching the discourse of masculinity politics the cross section of scholarly interrogations of the complexities and contradictions of queer masculinities in education demonstrates that any serious study of masculinity hegemonic or otherwise must consider the theoretical and political contributions that the concept of queer masculinity makes to a more comprehensive and nuanced understanding of masculinity itself The essays adopt a range of approaches from empirical studies to reflective theorizing and address themselves to three separate educational realms the K 12 level the collegiate level and the level in popular culture which could be called cultural pedagogy The wealth of detailed analysis includes for example the notion that normative expectations and projections on the part of teachers and administrators unnecessarily reinforce the values and behaviors of heteronormative masculinity creating an institutionalized loop that disciplines masculinity At the same time and for this very reason schools represent an opportunity to provide a setting where a broader menu can be introduced and gender sexual meanings expressions and experiences boys encounter can create new possibilities of what it can mean to be male At the collegiate level chapters include analysis of what the authors call homosexualization of heterosexual men on the university dance floor while the chapters of the third section on popular culture include a fascinating analysis of the construction of queer counternarratives that can be constructed watching TV shows of apparently hegemonic bent In all this volume's breadth and detail make it a landmark publication in the study of queer masculinities and thus in critical masculinity studies as a whole

Red Light Labour Elya M.

Durisin, Emily van der Meulen, Chris Bruckert, 2018-09-01 In 2013 the Supreme Court ruled in *Canada v Bedford* that key prostitution laws were unconstitutional. The decision provoked wide interest but little new insight into sex work. *Red Light Labour* addresses Canada's new legal regime regulating sex work through the analysis of past and present policy approaches and consideration of how laws and those who uphold them have constructed controlled and criminalized sex workers, their clients, and their workspaces. This groundbreaking collection also offers nuanced interpretations of commercial sexual labour that foreground the personal perspectives of workers and activists. The contributors highlight the struggle for civic and social inclusion by considering sex workers' advocacy tactics, successes, and challenges. *Red Light Labour* promotes social and economic justice within a sex work as labour framework. This book is a timely intervention that showcases up-to-date legal policy and social analysis of sex work in Canada. **Ethnomusicology, Queerness, Masculinity** Stephen

Amico, 2023-11-02 This open access book explores the disciplinary, disciplined, and recent interdisciplinary sites and productions of ethnomusicology and queerness, arguing that both academic realms are founded upon a destructive masculinity indissolubly linked to coloniality and epistemic hegemony and marked by a monologic, ethnocentric silencing of embodied same-sex desire. Ethnomusicology's fetishization of masculinizing fieldwork, queerness's functioning as Anglophone master category, and both domains' devaluation of sensuality and experience concomitant with an adherence to provincial Western conceptions of knowledge production are revealed as precluding the possibilities for equitable dialogic pluriversality. Enlisting the sonic as theoretical intervention, the disciplined, disciplining, ethno, and queer are reimagined in relation to negative emotions and intractable affect, ultimately vanquished and replaced by explorations of sound, sexuality, and experiential somaticity within a protean postdisciplinary space of material epistemic equity. This uncompromising long-overdue critique will be of interest to researchers and students from numerous theoretical backgrounds, including music, sound, gender, queer, and postcolonial/decolonial studies. *We Still Demand!* Patrizia Gentile, Gary Kinsman, L. Pauline

Rankin, 2017-01-31 *We Still Demand* recovers vibrant and unsung histories of sex and gender activism across Canada from the 1970s to the present. Departing from conventional accounts, this book demonstrates the varied nature of resistance and the productive power of remembering sex and gender struggles. In attending to the records and accounts that have slipped out of view, it also redraws the boundaries between activism and scholarship. The first part of the book remembers these struggles. Drawing on a rich history of activism, the contributors recall 1970s same-sex marriage activism, early queer union organizing, organizing against police repression, early trans organizing, the emergence of dyke marches, the organization of black queer space at Toronto Pride events. The second part of the book rethinks past and current struggles. The authors address gender passing in historical research, lesbian/s/m/porn sex worker organizing, problems with organizing against human trafficking, queer immigration and refugee struggles, and trans identity. By recovering the history of activism and outlining contemporary challenges, *We Still Demand* provides a vital rewriting of the history of sex and gender activism that

will enlighten current struggles and activate new forms of resistance
